Sands Expo & Convention Center

Las Vegas, Nevada

Policy for Food and Beverage Distribution at ANI 2014

The Southern Nevada Health District has enforced strict new regulations in regards to distribution of outside Food and Beverage for events held at the Venetian/Palazzo and Sands Expo Center.

Absolutely no outside food and beverage will be allowed to be distributed on the show floor.

If an exhibitor violates this policy, than a post event permit will have to be purchased, accompanied by hefty violation fines.

The only food and/or beverage which may be provided is that which is ordered through the Sands Expo, Venetian/Palazzo Catering department. A form for this will be enclosed in the forthcoming Exhibitor Services Manual.

The only exception to this rule is for small Manufactured WRAPPED candy. A permit is not required for that.

Please communicate this information to anyone involved in your booth activity plans.

Should you have a any questions on this policy, or need clarification on what is acceptable, please contact Angela Orlando, CMP at 708-492-3332 or aorlando@hfma.org .

We thank you in advance for your cooperation.
