

## BOOTH CONSTRUCTION REGULATIONS & DIAGRAMS

### SPLIT-ISLAND PENINSULA BOOTH

**SPLIT-ISLAND PENINSULA BOOTH:** a Peninsula Booth that shares a common back wall with another Peninsula Booth and that is 20' x 20' or larger.

- Maximum height of 12', (or higher with Show Management approval.) Booth presence (including signs/graphics) can be 20' with Show Management pre-approval.
- If you have a hanging sign, there must be at least 3' clearance from the top of the booth to the bottom of the sign and your entire booth presence cannot exceed 20'. Hanging sign must be 10' from the adjacent booth. The width of any hanging or attached signs should not exceed 50% of the booth width.
- If you have any type of interactive display, you must have a 3' clearance from the aisle(s) to allow for crowds.
- Any portion of the booth bordering another exhibitor's booth must have a finished back side and must not carry identification signs or other copy that would detract from the adjoining exhibit.
- Please bring all US Engineer-stamped, approved plans on-site for the Fire Marshal. The Fire Marshal reserves the right to deny booth construction without these plans.

**\*\*Booths with structures 12 feet or taller must submit an engineer stamped booth rendering plan.\*\***

**\*\*Booths 10' x 20' or larger are required to submit a Booth Rendering. See Booth Rules & Regulations for details.\*\***
