AutoMobility LA[™] Information and Order Forms

Dear Exhibitor,

On behalf of the entire LA Auto Show team, welcome to the 2017 AutoMobility LA and the LA Auto Show.

We look forward to working with you and your staff to provide excellent experience at this year's event.

Featuring AutoMobility LA for the second year, the Technology Pavilion, located on-site at the LA Convention Center, will be home to a number of presentations, panel discussions, keynotes and exhibit spaces. This area will open on Monday, November 27th to host our networking reception and kickoff party.

If there is anything at all I can assist you with, please do not hesitate to contact me directly.

Thank you for your partnership- we appreciate it.

Sincerely,

Terri Toennies Executive Vice President & General Manager AutoMobility LA & the LA Auto Show

MOVE-IN & MOVE-OUT

Move-in & Information: Move-in for AutoMobility LA begins on Wednesday, November 22nd from 8:00am through 4:00pm on Monday, November 27th. A welcome networking reception will take place from 5:00pm to 7:00pm on Monday, November 27th inside the Technology Pavillion. Immedialty

Move-out will begin at 7:00pm on Tuesday, November 28th and must be complete by 12 midnight.

Electrical Installation:

The electrical department, GES, will be installing the majority of the electrical power prior to carpet an/or floor installation. Electrical Service Order Forms (power and lighting) must be received with payment on or before Monday, October 30th to qualify for the 20% discount. Orders received after the discount cut-off date will be charged the standard rate. Postmark is not honored. For further information regarding the ordering process, please contact Mark Witthoeft at 562.370.1605 or via email at mwitthoeft@ges.com.

Drayage/ Material Handling:

Drayage service is a separate cost to each exhibitor and is not included in the basic space rental. Drayage will be invoiced by GES at \$36.60 per hundred weight on weekdays (\$47.58 for special handling/uncrated shipments). A 30% surcharge will apply on Saturday, Sunday, holidays or off-target schedule. This single tare includes both move-in and move-out service.

Because the time available for move-out remains limited, exhibitors will not be assessed any surcharges provided they adhere to the targeted load-out schedule, as has been the practice in previous years. Contact Sonia Trejo at GES for further details at 562.356.3796.

Advance Freight Shipments: Advance freight shipments will be \$95 per two hundredweight on weekdays (\$123.50 for special handling/uncrated shipments). A 30% surcharge will apply on Saturday, Sunday, holidays or off-target schedule. This single rate includes both move-in and move-out service. Refer to page 59. Shipments must arrive at the GES warehouse between October 23rd, 2017 and November 21st 2017. Ship to:

GES ATTN: Sonia Trejo 5560 Katella Ave. Cypress, CA 90630 USA

Literature Only Shipments:

Do not ship literature or plastic bags for delivery to the convention center during move-in days. All literature and plastic bags must be shipped to the official decorator's warehouse no later than Thursday, November 16th to the address below:

> GFS AutoMobility LA (Make) (Space #) 5560 Katella Avenue Cypress, CA 90630

A Special rate of \$30 per hundred weight has been set for literature delivered to the warehouse only. Delivery will be coordinated directly with your installation company.

Literature Storage:

Since there is no storage are inside the convention center, literature, plastic bags, etc., will be stored in trailers outside the convention center. Exhibitors have two options:

- Store all materials that you need for the 1. entire show at your exhibit space (you will need to confirm that the storage location and method is acceptable to the fire department and Show Management).
- Store the materials in the trailers outside and make advance delivery orders from GES. Deliveries can be made each day prior to the show's opening. During show hours the trailers will be locked and no deliveries will be allowed. Exhibitor personnel will not be permitted inside the trailers due to safety and liability concerns.

Carpeting & Floor Coverings: Flooring will be provided by the show producer. Should exhibitors want different flooring, exhibitors will need to are arrange their own carpeting or alternative floor covering (refer to pages 64-65). United Maintenance is the show's official cleaning contractor and must exclusively handle daily vacuuming/cleaning (see United Maintenance Cleaning Order Form on page 39). Installation of carpeting must be complete prior to unloading of freight properties (exception: sub-floor construction).

Overtime Installation Work:

Due to security scheduling, exhibitors requiring additional hours beyond 4:30pm must notify Show Management by 2:00pm each day. In addition, exhibitors may be required to share the labor costs related to GES supervisor time to cover after hour(s) work.

Vehicle Move-in:

Vehicle Move-in will begin on Monday, November 27th from 8am - 3pm.

Vehicle Move-Out:

No Exhibitor may attach plates, reconnect batteries or otherwise prepare vehicles for move-out until the halls have been cleared. No vehicle may be moved until Show Management grants permission.

Exhibit Completion:

All exhibits must be completed and "show ready" by 4:00pm on Monday, November 27th.

Exhibit Dismantling & Freight Load-out:

Dismantle will begin at 7:00pm on Tuesday, November 28th.

MOVE-IN & MOVE-OUT

Working Wristbands: AutoMobility LA will use wristbands for security and access purposes (during the set-up, tear down and non-show hours). Wristbands can be shipped in advance or picked up on site. A photo ID is required to pick up wristbands or any credentials. A Wristband Request Sheet will be sent out by Show Management at the end of August. The appropriate wristband must be worn and easily visible on the wrist in order to gain access to the exhibit hall.

It will be the responsibility of the supervisor to distribute the appropriate color wristbands to their working personnel.

Wristbands will be handled by Joceline Arnold: joceline@laautoshow.com

RULES & REGULATIONS

Exhibitor agrees to abide by the Rules and Regulations stated within these Terms and Conditions, Rules and Regulations included in the Exhibitor/s Kit and Rules and Regulations communicated to Exhibitor by Licensor in writing prior to or during the show. *Exhibitor must submit floor plans to Licensor for review, in addition to isometric drawings and renderings whenever possible, no later than September 25th*. Licensor will review floor plans as they relate to Licensor defined rules and regulations. Exhibitor must also submit floor plans to the Fire Marshall and the Los Angeles Convention Center for approval related to emergency egress, structure integrity, etc.

1. EXHIBIT STRUCTURES

All Structures and related sub-assemblies must be designed, assembled and configured so that the entire exhibit project and all related components are "structurally sound" and "seismically stable", Furthermore, all said structures must be designed and built as per all applicable national, state, local building and fire codes. The maximum height for exhibit structures is 12 feet.

2. OVERHEAD COVERING

Exhibitor must comply with Fire Department regulations for overhead coverings, which have been updated to allow for additional overhead scrims. Any fabric covering/canopy must have a CA Fabric Permit submitted to the Fire Marshall.

3. <u>GROUND OR CEILING SUPPORTED LIGHTING</u> <u>& RIGGING</u>

Ground or ceiling available pending approval by Kelly Green/ GES

The following outlines the move-in/move-out procedures and areas or jurisdiction for the installation of supplemental lighting systems.

 RIGGIING, TRUSS ASSEMBLY & DISMANTLE All rigging, truss assembly and dismantle must be arranged through Sonia Trejo. The date(s) and time of installation shall be prearranged and coordinated by GES.

- RIGGING PLANS & LOAD CALCULATIONS Submit all plans, drawings and load requirements to Joceline Arnold for review and approval no later than Thursday, September 25th. Joceline Arnold can be reached at <u>Joceline@laautoshow.com</u> or via telephone 310.444,1850, Load requirements are to include the calculated weight at each hang point and the required electrical service (volts, amps, phase).
- 3. INSTALLATION SCHEDULE Due to limited space and lift equipment, the installation schedule of said lighting will be coordinated and established by Sonia Trejo. The date(s) and time of installation shall be determined as the labor requirements are known and on a first- come, first- served basis. Light focusing and ultimate dismantle shall be arranged in the same manner.

4. SIGNS, BANNERS AND PENNANTS

Floor supported branded/corporate signage that exceeds a height of 10 feet and a maximum width of 3 feet must be no closer than 5 feet from an aisle and/or a neighboring exhibit. Depending upon other dimensions and visual impact, hanging and/or floor-supported signs may be considered exhibit properties and subject to the easements outlined in this section. Corporate signage or other branding that goes "into" neighboring exhibits, from walls or structures along exhibit borders, must be identified on floor plans and preapproved by Licensor.

5. MOVING MECHANISMS

No exhibitor may show any mechanism in operation if it is noisy or objectionable to Licensor. All moving mechanism must be adequately protected by the Exhibitor to prevent injury to any person.

6. LUBRICATION SYSTEMS

Lubrication system and parts must be drained or treated so that lubrication will not drip onto the floor or otherwise damage the building.

7. ELECTRICAL WORK

All electrical and sign work in connection with exhibits must conform strictly to the rules and regulations of the National Electrical Code and the local Building Code. All such work is subject to supervision and direction of building management and shall be paid for by the individual Exhibitor.

8. EXHIBIT COMPLETION

Exhibits must be completed according to the schedule published by Licensor.

9. STAFFING AND PERSONNEL

At all times during show hours, Exhibitor shall, at its sole expense, provide personnel to supervise the Exhibit Space. Each morning, exhibits should be staffed and ready 30 minutes prior to show's opening and remain occupied until the close of the show each evening. Attendants, Product Specialists, exhibit personnel and other employees should wear appropriate apparel at all times.

10. DISPLAY VEHICLES

Contact Licensor for specific fire department regulations pertaining to compressed gaseous (propane, natural gas, hydrogen, etc.) fuel tanks.

- a. Batteries in exhibit vehicles must be, and remain, disconnected and the cables and terminals must be taped to prevent accidental starting of vehicles. In lieu of disconnecting the battery, Exhibitor may utilize an alternative starter prevent method, with prior approval from Licensor.
- b. Fuel tanks must not have more than 1/4 tank of fuel. Fuel tank caps must be securely taped or locking caps or fuel doors must be used. Vendors are to provide proper jacks/ lifting devices to move vehicles through public areas.
- c. Alarm systems must be deactivated.

11. PERFORMANCE OF MUSIC PROTECTED BY COPYRIGHT OR LICENSING AGREEMENTS

Music played or performed by an Exhibitor requires appropriate licenses from music licensing organizations (ASCAP, BMI, SESAC) and such licenses delivered to LA Auto Show no less than 30 days prior to the Auto Show. Exhibitors shall indemnify LA Auto Show for all expenses, including without limitation penalties, fines, judgments or awards and attorney fees incurred by LA Auto Show as a result of a breach of this provision by an Exhibitor.

