EXHIBITOR REGISTRATION INSTRUCTIONS

Please note: Your organization is a confirmed exhibitor for the CLEANPOWER 2020 Conference and Exhibition; however, you still need to register the individuals who will be attending.

Visit <https://www.cleanpowerexpo.org/register/exhibitor-registration> for additional registration details.

There is a single registration pass providing all registrants (attendees and exhibitors) with access to the exhibition, plus all of the education stations on the show floor. Each exhibiting company has an allotment of free passes that you may use for your own staff, or for any customers you would like to host at the event.

New for this year there is an exhibitor portal for the main contacts at each exhibiting company. Log into the portal with your A2Z password and you can redeem your free passes by re-registering employees that attended last year or by registering new staff attending. The portal also includes your current roster of staff registrants and a group registration list if you'd prefer. If you need a reminder of your password, email conference@awea.org
