

ANI Exhibit Hall Raffle – New Format – More Exposure!

We're revamping the popular ANI Raffle Card this year, in an effort to provide more exposure for our prize donating companies. It's our way of thanking you for your generous donation.

This year's raffle prize winners, which will be drawn at the end of each of the four exhibit hall sessions, will be directed to go to the donating exhibitor's booth to claim their prize, giving your company the opportunity to have additional face time with ANI attendees.

We will also pre-promote your company name, booth number and donation through multiple outlets, including on-site signage, printed materials and an identifying placard for you to post in your booth, letting attendees know that you are an ANI RAFFLE PRIZE DONOR. You will also still continue to receive verbal recognition when your prize comes up in the drawing from the HFMA Stage in the Exhibit Hall.

In order to provide you with as much exposure as possible, we are asking that you complete and return the form below, no later than Friday, April 11th. Extensions may be granted, however exposure levels may decrease after this deadline.
