Be sure to mark the name of your company/brand AND booth number on all packages, also include the name and mobile phone number of a person who will be at the show. FAQ: BOOTH cont.

Q. WHAT TYPE OF SECURITY IS PROVIDED?

A. There is peripheral security during the show. However, security for an individual booth and its contents is the responsibility of each Exhibitor.

Please note some helpful suggestions:

- Do not leave one-of-a-kind samples, pairs of shoes, expensive jewelry, leathers or small items unattended at any time and remove them on a nightly basis.
- Rent Booth Seal Security System to secure your entire booth – Pre-order through GES and pick-up onsite
- Hire a security guard
- Display items can be rendered valueless by deliberate, but hidden damage.
- Do not list contents on outside of boxes. (e.g.: Box #1- Personal Computer)
- Carry a detailed list of what you ship, in which box it was packed, and repack it in the same manner. Keep a copy in your office and check your shipment when it returns.

At the end of the show, there is little or no security, therefore, the following is recommended:

1. **Hire a security company.**
 - a. **Hand carried items only can be secured for you in a designated area until you arrive at the show.**
 - b. **Have a guard or sales personnel remain in your booth until your freight carrier picks up the merchandise. Forms are available in this manual under the “Authorized Contractors” tab to hire security.**
2. **Make sure that someone remains in your booth until your freight carrier picks up your merchandise. If you are only shipping small packages, take them yourself to a Fed-Ex or UPS location.**

FN PLATFORM

FAQ: BOOTH cont.

Q. DOES POWER COME WITH MY BOOTH?

A. Yes, power is included in every booth package however, the amount of power depends on the size of the booth. Power provided with your booth package is placed along the back wall of your booth, typically ONE small box per booth, the # of outlets included is based upon your booth size. If you need power along a different wall, in the center/front of your booth, or to be distributed to various locations within your booth, you will need to order Electrical Services Labor from GES to run the power where you want it in your booth. Please refer to form E-3 in the Utilities Section of this Exhibitor Services Manual for pricing and information.

Q. CAN I CUSTOMIZE THE INTERIOR OF MY BOOTH?

A. It is mandatory that ANY custom walls you plan to build are only 8ft high or lower, and set **INSIDE** of the booth package walls provided for you. **Custom walls cannot be set at the aisle line or booth boundary.** Additional restrictions for custom booth walls may apply depending on booth location and configuration, please refer to the Booth Customization section of this manual. Approval for customized interiors using **any** type of hard wall system **MUST** be approved by Show Management in writing. **Interior dimensions for each booth are NOT the same as the booth measurements on your contract.** It is your responsibility to request accurate internal booth measurements from Show Management.

If you are using low or short custom walls or furnishings (shelves, tables, desks, credenzas, consoles, etc.) which you would like to set up along your booth perimeter, they must be set one (1) foot into your booth (from the booth line). You cannot remove booth package walls if you are an inline booth. You do have the option to opt out of the booth package furniture and bring in your own furnishings, and you may also opt-out of the booth package carpeting, however **custom raised flooring of any kind is NOT allowed in FN PLATFORM.** The opt-out forms are included in this manual and are due to GES no later than Tuesday, July 26. Accessories and other décor items may be useful in creating a unique display for your brand and are encouraged. **Any décor changes made in the booth are at the exhibitor's cost.**

A diagram of all custom booth designs and/or modifications must first be sent to Show Management for written approval prior to the show. Modifications should not be made until approval is received in writing.

Q. CAN I CUSTOMIZE THE EXTERIOR OF MY BOOTH?

A. In the spirit of maintaining a clean and upscale look for FN PLATFORM, we ask that NO exhibitor place signs, banners, custom graphics or any kind of branding on the exterior of their booth. No branding is allowed on the ½ meter return panel located at the front of your booth. **The ONLY approved exterior signage is the Lighted Branding Wall (Light Box) available through GES—orders can be placed through the FN PLATFORM Exhibitor Service Manual.** Hanging signs are NOT allowed in FN PLATFORM, regardless of booth size or location.

FN PLATFORM

MOVE IN and MOVE OUT

MOVE IN

General move in is Sunday, August 14, 8:00 am – 8:00 pm*. Certain aisles are marked “No Freight.” These aisles may not be obstructed at any time.

*Requests for early move in approval should be submitted via the GES Expresso site - [Early Move-in Request](#)

Hand-Carried Merchandise - All hand-carried products for those exhibiting in the South Hall must enter and exit through the main, public entrances of the exhibit hall, not the loading docks. “Hand-carried” is defined as that which can be transferred by one person (not two people carrying together). No freight handling equipment (dollies, carts, etc.) may be used. If you have more product that you can carry, you should consider using Cartload Service (listed below) to get your product to your booth.

Cartload Service – If you have too much product to carry from your car or a taxi, for \$76.37 GES will provide labor to unload from your car and deliver to your booth one cart-load (200-lbs. or 8 piece maximum) of merchandise. If you are interested in this service, look for the Cart-Load Kiosk located outside the South Hall of the Las Vegas Convention Center by the shuttle bus parking. A GES representative will be there to assist you. Any large vehicles (one ton & over) will be directed to the Marshaling yard. **Unloading at the front doors of the South Hall is not permitted.**

Everyone must leave the exhibit halls by 10:00 p.m. on Sunday, August 14. Cleaning or removal of excessive trash, boxes, unused display equipment, etc. in the aisles after 8:00 p.m. on Sunday, August 14 will be invoiced to the exhibitor responsible. The Fire Marshal will not permit the show to open if there are any cartons, boxes or equipment in the aisles.

MOVE OUT

Breakdown starts at **6:00 pm** Wednesday, August 17, not before. Empty crates, cartons, boxes, cases, etc. will not be permitted in the hall until the close of the show. Any display or part of a display broken down prior to this time will cause the exhibiting company to jeopardize future participation. **In the interest of the many buyers who plan to work the show until it closes, all exhibitors are required to keep their booth intact and open for business until 6:00 p.m. Fines will be issued for all who do not comply.** Please make sure your post-event travel plans allow you to staff your booth until the show closes.

All displays must be packed, crated and a bill of lading turned in to GES by 12:00 noon Thursday, August 18. All trucks must sign in at the marshaling yard by 12:00 noon on Thursday, August 18. Empty crates, cartons, boxes, cases, etc. will not be permitted in the hall until the close of the show.

Unless you are hand-carrying your items out of the show, EVERY booth must fill-out a “Bill of Lading” with GES, no matter who the outbound carrier is. Without a bill of lading, GES cannot help track any packages that are missing after the show.

**** IF YOU ARE USING GES FOR YOUR OUTBOUND LOGISTICS NEEDS, WE STRONGLY SUGGEST THAT SOMEONE STAY IN THE BOOTH UNTIL A GES REPRESENTATIVE HAS PERSONALLY ACCOUNTED FOR YOUR ITEMS. DO NOT LEAVE YOUR SHIPMENT IN YOUR BOOTH UNATTENDED.***

Rolling Case Check – On Wednesday, August 17, FN PLATFORM will offer Rolling Case/Empty Sample Case storage located at the front entrance of FN PLATFORM. **Note: This does not include in-out privileges. Storage will open at 6:00 for pick up.**

Personal Baggage Check - The LVCC provides personal baggage storage on site within the FedEx Business Centers. For the South Halls it is located at the main entrance of the FN PLATFORM floor.