12. SOUND LEVELS

Show Management reserves the right to regulate and restrict exhibits to a reasonable noise level. No exhibitor shall produce peak or continuous sound levels exceeding 85dB, measured from any adjacent aisle or exhibit. The sound level limitation may be raised or lowered at the discretion of the Licensor.

13. PRESENTATIONS

The platform or display property from which a presentation is to be made should be placed, preferably, toward the rear of the exhibit space. It must be positioned so that crowds are in the exhibit space and not in the aisles. Narration must be limited to a sound level that will not significantly interfere with neighboring exhibitors. Licensor reserves the right to limit the amount of material that may occupy any space at any given time.

a. Video presentation content must be devoted exclusively to the business of the Exhibitor. Exhibitors will not be permitted to present live musical shows within their exhibit areas. This restriction prohibits the use of live musicians and singers, but does not prohibit the use of narrators or dancers to demonstrate product features.

14. SECURITY

Licensor assumes no responsibility for loss or damage to vehicles or property, but may provide guards for general security. Should an exhibitor have a security concern the exhibitor may order security personnel to patrol their area, either during show hours or on a 24-hour basis. All security must be secured through LA Auto Show by contacting Linda Ginoza at <u>linda@laautoshow.com</u> or by calling

310.444.1850

15. FOOD AND BEVERAGE

Levy Restaurants has an exclusive license to sell and handle all food at the LA Convention Center and Technology Pavilion. Exhibitors are not allowed to sell or offer complimentary food or beverage items unless pre-approved in writing by Licensor and arranged through Levy. Drinking fountains and water coolers, other than those permanently installed in the building are not permitted.

16. BALLOONS

Exhibitor distribution of helium balloons is not allowed. Balloons of compressed air are permitted.

17. DECALS

Decals and/or stickers may not be offered to attendees free of charge. Exhibitor may sell or include them with purchase of another item.

18. SPECIAL CHANGES

Licensor reserves the right to make any changes, which it may deem desirable or necessary for the general interest of all exhibitors.

19. VIOLATIONS

Any violation of these Rules & Regulations by Exhibitor will cause a termination of such Exhibitor's rights to use its exhibit space. Licensor may reenter and take possession of the space occupied by the Exhibitor and remove all persons and goods at the exhibitor's own risk and expense. Licensor shall not be subject to any liability therefore.

Any matters not covered by these Rules & regulations or any exceptions thereto are subject to the sole discretion of Licensor.

INSURANCE REQUIREMENTS

ALL Exhibitors and Exhibitor appointed Contractors are required to carry Commercial liability insurance. This insurance protects your company from claims that could arise if someone were to injure himself or herself or someone else while in or around your exhibit.

REQUIREMENTS:

- Exhibitors must obtain general liability insurance with limits not less than Two Million Dollars on a Per Occurrence basis of bodily injury, death and property damage.
- 2. The certificate holder must be listed as:

ANSA Productions, Inc. DBA: AutoMobility LA 801 S. Grand Ave., Suite 375 Los Angeles, CA 90017

3. The Certificate of Insurance (COI) must include the additional insured's listed below:

ANSA Productions, Inc. DBA: AutoMobility LA DBA: Los Angeles Auto Show

 Show dates are not required to be listed, but if needed, the following text may be used to include move-in, move-out, and show days: November 22nd through November 30th

Please submit Certificate of Liability Insurance no later than September 5th 2017 to:

Joceline Arnold AutoMobility LA 801 S. Grand Ave., Suite 375 Los Angeles, CA 90017

 \Rightarrow Along with this certificate, please include the DBA so that we can cross reference to the correct Exhibitor account.

You must provide specific documentations indicating insurance coverage at or above these levels, or your company will not be allowed to set up an exhibit.

INSURANCE:

Exhibitor shall, at its sole cost, obtain and enforce the following insurance protection in connection with the exhibit:

Public liability and property damage a. insurance including general liability, products liability, personal injury, contractual liability and automobile liability coverage's, in the amounts set forth in this paragraph, as will protect Licensor and Exhibitor from claims, demands and liabilities for injuries to or death of person, and for injury to or loss of property, arising directly or indirectly from Exhibitor's setup, or dismantling, or Exhibitor's display properties, or from the use of any portion of the LA Convention Center by or on behalf of the exhibitor, or its principals, constituents, suppliers, subcontractors, manufacturers or employees, or its patrons or invitees. Public liability and property damage insurance under this paragraph shall provide coverage on a per occurrence basis and shall have policy limits of not less

than Two Million Dollars (2,000,000.00) per occurrence of bodily injury or death and property damage. Each insurance policy shall be issued by an insurance carrier rated "A" or higher by A.M. Best Co.

Each policy shall also conform to the following requirements:

- ANSA Productions, Inc., DBA: AutoMobility LA and DBA Los Angeles Auto Show shall be named as Additional Insured's under each and such policy with respect to all liability coverage's.
- o All liability coverages under each such policy shall be primary as to Exhibit and as to the Additional Insured's.
- Each such insurer shall issue an endorsement adding the Additional Insured's with respect to all coverage's, with 30 days notice of cancellation to given by the insurer to each Additional Insured.

All-risk property insurance with a waiver of subrogation shall be obtained by Exhibitor's, covering the full value of all personal and business property in the custody of Exhibitor and its agents (including full replacement value, business interruption, and the loss-of-use coverage's). All claims for property damage, business interruption, loss of use of property, and all other similar losses, for which allrisk property insurance is required to obtain by Exhibitor under this Exhibitor License Agreement, are hereby waived to Licensor, to the Indemnities referred to in paragraph 14 of the Terms and Conditions found within your contract; and to the City of Los Angeles. FIRE SAFETY: LA AUTO SHOW 2017

The following are the Los Angeles City Fire Department's minimum requirements for shows and exhibits in the LACC. No variance or alternate method of compliance shall be permitted from these requirements unless a written request is submitted and approved in writing by the LACC Fire Marshal. All requests for Fire Permits must be submitted 21 days prior to the event.

- The show or exhibit will not be permitted to be open to the public, until all identified hazards have been alleviated.
- Special restrictions may be required to monitor and control hazardous conditions and operations not specifically covered by the above.
- Additional fire protection equipment may be required. It shall be accessible, visible, and ready for immediate use.
- LACC is a non-smoking building. Smoking is prohibited in all areas.
- The use of welding or cutting equipment for "demonstration" requires a written permit from the Fire Department.
- Welding as related to exhibit construction, fabrication, repair, etc., is not allowed anywhere inside the exhibit halls or other interior spaces. Any such work requiring welding must be done outside the facility in a location determined and approved by the Fire Marshal. Licensed Fire Sprinkler contractors are allowed to use approved torches to solder copper pipe connections of automatic fire sprinkler systems inside the halls.
- The demonstration or use of equipment using flammable liquid fuel in buildings is prohibited.
- Combustible liquids shall be used only under permit from the Fire Department. They shall be stored or dispensed from an Underwriting Laboratories (U.L.) approved safety can.
- All exits, hallways, and aisles leading from the building or tents are to be kept clear and unobstructed at all times.
- No exit door shall be locked, bolted, or otherwise fastened or blocked at any time an exhibit building is open for business.
- Any rope, chain, or similar control device that is placed across an aisle or exit path must breakaway to the satisfaction of the Fire Department.
- Rubbish, trash, and waste shall be removed from buildings at the end of each working day. Metal cans will be provided for metal cuttings, and cuttings shall be kept separate from ordinary combustibles.

- All electrical wiring shall be installed as per Los Angeles Building and Safety Department Electrical Code.
- Fire extinguishing equipment must be provided and maintained in all special areas as designated by the Fire Department.
- All sprinklers, standpipe hose cabinets, and fire alarm pull boxes shall be kept clear and unobstructed at all times.
- Cylinders of compressed gas, both combustible and non-combustible, shall be installed only by permit from the Fire Department, and shall be half-charged and firmly secured in an upright position.
- Exit signs must be clearly visible.
- Flammable liquids shall be used only outside under permit from the LACC Fire Marshal. It should be stored or dispensed from an U.L. - approved safety can with a maximum of one (1) day usage or one (1) gallon, whichever is less, per booth.
- Where combustible material cannot be removed from the area of operations, another person, competent in the use of fire extinguishing equipment, shall be assigned the duty of preventing or extinguishing any accidental fire that may occur during such operations.
- All appropriate local, state and federal guidelines shall be followed to appropriately dispose of all hazardous waste materials.

FLOOR PLANS

Exhibits containing enclosed rooms, multi-level structures, dynamic or moving elements, display materials that may affect the manner in which persons can exit from inside the booth, or exhibits that are 400 square feet or larger are required to submit two (2) sets of the following types of plans/drawings: Plan view, elevation views, perspective views (isometric), drawings detailing paths of egress from the booth, covered area plan, and structural drawings as required.

REGISTRATION & LOBBY AREAS

Booth areas/exhibits are prohibited in all public areas except those authorized by the LACC and with a Fire Department permit. Pre-function areas will be utilized for social interaction and pre-registration of attendees prior to attending or entering exhibits and meeting functions. All required exit-width through pre-function spaces will be maintained without obstruction.

Note: Foyers, lobbies, and corridors are not overflow space for the exhibit hall. The actual business of the show must stay within the exhibit hall. Any display that the attendees view but do not interact with, are allowed in foyers and some parts of the lobbies with the approval of the LACC.

Note: Oilcloth, tar paper, sisal paper, nylon, orlon, and certain other plastic materials, cannot be made flame retardant. The use of these items is prohibited.

AISLES & EXITS

All floor plans must incorporate the following aisle and perimeter requirements. No exceptions are allowed without the expressed, written approval of the LACC Fire Marshal.

West Hall A/B and South Hall G/H/J/K (any sections thereof) 10' wide

- Aisles:
 - Perimeter: 15' wide
 - Cross-Aisle: 20' wide (at the center of the hall)

Note: For Halls H/G, cross aisle must run east/west only.

