

BOOTH PACKAGE WALL GRAPHICS INFORMATION

Exhibitors choosing to apply graphics to the standard booth package walls must follow the rules as stated below:

- Must cover entire panel.
- Must be on the interior of booth only
- Material must be have a solid white backing with no graphics so as not to show design or branding through to neighboring exhibitors' booth(s) or aisle.
- Nothing else may be taped, glued, stuck, staples, tacked, clipped or attached in any way to any of the walls or furniture.
- Due to the height of the booth package, GES labor must install and dismantle booth graphics.
- May not contain nudity.

If wall graphics or any other signage is attached to wall panels in violation of these rules, Exhibitor will be billed for full equipment replacement costs.

Due to fire marshal, electrical and structural requirements, actual booth working space and dimension may vary. Please contact GES for exact dimensions for your booth.

GES GRAPHICS:

All wall graphics produced by GES include the clips to attach the graphics to the booth package and labor to install and dismantle.

- 1.5" of bleed at the top that will not be visible
- 4" pocket at the top and bottom that will house a metal bar to provide tension
