Wooden Packaging Requirements

All solid wood packaging containers shipping into the USA must comply with the U.S. Department of Agriculture standards. The Final Rule concerning the importation of wood packaging material (WPM) can be found at:

http://www.aphis.usda.gov/import_export/plants/plant_imports/downloads/wpm_docket02-032-3.pdf

Types of wood that are exempt are manufactured wood such as plywood, veneer, and fiberboard/OSB. If your shipping containers do not comply, they will be returned to the origin country and fines could be assessed. All charges; penalties, storage fees, processing fees, and fines will be at the expense of the exhibitor

ISF (10+2) Requirements

For security purposes United States Customs and Border Protection (CBP) requires cargo information to be transmitted to the agency at least 24 hours before goods are loaded onto an ocean vessel for shipment into the U.S. 10+2 is pursuant to section 203 of the SAFE Port Act, and requires importers to provide 10 data elements to CBP, as well as 2 more data elements from the carrier. PGL will not be held liable for any non-compliance for not filing the ISF for any exhibitor and or client. In case ISF has been filed late or not at all the exhibitor must provide a Letter of Credit for a minimum amount of US\$ 10,000.00 to US Customs. For more information go to:

<http://www.cbp.gov/border-security/ports-entry/cargosecurity/importer-security-filing-102>