Petree Hall C/D / Concourse Hall E/F

- Aisles:
- 8' wide Perimeter: 10' wide
- 10' wide (at the center of Cross-Aisle: the hall)

Kentia Hall

- Aisles:
 - Perimeter:
 - 15' wide 20' wide (at the center of Cross-Aisle: the hall)

10' wide

Meeting Rooms

Y 🐻 f

- 4'-6" wide Aisles:
- Perimeter: 4'-6' wide
- Cross-Aisle: N/A

Technology Pavilion – Exhibits Use

(Valid for 2017 AutoMobility LA & LA Auto Show)

- Aisles: 10' wide
- . Perimeter: 15' wide
 - Cross-Aisle: 20' wide (at the center of the hall)

Technology Pavilion – Sessions/Non-Exhibit Use

(Valid for 2017 AutoMobility LA & LA Auto Show)

- Aisles: 8' wide
- Perimeter: 10' wide
- Cross-Aisle: 10' wide (at the center of . the hall)

In addition to the above the following regulations must be taken into consideration in regards to aisles and exits:

- Aisles and exit doorways, as designated on approved show plans, shall be kept clear and unobstructed. Chairs, tables, easels, signs, display items, exhibit structures, etc., shall not extend beyond the booth area into exit aisles.
- No exit door shall be locked, bolted, or otherwise fastened or obstructed at any time an exhibit building is open for business.
- There shall be no obstruction blocking exit ways from the building to a public way, such as automobiles parked in front of doorways, barricades placed across sidewalks, carts and pallets in front of doorways, or any similar obstruction.

- A clear access aisle of at least three (3) feet shall be provided to all fire protection appliances, fire alarm boxes, and sprinkler valves.
- Exit ways shall not be obstructed by drapes or any similar obstruction, unless such obstructions are on sliding rings and the color contrasts with the adjacent drapes, walls, or booths.
- Exit signs shall be clearly visible at all times. Drapes, signs, or other similar obstructions shall not cover them.

EXHIBIT BOOTHS

- Covered booths with a cover of at least 100 square feet, but NOT exceeding 750 square feet, shall be protected internally by a smoke detector that will sound a local alarm.
- Covered booths within West Hall AB. South Hall G-K. Technology Pavilion (Valid for 2017 AutoMobility LA & LA Auto Show) and Kentia Hall exceeding 750 square feet shall be protected by a LAFD approved automatic fire sprinkler system. These systems must be installed under permit from the Department of Building and Safety. All portions of the sprinkler system, including the "sprinkler riser" which supplies the water service to the booth, must be installed within the borders of the respective booth space. No portions of the sprinkler system, or any structures or barricades that protect said system are allowed in any portion of an aisle. Sprinkler systems cannot be installed in any other areas of the building. Please refer to Covered Areas and Structure under the LACC Operating Guidelines.
- Vehicles/boats on display that are FOR SALE as part of the particular type of show may not require sprinkler systems. Contact LAFD for permit and approval.
- The total amount of covered area allowed in any separate space such as an exhibit hall, meeting room, or public space is 10% (1/10) of the total usable space.
- Exhibitor booths are prohibited in corridors or lobbies.
- Booths that exceed 750 square feet of space with enclosed perimeter walls will require at least 2 separate exits. Additional exits may be required on a case-by-case basis. Capacity will be computed at 15 square feet per person.

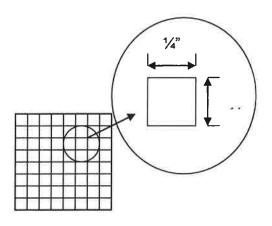

COVERED AREAS

Booths and displays containing structures, canopies, lighting truss, or suspended items that are covered with fabric or solid materials exceeding an accumulated total of 750 sq. ft. may require the installation of an Automatic Fire Sprinkler System (AFSS). The following information will assist you in determining whether or not you require an AFSS, and ways to design around it.

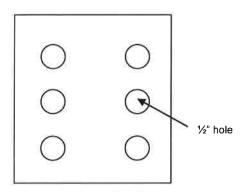

Defining Covered. The term "covered" is defined as any item consisting of covered elements in which the material used for creating the covering has cross sectional openings of less than $\frac{1}{4}$ inch in two dimensions, and/or a construction that results in less than 50% of the material being open.

Materials/components that are considered covered include standard scrim, sharks-tooth, smoke-out, deck structures, stairs, acoustic ceilings, etc. These common components are considered covered because the cross sectional opening of the material is less than ¼ inch.

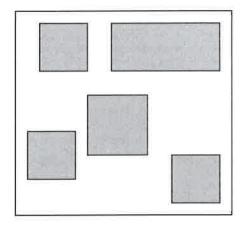

The unobstructed openings in the material must be at least $\frac{1}{2}$ inch in two directions.

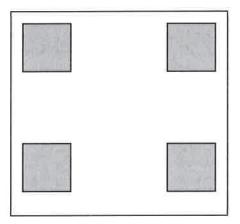

This is an example of steel plating with ½ inch holes. Even though the openings are greater than ¼ inch, this material is considered "covered" due to the majority of the material being covered (less than 50% is open).

Defining Covered Areas. A "Covered Area" is defined as any area containing covered elements that are separated (horizontally) by less than 10 feet. A 50' x 50' booth space that has several covered structures throughout the booth that are all closer than 10 feet (horizontally) would be considered one (1) covered area. However, a 50' x 50' booth space that has four (4) 100 sq. ft. covered structures that are all separated by 10 feet or more would have four separate covered areas within the one booth space.

One (1) Covered Area Covered structures with less than 10 feet of separation.

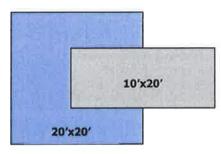

Four (4) Covered Areas Covered structures with 10 feet or more separation.

Allowable Coverage. The maximum amount of covering allowed in any one "area" is 750 square feet (sq. ft.). Any area (as described above) that contains covered elements exceeding 750 sq. ft must be protected with an approved Automatic Fire Sprinkler System (AFSS). No other type of protection is allowed for areas exceeding 750 sq. ft. AFSS's must be installed by a LACC approved California licensed Fire Sprinkler Contractor. In addition to the installation of an AFSS, the strategic placement of fire extinguishers and smoke detectors are required as well. Placement will be determined by the Fire Marshal after reviewing design plans. Areas that have overlapping covered elements are not considered when calculating the amount of square footage in a covered area. Calculations are based on a "plan-view perspective" only.

The amount of covered area in this example is 500 sq. ft. based upon a "Plan-View Perspective". Although the two elements total 600 sq. ft., the overlapping portion is not considered in the covered area calculations.

Designing Guidelines. The key to avoiding an AFSS in large exhibits is to design the booth in such a manner to create multiple "covered areas" by maintaining at least 10 feet of uncovered (horizontal) separation between covered elements of the booth. In a large booth, having four covered structures of 750 sq. ft. is permissible without the need to install an AFSS as long as the covered areas are separated (on all sides) by at least 10 feet.

Creating one covered area that is 1,000 sq. ft. and three others that are 750 sq. ft. or less would result in the need to install an AFSS in the 1,000 sq. ft. area only (the other three would not require an AFSS).

- Neighboring booths must be considered when planning covered elements within 10 feet of the neighboring exhibit. If the neighboring exhibit has a covered structure that is within 10 feet of your structure, then the aggregate total is used to determine the amount of "covered area".
- The total amount of covered area that is allowed in any exhibit hall, or public space cannot exceed 10% of the size of the room as it is configured via the use of airwalls. For example, Petree Hall is 21,500 sq. ft. (when Halls C&D are combined). The maximum amount of ALL cover areas within Petree Hall added together cannot exceed 2,150 sq. ft. (10%). Approvals to build covered areas are given based on the order in which requests containing "complete information" are received. Delaying the submittal of covered area plans may result in the denial to build said covered area.
- Under certain circumstances LACC meeting rooms located on the second level of the Convention Center can be covered up to the lesser of the following two parameters: 70% of the total area of the meeting room, OR, 750 sq. ft. A 24-hour Fire Watch must be established once the covered area has been constructed, until the time it is removed. Show Security personnel shall be used for fire watch duties. There must be a designated officer in the room at all times with a readily available means of communication (i.e., radio or phone) to immediately

contact LACC Security in the event of smoke or fire. If the event has multiple rooms with covered areas, a LAFD Fire Marshal may be required to patrol all of the meeting room spaces and corridors that contain covered areas during the non-show hours of the event.

- Sprinkler systems can only be installed in the South, West, and Kentia halls. Installing sprinkler systems in Concourse Hall, Petree Hall, all meeting rooms and public spaces is not allowed. Therefore, projects must be planned in these areas so that no covered area exceeds 750 sq. ft., and that the covered area is in compliance with the 10% (70% in LACC meeting rooms) requirement mentioned above.
- All fabrics and materials must be certified as "Flame Proof" or "Flame Retardant" by the California State Fire Marshal. Flame proof certificates must be kept in the booth for Fire Marshal review. Flame proofing certificates from other states (or countries) will not be accepted. Material believed to be acceptable but not having a California certificate can be sent to the LAFD Fire Marshal for testing. Test samples should be 12"x12" in size and should be mailed with any other pertinent information to the Fire Marshal at the address listed below.
- Booths containing more than 400 sq. ft. of covered elements are required to submit a "Covered Area Drawing" to the Fire Marshal and the Vice President, Event Services at the address listed below. Send two (2) plan view drawings of the entire booth indicating (by use of color, shading, or pattern) the areas/elements that are covered and the calculated square footage of each covered area. Also include the respective dimensions (in feet & inches) of the structures/elements and the amount of horizontal separation between them. In addition, send perspective/isometric drawings to better define the project. Drawings may be e-mailed in a PDF or JPEG format. Plans must be submitted for ANY proposed covered area in LACC meeting rooms. Plans must show the entire meeting room and the square footage thereof, and the respective design and square footage of the proposed covered elements.
- Non-combustible stages and platforms that do not exceed 5 feet in height "may" be exempt from the 750 sq. ft. limitation provided that no combustible materials or sources of heat are placed under the stage/platform. Projects involving stages/platforms not exceeding 5 feet in height require a covered area drawing to be submitted as indicated above. The covered area plan should denote the height of the platform and use a different shading pattern to distinguish the platform from the other covered elements in the booth.
- LACC fire sprinkler systems shall not be impeded or obstructed. A clearance of 36 inches must be maintained from all LACC sprinkler heads.

- Battery operated smoke detectors must be installed as an early warning device in any covered area that exceeds 100 sq. ft.
- Stairs, ramps, vehicles and/or equipment are considered "covered" and therefore must be included in the covered area calculations.

COVERED AREAS EXCEPTION - LA AUTO SHOW

The Los Angeles Convention Center agrees to add this exception to the Covered Areas guideline specific to the Los Angeles Auto Show. This addendum is written to supplement (not replace) the existing guideline, which supersedes on terms, conditions and definitions not specifically outlined herein,

This exception is valid for 2017 AutoMobility LA & LA Auto Show and is not valid for future events or bookings, unless specifically extended in writing by the Los Angeles Convention Center. This exception to the standard Covered Areas guideline is subject to change at any time.

