Easy Ordering Tips:

- An authorized company representative must be present at the time of delivery to your booth to inventory the items and to sign for receipt of items. Delivery hours may be restricted, check with the representatives at the cold storage desk. An advance deposit is required to guarantee storage reservations.
- It is very important to use the Specially Coded Label that is provided in this manual. This ensures perishable items are delivered to the trailers for cold storage when they arrive.
- Shipments will be accepted beginning at 8:00 AM, Sunday, March 24, 2019
- Straight Time: Monday through Friday from 8:00 AM to 5:00 PM
- Overtime: All other times Monday through Friday. All day Saturday, Sunday & Holidays.

Step 1. Order Storage

Storage Rates

- Minimum of 1 Skid or 30 cubic feet per day. Storage charges begin on the day the shipment is received. Labor for delivery is not included.
- Please confirm delivery arrangements the day before delivery of stored material is required at the storage control center.
- A work order must be placed at the storage control center each time material is moved to or from storage. The work order must be signed by a representative of the Exhibitor when delivery is made.
- During Show days, with the massive congestion in the aisles, it will take an additional amount of time for deliveries and it will be necessary to use a minimum of two laborers.
- An advance deposit is required to guarantee storage reservations. Please send a deposit of \$183.50 with your storage order. The deposit will not be refunded if storage reservation is cancelled less than two (2) weeks prior to the show.

Storage is billed per Cubic foot, per day

Cubic footage is determined as follows: Determine measurements of each piece in inches and multiply the width times the length times the height. Divide this figure by 1,728. Example: 10 cartons 24" x 16" x 13.5" = 5,184 (5,184 ÷ 1,728 = 3 cubic feet each x 10 cartons = 30 cubic feet). Storage required would be 1 Skid or 30 cubic feet.

Calculate Cubic Footage:

_____ x _____ x _____ ÷ 1728 = _____
Width Length Height Cubic Footage

Item Code	Description	Rate (\$)	X # of Cubic Ft.*	X # Days	Total
200515	Storage, Refrigerated, per cubic foot, per day	29.00			\$
200514	Storage, Frozen, per cubic foot, per day	29.00			\$
Food Storage Deposit			183.50	\$	

* Minimum of 1 Skid or 30 cubic feet. We understand that your calculation is only an estimate. Invoicing will be done from actual size. Adjustments will be made accordingly.

Step 2. Storage Details

The items to be stored will be arriving on:

Date: _____ Time: _____ (am)(pm)

Please describe your product: _____

Step 3. Order Labor for Deliveries

Item Code	Description	Discount (\$)	Regular (\$)	Show Site (\$)	X # of Workers	X # Hours	= Total
705044	Storage, ST	57.75	85.50	85.50			\$
705044	Storage, OT	96.00	143.75	143.75			\$

Straight time rates are based on a 1 hour lunch break. Management reserves the right to charge overtime rates at 4:30 PM

Hate math? Let Expresso calculate your rates: <https://e.ges.com/011601686/labor/esm>

Step 4. Schedule Deliveries

Starting time can be guaranteed only when labor is requested for the start of the working day. All exhibit labor scheduled at the start of the working day will be dispatched to booth space. For all other starting times, check in at the labor desk one-half (½) hour before time requested. Labor cancelled without a 24 hour notice shall be charged a one (1) hour cancellation fee per worker. If Exhibitor fails to use the workers at the time confirmed, a one (1) hour “No-Show” charge per worker will apply.

The minimum charge for labor is one (1) hour per worker. Labor thereafter is charged in half (½) hour increments. Gratuities in any form, including cash, gifts, or labor hours for work not actually performed are prohibited by GES. GES requires the highest standards of integrity from all employees. Please call our confidential Always Honest hotline at 866.225.8230 to report fraudulent or unethical behavior. All rates are subject to change if necessitated by increased labor and material costs.

Please estimate the number of workers and hours per worker needed for installation. Invoice will be calculated according to actual hours worked, relative to the original estimate and based upon the date received. Additional labor required will be calculated and invoiced at the show site rate.