Exhibitors in these Authorized Areas may cover up the listed "per area" footprint without the use of a fire sprinkler system provided that <u>ALL</u> of the conditions listed below are met.

Authorized Areas	Maximum "Per Area" Footprint
West Hall / South Hall / Kentia Hall	3,000 square feet
Concourse Hall / Petree Hall	1,500 square feet
Technology Pavilion	TBD (*)

- Material/fabric shall be the "Melting Point" product that was recently tested by LAFD. No other product or model is approved for covered areas exceeding 750 square feet unless an approved fire sprinkler system is installed. Contact GES for exact product specifications.
- The fabric must be installed by the GES rigging team.
- Fabric shall be installed with adequate tension to yield maximum opening of the fabric if heat should be applied.
- Fabric shall be supported at the ends perpendicular to the seams by use of grommets, etc. that are located midway between each seam to yield maximum opening.
- Covered areas created by use the approved Melting Point product that do not exceed 1,500 square feet shall be separated from all other covered areas by at least 10 feet (horizontally) in all directions. Covered areas created by use of the approved Melting Point product that are over 1,500 square feet, and do not exceed 3,000 square feet, shall be separated from all other covered areas by at least 15 feet (horizontally) in all directions. Note: Concourse and Petree halls are limited to 1,500 square feet.
- There shall be at least one smoke detector for every 1,000 square feet of covered area. Covered areas that change in elevation and thereby create sections

(pockets) for smoke to gather shall have a smoke detector located near the top of each section.

A covered area drawing as defined in the standard LACC Covered Areas guideline must be submitted for each project meeting the criteria stated within the guideline. Covered areas employing the use of the approved Melting Point product shall be clearly identified on the drawing so there is no confusion regarding other covered elements/materials and the Melting Point material.

Note: Fire sprinkler systems are NOT allowed in Concourse hall, Petree hall, and in LACC meeting rooms. As such, projects in said spaces must be designed in a manner that does not require the use of a fire sprinkler system.

SPECIAL PERMITS

A Los Angeles Fire Department Special Permit is required in order to:

- Display and operate any heater, barbecue, heat producing device, open flame device, candles, lamps, lanterns, torches, or other forms of ignition.
- Display or operate any electrical, mechanical, or chemical device that is deemed hazardous by the Fire Department.
- Use or store flammable liquids, compressed gases, or other hazardous materials. When approved, the quantities shall not exceed ten (10) gallons used only for maintenance purposes and the operation of equipment when stored in approved containers and at approved locations. Storage in excess of 10 gallons that is used for maintenance purposes and operations of equipment shall be inside approved hazardous materials cabinets. LIQUEFIED FLAMMABLE GAS is PROHIBITED inside any building.
- Operate any videotaping, broadcasting, still photographic, or motion picture equipment for commercial or professional purposes.
- Use open flame and candles.

AUTOMOBILES / MOTOR VEHICLES

The following are minimum fire safety requirements for public display of motor vehicles in the LACC.

- Automobile/motor vehicle displays must be included in all show floor plans and cannot obstruct required aisles or exits and are subject to the approval of the Fire Marshal.
- A special permit from the LACC Fire Marshall is required for all automobile/motor vehicle displays.
- Fuel tanks shall not exceed ¼ full. Caps for fuel tank pipes shall be of the locking type and be maintained locked. If it is not practical to attach such a cap, an alternative method, approved by the Fire Marshal may be employed.

- Batteries in vehicles must be de-energized (disconnected) or vehicle keys must be secured with an event representative designated by the Fire Marshal. Exceptions to the battery disconnection requirement apply to vehicles with computerized systems upon prior approval.
- Wheels must be chocked in such a manner that will prevent the vehicle from rolling in any direction.
- Vehicles shall be displayed and installed by manual means. Vehicles shall not be driven into occupancy.
- Appropriate floor covering must be placed underneath the vehicle to mitigate spills and leaks.
- Show management/exhibitor must provide fire extinguisher with a 20BC minimum rating. The quantity and location for extinguishers shall be determined by the Fire Marshal.
- Additional requirements may apply to automobile/vehicle displays based on case by case conditions. There is no exception or modifications to the above requirements with the expressed written authorization of the LACC Fire Marshal.

TENTS / CANOPIES

- Tents, canopies or membrane structures with an overall footprint exceeding 450 square feet require a permit from the City of Los Angeles Fire Department. Permit fees are contingent on tent size.
- Tents and canopies must be rated flame resistant by the State Fire Marshal. All décor shall be flame retardant.
- Maintain 7' overhead clearance in all public areas.
- Maintain a 20' fire lane with minimum 14' overhead clearance.
- A minimum 10' clearance must be maintained between tents.
- All exits and aisles must be maintained free and clear at all times.
- Building and Safety Permit is required for all electrical, natural gas and water installation extended to the tented area.
- Properly rated fire extinguishers are required within the tented area placed at locations no less than 75' of travel.
- Generators must be located no less than 20' from the building, grounded with a grounding rod.
- Upon approval by the Fire Marshal, propane tanks must be located at a minimum of 10' from the

respective appliance and must be secured with UL-approved hose and fittings.

- All wires, cables and piping (utilities, production, AV, etc.) must be taped, covered and matted.
- No vehicles are allowed in the tented area.
- No cooking is allowed under the tent unless approved in advance by the LACC Fire Marshal. Barbeques must be located in a remote area without public access.
- All booths with cooking shall have 2A-10BC fire extinguisher.
- Maintain a physical barrier separating the cooking area from the public.

CANDLES / OPEN-FLAME

A special permit from the LACC Fire Marshal is mandatory for the use of open flame, candles and holding devices in the Center. The special permit shall be made available for inspection at all times.

- Unprotected and gel type candles are not permitted.
- All candles shall be secured in a nonflammable solid holding device and protected by an enclosure.
- The flame tip from the candle must be maintained a minimum of 2 inches below the top opening of an enclosure or "Hurricane" at all times.
- When used as part of a decoration or centerpiece, the flame of the candle shall not be within 6 inches of cut fresh foliage, nor within 12 inches of dry foliage or other combustibles at any time.

Exceptions to the above include the following, subject to the review and approval of the LACC Fire Marshal:

- Floating candles may not need to be secured.
- Tapered candles (self-extinguishing) used in nonflammable solid candelabras with no additional decoration are not required to be provided with a flame stop or enclosure.
- Self-extinguishing tapered candles may be approved without an enclosure if (A) when used as part of a decoration or centerpiece (as outlined above), the candle must be of a type constructed with an automatic stop, which will prevent burning past a predetermined point or (B) all candles shall be secured with a holding device.

The placement of candles must adhere to the following guidelines and cannot be modified without the expressed, written approval of the LACC Fire Marshal:

 Only one centerpiece used for holding candles shall be approved per table unit regardless of the table size or shape.

- The use of multiple loose candles or candle holding devices is not permitted. If more than one candle or candle holding device are used on each table, those candles or candle holding devices shall be placed and secured on a common base. The amount of candles or candle holding devices placed on each table unit shall be limited to 4. The base shall be constructed of a noncombustible solid material.
- Candles or candle holding devices shall be placed at least 24 inches from the table's edge, and a minimum of 5 feet from curtains, drapes, or other decorations.

DÉCOR / COMBUSTIBLES

Combustible Decorations. All decorations, including, but not limited to drapes, tablecloths that hang six (6) inches below the edge of the table, signs, banners, acoustical materials, cotton, hay, paper, straw, moss, split bamboo, wood chips, wood less than 1/4 inch in thickness (or fiberboard less than 3/8 inch in thickness), foam core, etc., shall be flame retardant treated. Glass or otherwise inherently fire retardant cloth may be used without being flame retardant treated. A California State Fire Marshal certificate of flame-retardant treatment or a sample of material for a field test must be provided upon request of the Fire Marshal. Material failing the field flame test must be treated by a California State Fire Marshal Certified Flame Retardant Application contractor, or the material must be removed from the building(s).

Field Flame Test. A strip of material shall have a flame applied for approximately twelve (12) seconds. The flame shall then be removed. The material should self-extinguish within two (2) seconds and/or not drip in flames.

Combustibles. Literature on display shall be limited to reasonable quantities. Reserve supplies shall be kept in closed containers and stored in a neat and compact manner.

Rubbish/Trash. All waste shall be removed from buildings daily. Combustible waste materials, empty cardboard boxes, etc., shall be deposited in metal containers with metal lids until removed from the building. Metal cans with tight fitting lids shall be provided for metal cuttings. Cuttings shall be separated from ordinary combustibles.

Projection Equipment. Projection equipment using electric arc or Xenon bulbs for illumination shall be installed with an underwriters lab rating permit from the LAFD with the approval of the Department of Building and Safety.

For additional information, please contact the LACC Fire Marshal at 213.741.1151 or your Event Manager.

LASERS / FOGGERS: LA AUTO SHOW 2017

Use of lasers or fog/haze machines in the Los Angeles Convention Center must be approved by the Fire Marshal. Requests must be in writing and must adhere to the information enumerated below. Guidelines for using the respective equipment at the LACC are listed below.

FOG & HAZE MACHINES

Please provide the following to your Event Manager:

- A written scope of the project detailing the desired effect, the level of effect (heavy, moderate, light), and the proposed dates, times, and duration of each period of operation (performance).
- Drawings showing placement of machines and the areas targeted for effect.
- Quantity of machines and type (model) of machines.
- Name of fogging agent (liquid/chemical/gas) and description of the holding container. (For example: 1gallon bottle of Roscoe DF-50, 100 lbs. canister of liquid Nitrogen, etc.).
- A Material Safety Data Sheet (MSDS) for the fogging agent and/or any other liquid or gas that will be used.

LAFD requires that a test be performed to ensure the level of fog created will not affect the building's fire/smoke detection system. Arrangements must be made at least 48 hours in advance to schedule a test. Projects found to affect the fire/smoke detection system may be approved depending on circumstances, overall effect on the system, and the exhibitor's ability to meet conditions outlined by the Fire Marshal.

Projects affecting the system that are approved will be subject to LACC labor charges to repair or adjust the fire/smoke detection system, and related charges for hiring a Fire Marshal to monitor the project.

Foggers/hazers must use fogging agents that are non-toxic and present no harmful effects. Fogging agents and the respective use thereof shall be such that no oily residue is deposited on carpet or other walking surfaces that could potentially cause slip & fall hazards, or be deposited on any of the surfaces of the building.

If pressurized containers/vessels are approved for use, containers must be protected from physical damage and secured from falling or overturning. The quantity of containers allowed in the exhibit hall or meeting room shall be determined by the Fire Marshal, which are generally no more than one day's use. Additional containers must be stored outside of the facility in a designated area.

Show management must make arrangements with the freight contractor for storage and delivery of containers. Deliveries must be made during NON-show hours.

Show management is responsible for operating all foggers/hazers in accordance with all Federal, State, and local laws and codes, along with the manufacture's specifications,

within the parameters of the Fire Marshal's approval as well as the requirements set forth in this document.

LASERS

Please provide the following to your Event Manager:

- A written scope of the project describing the desired effect, level of effect, dates/times and duration of each period of operation (performance), drawings indicating the placement (location) of lasers, mirrors and the entire path and target area of the beams.
- Quantity of machines and type (model) of machines.
- Electrical service required for each machine (volts, amps, and phase).
- Method of cooling (self-cooling, water cooled, Nitrogen cooled, etc.).
- Name of any liquid/chemical/gas proposed for use, description of the container it comes in, and the respective Material Safety Data Sheets (MSDS).
- Name of company and person(s) certified to operate the laser(s), as well as a copy of their FDA Laser Operation Certificate.

LAFD requires that a demonstration be conducted to evaluate the laser production prior to the opening of the show. Arrangements must be made at least 48 hours in advance to schedule a demo. Lasers, mirrors and other related equipment must be placed in approved locations and targeted in such a manner that prevents the laser beams from coming in contact with any personnel. Lasers are prohibited from targeting any area in which persons may be present such as LACC catwalks, meeting rooms, elevated platforms, etc.

Lasers requiring large volumes of water for cooling may be required to use a recirculation system to conserve water.

Once again, if pressurized containers/vessels are approved for use, containers must be protected from physical damage and secured from falling or overturning. The quantity of containers allowed in the exhibit hall or meeting room shall be determined by the Fire Inspector, which generally exceeds no more than one (1) day's use. Additional containers must be stored outside of the facility in a designated area.

Show management must make arrangements with the Freight contractor for storage and delivery of containers. Deliveries must be made during NON-show hours.

Show management are responsible for operating lasers; in accordance with all Federal, State, and local laws & codes, along with the manufacture's specifications, within the parameters of the Fire Inspector's approval as well as the requirements set forth in this document.

For additional information, please contact:

LACC Event Services Tel: 213.765.4656 / E-mail: eventservices@lacclink.com

FLOOR PROTECTION: LA AUTO SHOW 2017

In order to preserve the longevity and quality of the carpet and terrazzo flooring throughout the Los Angeles Convention Center (LACC), the following policy has been established regarding the use, delivery, or display of freight, equipment, display material, or product into all areas of the LACC with carpet and terrazzo flooring. This policy applies only to LACC carpet and terrazzo flooring, and does not apply to temporarily installed "contractor or exhibit carpet".

- All work being performed on any of the carpeted and/or terrazzo surfaces within the LACC must be accomplished in such a manner that NO DAMAGE occurs to said flooring.
- Forklifts, electric carts, bicycles, scooters and the like are NOT allowed on any of the carpeted and/or terrazzo surfaces within the LACC.
- Boom lifts and scissor lifts are allowed provided they are equipped with wheel coverings that will adequately protect the flooring. Boom lifts larger than 45-foot models are only allowed in the areas designated to support their associated weight (see Building Superintendent for details). Further, the access covers located at each end of the escalators and the steel grates in front of the exterior doors are NOT to be driven on under any circumstances.
- Pallet jacks, dollies, road cases, etc., may be used on the carpeted and/or terrazzo surfaces PROVIDED that a protective underlayment such as heavy gauge plastic, cardboard, masonite, contractor carpet, etc., is used to cover and protect the flooring. Note: Dollies and/or road cases may be allowed without the use of a protective underlayment ONLY if the volume of cases is low, and the cases/dollies are equipped with wheels or casters that are in good working order and are of the type and size that will not leave any marks or do any damage to the flooring.

- All freight and equipment that is delivered into carpeted/terrazzo areas using approved methods must be suitable to place onto said flooring without causing any damage. Containers made of wood, metal, etc., that can splinter or may have rough edges, and thereby snag/tear carpet or scratch terrazzo must be placed onto a protective underlayment such as dense cardboard, masonite, contractor carpet, etc., to protect the flooring.
- Any items made of metal, or the like, that are coated with oils or other chemicals that could stain or otherwise damage the carpet/terrazzo must be placed on an appropriate underlayment (as stated above) to protect the flooring. Such items include lighting truss, genie lifts, rigging equipment, base plates, pipes, bars, tools, cabling, hoses, etc. This applies to all facets of the project including staging of equipment, constructing the equipment, and removing the equipment.
- Equipment, containers, displays, or product containing liquids or solids that could spill and stain and/or damage the carpet/terrazzo are NOT allowed in any of the carpeted/terrazzo covered areas.
- Equipment and/or devices that generate heat to the degree that could damage the flooring are NOT allowed in the carpeted/terrazzo areas.

There are no exceptions or modifications to the above without the written approval by the VP Event Services. Please contact your Event Manager for additional information or assistance.

TEMPORARY STRUCTURES: LA AUTO SHOW 2017

Please refer to the following criteria for designing and building temporary exhibit structures at the Los Angeles Convention Center (LACC).

General Requirements. All structures and related sub-assemblies must be designed, assembled, and configured so that the entire temporary structure project and all related components are structurally sound and seismically stable. Furthermore, all said structures must be designed and built as per all applicable national, state, and local building and fire codes in seismic zone #4.

Temporary Structure Criteria. Temporary structures/exhibits proposed in interior locations of the Center (ie. exhibit halls, meeting rooms, lobbies, etc.) must submit design plans for review by the LACC Facilities Department and the LACC Fire Marshal in the event they meet the following criteria:

- 2-story structures
- Platforms and stages exceeding 30 inches in height above the floor intended to carry live load, or stair/steps exceeding 48 inches in height above the floor intended to carry live loads.
- Expansive 1-story structures that contain: overhead beams; signage; truss; cantilevers; etc., of considerable weight and/or span
- Video wall structures
- EXTERIOR STRUCTURES ONLY: Standard structures that exceed 12 feet in height. (*)
- EXTERIOR STRUCTURES ONLY: Stairs/steps over 30 inches tall, but not exceeding 48 inches tall. (*)

Design Plan Requirements. Design plans drawn to scale at a minimum size of 11"x17" are to be <u>mailed</u> to the Los Angeles Convention Center and must include the following:

- Event name and dates;
- Exhibitor name and booth # (or location);
- Address all items listed in the "Details to Include in the Design Plan" section noted below as applicable;
- Reviewed, approved and stamped by licensed Structural or Civil Engineer registered in the United States
- Engineer's original "wet stamp", signature, and current date of license expiration;
- Perspective/isometric drawings as necessary to best define the project

Please note that the exhibit structure criteria for exterior locations denoted above with an asterisk (*) do not require an engineer's original wet stamp and may be submitted digitally.

TEMPORARY STRUCTURE DESIGN PLAN LA AUTO SHOW 2017 DUE BY: FRIDAY, NOVEMBER 10, 2017 @ 5:00PM **Details to Include in the Design Plan.** In addition to standard engineering details, design plans submitted must incorporate the following details. Please note that measurements must be in feet and inches (not in metric measurements).

- Staging. Live load rating of the stage, platform, or 2nd story deck. The code requires a minimum rating of 125 lbs. per sq. ft.
- Stairs. Stair detail showing the rise and tread depth of each stairway. The code requires the maximum rise (measurement from the top of one step to the top of the next step) to be 7 inches. The code requires the minimum tread depth (measurement of tread from front to back, or heel to toe), to be 11 inches along any portion of the step(s). Spiral stairways are not allowed at the LACC.

The minimum width (clearance) for stairways is 36 inches. Handrails that protrude into the stairway must be considered when determining clearance. The clearance must be measured from the edge of the handrail to the opposing handrail/guard rail.

- Guard Rails. Guard railing detail showing height of railing and the internal make up (construction) of the railing. The code requires the guard railing to be a minimum 42 inches high on platforms, decks, stairways, and stair landings. The internal construction and make up of the guard railing must be such that a 4 inch sphere cannot pass through any portion of the guard railing, and engineered to withstand the force of person(s) falling into said railing, thereby protecting them from falling through. The code requires all stairs taller than 30 inches to have a handrail installed at a height of 34 to 38 inches above the step(s).
- Towers and Narrow Walls. For proper seismic stability, the height to base ratio in each direction (width and depth) should be a maximum of 3 to 1 respectively. If a wall or tower is 15 feet high, the base dimensions should be at least 5 feet wide and 5 feet deep. Towers or walls designed to have a greater ratio than 3 to 1 can be seismically secured by installing seismic support cables from the top of the structure to rigging points in the ceiling (where available), or by possibly adding weight to the base and lowering the center of gravity.
- Covered Structures. Exhibits containing structures that are covered with fabric or solid materials exceeding an accumulated total of 750 sq. ft. may require the installation of an automatic fire sprinkler system. The allowable amount of covered area in LACC meeting rooms may be substantially less than 750 sq. ft. Please refer to the "LACC Information Regarding Covered Areas" guide for more information.
- Door Handles. All door handles must be a lever type handle to accommodate those with disabilities. The

CONVENTION CENTER

old cylindrical type of handle (door knob) is no longer approved.

- Maximum Occupancy Exhibit Floor Level. Rooms and/or spaces created within an exhibit that have only one exit path from the room or space are limited to a maximum occupancy of 49 persons. All spaces designed for occupancy greater than 49 persons must have at least two (2) exits located at opposite ends of the room/space. Note: Depending on conditions and design, the Fire Marshal may require a 2nd exit with occupancy of less than 49 persons.
- Maximum Occupancy Elevated Decks. Two (2) story structures that have only one (1) stairway accessing the 2nd level are limited to a maximum occupancy of nine (9) persons. To achieve a greater occupancy than nine (9) persons, two (2) "separate" stairways that access the 2nd level from two (2) opposing sides must be provided. The concept here is to create another form of exiting from the 2nd level in the event one (1) exit becomes blocked.
- Corridors. The maximum length for any corridor or series of corridors allowing only one way in and out (dead-end) is 20 feet. To further clarify, the distance a person must travel from the end of a corridor or narrow pathway (dead-end) to an open space containing an exit cannot exceed 20 feet. Corridors longer that 20 feet must be open on both ends to allow exiting. Conference rooms or exhibit spaces that extend beyond a 20 foot corridor may require a 2nd exit within the room/space. Exhibitors planning the use of corridors are urged to send renderings and drawings of their proposed plan while in the concept design phase to assure that said design will be approved.
- Exit Plan. Exhibits that are 400 sq. ft. or larger must submit an "exit plan" for the Fire Marshal's review and approval. Drawings shall be represented in "plan view" and shall contain arrows that denote all of the paths in & out of the booth space or LACC meeting room space. The exit plan shall also show the respective dimensions (clearances) of doors, corridors, and other pathway structures that limit the exit path. Dimensions must be in feet and inches.
- Recessed Exit Doors. Exit doors must swing open in the direction of traffic exiting the exhibit. Exit doors shall remain unlocked during all show hours, and during all times in which people are in the respective booth. Exit doors cannot swing open (protrude) into any egress aisle designated by the Fire Department. Exit doors that must lead to the egress aisles must be recessed so that exiting into the aisle is accomplished while preventing the door from physically swinging into the fire aisle.
- Stair and Turntable Delineation. The front edge of the first and last step in a series of stairs must be delineated with a contrasting color to indicate the beginning and end of each respective stairway.

Where landings are used, the stairway on each side of the landing (above & below) must be delineated. Regarding turntables or other approved moving floor structures, the entire surface of any moving turntable must be in contrast to the finish of the surrounding (stationary) floor to clearly delineate the moving element. Delineation may be done by means of color, texture, material, etc., as long as an acceptable contrast and delineation is accomplished.

Fire Alarm & Suppression Devices. Exhibitors with booth spaces containing any LACC fire related alarm or suppression device(s) such as: pull alarms; fire bells; fire hose cabinets or reels; fire extinguishers; sprinkler heads; fire sprinkler shut-off valves; etc., must design their exhibit in such a manner that does not impede or limit the operation, and/or access to said devices. Exhibitors are encouraged to check with the general service contractor to determine if fire related devices are located within their booth space. Further, all signage associated with said devices and/or any of the building's permanent "EXIT" signs must be visible to the public from various vantage points as intended. Exhibitors can seek approval, via written request, to cover exiting signs with temporary supplemental signage that accomplish the intended purpose of the original sign(s). Request must include renderings/drawings and related details of the proposed project. Exhibitors are responsible for creating and installing all approved temporary supplemental signage.

Design Plan Submission. Initial design plans can be submitted to <u>eventservices@lacclink.com</u> along with the <u>LACC Temporary</u> <u>Structure Plan Review Form</u> no later than <u>two (2) weeks prior</u> to the first day of occupancy. In the interest of time and necessary adjustments, digital versions of design plans can be initially reviewed by the LACC and the LACC Fire Marshal, however, a hard copy of the plan as outlined in the Design Plan Requirements section above is mandatory to complete the process. Please mail the required hard copy of the design plan to:

> Los Angeles Convention Center Attn: Event Services – Exhibit Structure Review 1201 S. Figueroa Street Los Angeles, CA 90015

Plan Review and Inspections. Exhibitors are responsible for assuring that their structures/exhibits are designed and built in accordance with the plan requirements mentioned within this guideline. Design plan approvals are tentative based on information provided on the plan with final approval contingent on the on-site inspection. In the event that the on-site inspection identifies a violation or discrepancy to the building or fire code, exhibitor is solely responsible for making the respective corrections.

PLEASE CONTACT EVENT SERVICES AT 213.765.4656 OR EMAIL <u>eventservices@lacclink.com</u> FOR ASSISTANCE

MOVING VEHICLES AT AutoMobility LA 2017:

These guidelines apply to the Los Angeles Auto Show and AutoMobility LA 2017 only. These guidelines are to ensure that attendees are safeguarded accidental incidents resulting from moving vehicles or other displays that may come in contact with the general public.

It is the exhibitor's responsibility to design press productions and related elements in a manner that assures attendee safety. Exhibitors requesting to have moving vehicles during their press event must submit production designs to the Fire Marshal and Event Services for review and approval. Please note that moving vehicles are only allowed during the official AutoMobility LA 2017 dates.

Methods offering acceptable levels of protection include the following. In all cases, vehicles must be operated by professional drivers or by personnel employed by the exhibiting company. All drivers must be well versed and skilled in the proper and safe operation of the specific vehicle being driven.

- Physical barriers and restraints
- Direction of vehicle travel
- Distance (separation)

Physical Barriers and Restraints. This method is defined as any creative solution in which a physical barrier or mechanical restraint is deployed in such a manner that prevents the vehicle from traveling beyond the designated boundaries of the barrier or restraint. Examples of physical barriers and restraints include; wall or barrier structures, voids in which wheels would fall into, tethers, etc. Note: The type of materials used, the construction thereof, and the manner physical barriers and restraints are installed within the booth must result in a barrier or restraint that is substantial enough to adequately stop the vehicle from traveling beyond the approved limit. Barriers/restraints deemed as inadequate to limit vehicle travel will not be approved. Note: Attendees may be positioned within five (5) feet of the designated limit of an approved barrier or restraint system. Direction of vehicle is not a consideration.

Direction of Vehicle. The need for barriers and restraints can be reduced or eliminated by arranging the direction of vehicle travel in a direction that is away from the attendees. Criteria for this option include; staging attendees at least 10 feet perpendicular to the established path of travel, and hiring a Fire Inspector to be present to supervise the activity. Note: depending on conditions, Fire Inspector may require greater distance between attendees and travel path, and may require Fire Inspector supervision for rehearsals as well.

Distance (Separation). The need for barriers and restraints can be greatly reduced by creating 25 feet of space (separation) between the attendees and the designated limit of vehicle travel. Press reveals designed with 25 feet of separation require only small barriers to be placed in the path of the vehicle (if vehicle is to travel toward attendees) and Fire Inspector supervision.

A fee applies for Fire Inspector supervision at each activated event showcasing moving vehicles. Please contact the LACC Fire Marshal at 213.741.1151 to schedule staffing no later than seven (7) business days prior to the start of the press event. Please note that Fire Marshall staffing not ordered by this date, may result in respective options of protection no longer be considered and solutions would be limited to physical barriers and restraints.

Send requests for moving vehicles along with drawings and respective details to:

Frank Keefer, Event Manager – fkeefer@lacclink.com Clinton Pruiet, Fire Marshal – clinton.pruiet@lacity.org Lane Bensko, LA Auto Show – lane@LAautoshow.com

For questions and/or more information on press reveals involving moving vehicles, please contact Event Services at 213.765.4656.

MEETING ROOMS SET-UP: LA AUTO SHOW 2017

The Los Angeles Convention Center provides a standard setup package included in the rental fee for meeting rooms used for the purpose of an assembly, meeting, breakout session and workshops. This standard set-up does not apply when meeting rooms are being used for exhibits (booths/table-tops), tournaments, gaming events or other unique uses, unless specifically noted in the License Agreement.

Also, please note that any unique room set-up that varies from the publicized standard room set is subject to the approval of the Fire Marshal.

The standard set-up package included with rental for each section of meeting room contracted as defined above is as follows. All equipment is contingent on Licensee providing equipment needs no later than thirty (30) days prior to the event.

- Initial room seating set-up (theatre, classroom, banquet, u-shape, hollow-square, conference)
- Dressed head table with skirting & chairs
- Water service for head table
- One (1) standing lectern with wire microphone
- Riser/stage (see below)
- One (1) dressed 8'x30" materials table
- Standard overhead pre-set lighting pattern.
- Standard HVAC service during open event hours
- Use of existing 20-amp wall outlets in the room
- (cannot be distributed beyond 10' of the outlet)

Please note that classroom tables and 66" round tables do not include linen. Linen on 66' round tables will be included at no charge for full-service catered meal functions.

RISERS & STAGING

The Los Angeles Convention Center will provide the initial stage request as part of rental, based on availability and on the allotment noted below. Additional staging requested above and beyond what is noted below or what is outlined in the License Agreement is subject to an equipment rental fee. Please note that availability of staging is based on availability when set-up specifications are provided.

STANDARD MEETING ROOMS (LESS THAN 4,000 SQ FT)

One (1) 6'x8' riser deck per meeting room section

LARGER MEETING ROOMS (MORE THAN 4,000 SQ FT)

Four (4) 6'x8' riser decks per meeting room section

PETREE HALL

- Section C or D: Ten (10) 6'x8' riser decks per section
- Section C/D: Twelve (12) 6'x8' riser decks

CONCOURSE HALL

🕑 🐻 🕇

- Section E or F: Ten (10) 6'x8' riser decks per section
- Section E/F: Fourteen (14) 6'x8' riser decks

REGISTRATION TABLES

Rental of meeting rooms includes registration based on availability when Licensee provides specifications no later than thirty (30) days prior to move-in. Unless otherwise noted in the License Agreement, meeting room rental receive one (1) dressed 8'x30" registration table (flat), up to five (5) tables maximum. Petree Hall and Concourse Hall may receive up to (8) registration tables (flat).

Additional tables requested above and beyond the allotment noted above are subject to equipment rental.

The allotment of registration tables cannot be used for exhibitor tables, vendor tables or display tables. Tables for these uses are billable at the prevailing equipment rental.

Placement of registration tables in lobby areas must be approved by your Event Manager in advance.

ADDITIONAL EXPENSES

To assist budget planning, please consider the following services which are not included in the rental fee of meeting rooms. The LACC can provide the following equipment and services at the prevailing billable rates. Please contact your Event Manager for assistance in estimating these expenses.

- Any equipment requested above and beyond what is listed in this guideline line or which is not otherwise included in the License Agreement.
- Linen
- Room set-up changeovers (excluding to/from catered meal functions) after the initial room set-up
- Airwall Movements
- Food & Beverage
- Audio Visual
- Event Security
- Internet / Telecommunication Services
- Event Marketing
- Parking
- Electrical (Beyond 10' distribution and other special needs)
- Lock re-cores & keys
- HVAC service during move-in/move-out days
- Applicable City of Los Angeles permits and taxes
- Customized lighting
- Rigging (Petree Hall and Concourse Hall)
- Specialty equipment
- Excessive post-event cleaning
- Damages/repair

PLEASE NOTE:

Published capacity for meeting space does not include staging and is subject to change based on audio visual, staging placement, room orientation and location exit doors. Your Event Manager will guide you through the appropriate and most effective set-up for your space.

INDUSTRIAL LIQUID & CHEMICAL MSDS: LA AUTO SHOW 2017

The LAFD and the LACC require that the delivery, handling, and removal of all industrial liquids or chemicals be accompanied in a proper and safe manner, and that a Material Safety Data Sheet (MSDS) be submitted for any industrial liquids or chemicals that are brought into the LACC. All containers must have permanent labeling from the manufacturer identifying the name, and related information of the industrial liquid or chemical, along with the show management and/or exhibitor complete contact information. Show management must notify exhibitors to keep a copy of the MSDS in their booth.

One of the primary reasons for submitting the forms and keeping a copy in the booth is to have instant "accurate information" regarding the necessary steps for treatment in the event that persons come in contact with the respective liquid or chemical (i.e. inhalation, splashed into eyes, face, or other parts of the body, etc.). Furthermore, in the event of a spill, fire, etc., the responding personnel must know immediately what liquids or chemicals are involved.

Liquids and/or chemicals that can cause harm or injury to personnel and/or the building from exposure thereto (classified as "Hazardous") are NOT allowed at the LACC. In addition, liquids and/or chemicals that are flammable are NOT allowed within any of the exhibit halls or interior spaces of the LACC without written approval from the Fire Marshal. Under certain controlled and approved conditions, the Fire Marshal may allow small quantities of a flammable liquid to be used in the exhibit hall. Permit cost and LAFD staffing may apply.

For additional information, please contact the LACC Fire Marshal at 213.741.1151 or Event Services at 213.765.4656.

If using more than two different types of liquids/chemicals, please use another sheet to list the additional liquids/chemicals. Please complete the LACC Industrial & Chemical MSDS Information below and email to <u>eventservices@lacclink.com</u> no later than thirty (30) days prior to move-in.

Smart City is the exclusive telecommunications and television service provider for the Los Angeles Convention Center.

Questions? Contact us at (888) 446•6911 or csr@smartcity.com.

Instructions To Review & Order SmartCity Services Online:

- 1. Visit https://orders.smartcitynetworks.com
- 2. Read all the instructions before placing your Exhibitor order for all hardwire/wireless internet, telephone and/ or television services
 - a. Option A: Click "Order online", located on the top toolbar
 - i. Click "Begin Online Order Process"
 - ii. Select the state of California on the USA map
 - iii. Select Los Angeles Convention Center
 - iv. Please read each of the instructions
 - v. Input all of the information prompted in order to finalize and submit payment for services
 - b. Option B: Click "PDF Order Forms", located on the top toolbar
 - i. Under California, refer to the Los Angeles Convention Center section
 - ii. Download the necessary forms by clicking on the appropriate link:
 - 1. Services (Each service provides the same Form for each where all services will be listed. Only submit one form for all required services.)
 - a. Internet/Data
 - b. Cable/TV
 - c. Telephone
 - 2. Declaration
 - a. Network Security Declaration
 - b. Wireless Declaration

WIFI / INTERNET SERVICES: LA AUTO SHOW 2017

The Los Angeles Convention Center is proud to partner with Smart City, the leading provider of telecommunications services for the meetings and conventions industry, to offer wireless (WiFi) service to exhibitors and attendees. The WiFi service can support basic Internet access and web-based email services. Depending on the type of wireless begin sued, it may also be able to support VPN's. Please contact Smart City at 213.765.4647 for additional information.

COMPLIMENTARY WIFI

The Los Angeles Convention Center offers complimentary WiFi service in café locations and public areas with connectivity speeds up to 256k up/256k down. Complimentary WiFi service is not available in meeting rooms and exhibit halls.

Please note that this is an unsecured, share service not intended for mission-critical operations such as registration or payment collection. Please contact Smart City to determine which service will best support your operations.

WIFI OPTIONS (FEE-BASED)

EXHIBITOR INTERNET. Available in exhibit halls, meeting rooms and lobby areas with connectivity speeds up to 1.54Mbps up/1.54Mbps down. This service is available on 5GHz wireless frequency only.

1-Day Service	\$79.95
3-Day Service	\$159.99
5-Day Service	\$239.99

INSTANT INTERNET. Available in meeting rooms and lobby areas (not available in exhibit hall) with connectivity speeds up to 768k up/768k down. This service is available on 5GHz wireless frequency only.

Daily Service

\$12.95/day

GENERAL RULES & REGULATIONS

- Each purchase is limited to one (1) device only. One account cannot be shared among multiple devices simultaneously.
- User may use the same credit card when purchasing service for more than one (1) device, however a different email address must be used for each purchase.

CONNECTION GUIDE

- Connect to the network name (i.e., Exhibitor Internet or Instant Internet) by following your computer/device's procedure for choosing available wireless networks.
- Open your browser (Internet Explorer, Firefox, Safari or other standard browser). You will land on the Los Angeles Convention Center splash page with the Smart City logo. If you do not see on this splash page, please refresh your browser.
- If this is the initial purchase, click [BUY NOW]. Follow the subsequent prompts to complete the purchase. Please remember that while both SSIDs (Exhibitor Internet & Instant Internet) may appear as wireless options on your device, networks are only supported in the areas noted under "WiFi Options" of this guideline.
- If logging in to an existing account and returning for an additional session, enter your username (email address), and password.

For questions regarding wireless or wired Internet access at the LACC, please call Smart City at 213.765.4647 or visit online at www.smartcitynetworks.com.

Floor Plan – Communications Cable							
Center:	Los	Angeles	сс	(005)	- CA	Company Name:	ABC EXAMPLE COMPANY
Show:	ABC EXAMPLE SHOW				Booth / Room #:	1234	
,						Customer / Ref #:	2017 - 005 - XXX - XXXX

Voice and Data communications cabling. Smart City is the exclusive installer of Voice and Data communications cabling. Smart City provides cabling to booths, within booths (under carpet and flooring) and from booth-to-booth. Fiber Optic, twisted pair (Category 3, 5 and 6), coaxial and all other data and telecommunication cable fall under Smart City's area of expertise.

IMPORTANT!! Prior to installation of service, a complete floor plan is required. Please utilize this grid should you not have your own floor plan to send us. You may use a different floor plan for each service group (Telephone, Internet, etc.) or combine all services on one floor plan. For a floor plan to be considered complete it **must** include all the information listed below (Main Distribution Location "MDL", designated location of items within the booth, surrounding booths, scale-length and width).

X = Main Distribution Location (MDL) - The originating line(s) for service, whether from overhead, a floor pocket or a column, will be delivered to a "MDL" before being distributed within your booth. Example: Storage area, back of booth, etc. (unless specified, the default for the "MDL" will be the back of the booth or at Smart City's discretion, the most convenient location). All distribution of services to their final destination within the booth will originate from the "MDL". A per line move fee will apply to relocate services within your booth after they have been engineered and / or installed.

T = Location of Telephones, Fax lines or other telecommunications equipment "T".

I / H / PC / C = Location of primary Internet Service "I", Hubs "H", Patch Cables "PC" and / or Computers "C". For Smart City to perform your floor work, you will need to indicate the location of each item you want cabled. Make sure to order your floor work, hubs, and patch cables early and in advance of the show moving in.

Orientation = The Booth or Aisle #'s surrounding your booth. A minimum of one surrounding Booth or Aisle # is required (two or more would be more helpful) for Smart City to accurately install your services.

Size = Booth dimensions (example 10x10)	20 x 20	<u>Scale</u> = 1 Box is equal to	2 ft.

Network Security Declaration

Center: Los Angeles CC (005) - CA

Show:

Company Name:

Booth / Room #:

Customer / Ref #: 2017 - 005 -

The Network Security Policy implemented for this Facility requires Customer(s) adherence to several necessary precautions in order for Smart City to maintain a healthy, viable network for all Customers. This declaration of compliance with the security requirements as noted herein is an acknowledgement of Smart City's filtering policies and must be completed, signed by an authorized Customer representative and mailed or faxed to Smart City prior to the requested network service(s) being activated for Customer's usage.

Network Security Policy:

Smart City requires that all devices directly or indirectly accessing Smart City's network(s) have the latest virus scan software, Windows® security updates, system patches, and any other technological precautions necessary to protect the Customer(s) and others from viruses, malicious programs, and other disruptive applications. Any device(s) which adversely impacts Smart City's network(s) may cause service interruptions to Customer(s) which can lead to disconnection of the Customer's equipment from the network(s), with or without prior notice at Smart City's sole discretion. The device(s) in question will remain disconnected until all issues are adequately resolved. All charges will apply and no refunds will be given. Additional charges may apply for trouble diagnosis and / or problem resolution.

Smart City has implemented filtering policies on all Internet routers. These filters block all inbound Internet Control Message Protocol (ICMP) -- Ping, Traceroute, etc. -- destined to any Smart City Network(s). Smart City understands that Ping and Traceroute are valuable troubleshooting tools; therefore Smart City's Policy does allow ICMP (Ping & Traceroute) packets sourced from any Smart City network(s).

Further, to avoid infection by common Internet worms (Nachi, MSBlaster, LoveSAN, etc.), Smart City has implemented similar filters on the following TCP and UDP port numbers: UDP – 137, 138, 402, 1434 and TCP – 135, 139, 402, 445, 4444.

Customers requiring inbound or outbound access to any of the filtered ports, should contact a Smart City customer service representative in advance of the event with details of the specific requirements so that Smart City may consider the potential of a customized alternative.

Each Customer's business is important to Smart City and with advanced and timely notification of a Customer's needs we are confident that we can provide network services that perform as expected for all clients.

- *** Please inform all show site personnel about the importance of Smart City's Network Security compliance issues ***
- *** Services are activated after Smart City is in receipt of this signed declaration of compliance with our network security requirements ***

With execution of this document the Customer hereby attests that Customer provided equipment, which will be connected to Smart City's network(s) at the above noted Facility and Show / Event has been properly protected, contains anti-virus software, and the latest patches and security updates have been installed. Customer(s) also accepts the responsibility for the performance of Customer's equipment and understands the conditions placed on service delivery by this document as well as the potential that additional charges may be incurred should Customer's equipment be found to adversely impact Smart City's network(s) performance. The Customer acknowledges that this Network Security Declaration is part of the Customer Contract allowing Smart City to provide requested service(s) and is subject to change without notice.

Please scan and email this completed form to: boothsecurity@laautoshow.com Mailing Address: Los Angeles Auto Show 11835 W. Olympic Blvd. Suite 860 Los Angeles, CA 90064

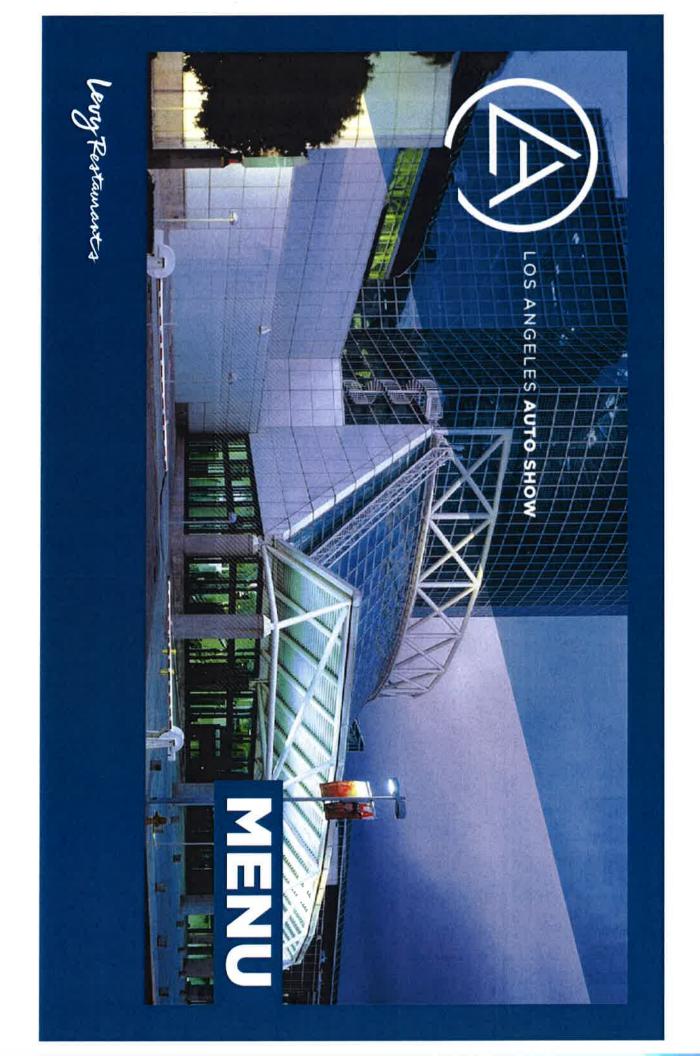

- Terms and Conditions: a. There shall be no charge to Client when oral notice of cancellation is given directly; provided that, in order to be valid, any oral notice must be promptly followed up with written notice to ANSA Productions, Inc. which shall be given no later than one hour after order is placed. If any order/event is cancelled by the Client, at forty-eight (48) hours until first shift, Client shall pay Los Angeles Auto Show one-half (1/2) the amount of the estimated bill. If any order/event is cancelled within forty-eight (48) hour until first shift, Client shall pay Los Angeles Auto Show the total fee.
 - It is understood and agreed between ANSA Productions, Inc., and the Client, that neither ANSA Productions, Inc., nor any b subcontractor or agent is not an insurer and that the rate being paid to ANSA Productions, Inc. for services are a service designed to deter certain risks of loss and such rates are not necessarily related to the value of personal or real property protected. Amounts being charged by ANSA Productions, Inc. are insufficient to guarantee that no loss will occur, and ANSA Productions, Inc. makes no such warranty, implies or otherwise, that a loss will not occur or that the service supplied will avert or prevent occurrences, losses, claims or causes of action which the services are designed to help deter or avert.
 - Client shall protect, indemnify, and hold harmless ANSA Productions, Inc. and its officers, agents, and employees, from and against any and all loss to property and/or personal injuries, not due to the negligence of ANSA Productions, Inc., or its agents, servants, employees, or personnel. ANSA Productions, Inc. shall only be liable for claims and damages caused by its own Ċ., negligence and the negligence of its employees, servants, and agents.
 - It is expressly understood and agreed that under no circumstances will ANSA Productions, Inc. be responsible for the theft or other loss of client's property not directly attributable onto theft by ANSA Productions, Inc. Personnel, agents, or servants, in no event shall the liability of ANSA Productions, Inc., for theft by their personnel exceed the total compensation paid by Client to d ANSA Productions, Inc., for services rendered during the day of such thefts.
 - Client shall assume all risk of loss or physical damage of its plant, facility, equipment, or any other property, occurring as a result of fire, earthquake, flood, or other casualty. Client waives any right of recovery against ANSA Productions, Inc. for any loss or damage e, resulting from any such risk.
 - ANSA Productions, Inc. will accommodate our agreed upon work order request pending your official confirmation arrival via f. telephone, fax, or email; coupled with a return reply by Los Angeles Auto Show Finance Department to validate the confirmation 14 days in advance from the event date.
 - Should the actual amount due to ANSA Productions Inc., for services rendered exceed the estimated amount as quoted at the g bottom of this Order Form, Client agrees to remit any such excess amount to ANSA Productions, Inc. within fifteen (15) days of receipt of the final invoice for such services. If Client has authorized use of credit card for such chargers, then client hereby authorizes Los Angeles Auto Show to additionally charge the same credit card for excess amounts, and Los Angeles Auto Show will so notify client along with submission of a final invoice for the actual amounts due.
 - The minimum billing time for any individual is four (4) hours per person. h.
 - This Exhibitor Booth Coverage Order agreement shall in all respect governed, interpreted, and enforced in accordance with the laws of the State of California. The venue for any actions or proceeding arising out of this Agreement shall be in Orange County, i. California.
 - Client shall pay ANSA Productions Inc. holiday day, which is time and one-half for the first 8 hours and double time after 8 hours i. for work performed for Los Angeles Auto Show on Thanksgiving Day and Day after Thanksgiving (Thursday, November 23, 2017 and Friday, November 24, 2017).
 - Payment terms are full payment in advance, unless credit card arrangements have been established. If credit is extended, any invoice that remains unpaid for a period of thirty (30) days beyond the date of the invoice will be subject to a late payment charge of 1% per month, or the maximum allowed by law if less that 1.5%. Client shall be liable for all reasonable costs and fees incurred in the event ANSA Productions, Inc. must retain an attorney, a collection agency service, or otherwise commence legal or collections proceedings to enforce collection of any invoice.
 - Should a Federal or State of California mandated wage increase occur during the term of this contract, Los Angeles Auto Show I. shall increase its rates charged to the Client. The rate increase to the client will be whatever the mandated wage increase is multiplied by a factor of 1.4. This multiplier only pays the attendant burden associated with paying the employee the mandated wage increase. The rate increase does not result in additional profit for ANSA Productions, Inc.

In WITNESS WHEREOF, the undersigned have executed this Agreement as of the date written below.

Advance Shipments to Warehouse/ Post Show Pickup:

c/o GES AutoMobility LA (Your Company Name & Booth Number) 5560 Katella Ave Cypress, CA 90630 USA

Shipments should arrive on or between:

October 23 - November 21, 2017 Hours for receiving are Monday - Friday, 8:00 AM - 3:30 PM The GES Advance Warehouse will be closed Thursday, Nov. 23 and Friday, Nov. 24, 2017, in observance of the Thanksgiving holiday

No Direct Shipping Notification:

Direct to showsite shipments will not be accepted at the Los Angeles Convention Center.

Attention All exhibit materials must be sent in advance to the GES warehouse. Los Angeles Convention Center does not have the capabilities to receive nor have adequate storage space for exhibitor materials. Any materials shipped to the Los Angeles Convention Center will be consigned to GES and you will be billed higher material handling charges by GES and a 30% (\$50 minimum) surcharge. Exhibitors may also be billed an additional receiving charge by the Los Angeles Convention Center for any items sent directly to the Los Angeles Convention Center.

Important Freight Information

All orders are governed by the GES Payment Policy and GES Terms & Conditions of Contract as specified in this Exhibitor Services Manual.

AutoMobility LA Los Angeles Convention Center November 27 - 30, 2017

Important information regarding Inbound and Outbound Freight

Due to tight security and lack of adequate storage space at the Los Angeles Convention Center absolutely no Direct Shipments are permitted to this facility.

Inbound Freight

Please make arrangements with your carrier to deliver all shipments to the GES Advanced Receiving Warehouse at 5560 Katella Ave, Cypress, CA 90630, starting October 23, 2017 until November 21, 2017.

The GES Advance Warehouse will be closed Thursday, Nov. 23 and Friday, Nov. 24, 2017, in observance of the Thanksgiving holiday

Outbound Freight

For Outbound shipments, carriers must pick up all shipments at the GES Advanced Receiving Warehouse at 5560 Katella Ave, Cypress, CA 90630, starting December 4, 2017 at 8:00 AM.

All Shipments must be picked up no later than December 12, 2017 by 3:30 PM or they will be re-routed via GES Logistics.

Warehouse Hours of Operation are Monday - Friday, 8:00 AM - 3:30 PM.

If you have any questions regarding this procedure, please call the GES National Servicenter or contact us: http://e.ges.com/022600912/contactus

30% (\$50 minimum) surcharge will apply for shipments inadvertently delivered directly to the facility.

General Information

All orders are governed by the GES Payment Policy and GES Terms & Conditions of Contract as specified in this Exhibitor Services Manual.

AutoMobility LA Los Angeles Convention Center November 27 - 30, 2017

Tips for New Exhibitors

All orders are governed by the GES Payment Policy and GES Terms & Conditions of Contract as specified in this Exhibitor Services Manual.

AutoMobility LA Los Angeles Convention Center November 27 - 30, 2017

First Time Exhibitors

Exhibiting for the first time can be confusing and stressful. GES is here to make your ordering process as simple and stress free as possible. GES will be on-site at the show to assist you in coordinating any last minute services, order additional products and answer any questions you may have. Save money by ordering early! Order by the Discount Deadline of October 30, 2017 for best pricing.

For quick and easy ordering, visit the Expresso online ordering site: <u>http://e.ges.com/022600912/esm</u>

Details Matter When Shipping

Material Handling is the unloading of your exhibit materials. The service includes delivery to your booth, handling of empty containers to and from storage and removal of your materials from your booth for reloading onto your outbound carrier. This is not to be confused with the cost to transport your exhibit material to and from the event.

- Unloading the freight and delivery to your booth is not included. Avoid unexpected costs at show site and estimate the cost for this service. <u>http://e.ges.com/022600912/item/200500</u>
- We understand that your calculation is only an estimate. Invoicing will be done from the actual weight. Adjustments will be made accordingly.
- Save by combining shipments. A minimum charge applies for each shipment under 200 lbs.
- Make sure that a Bill of Lading is filled out completely for each shipment.
- Confirm that your driver has the correct dates and times that your shipment needs to be delivered and picked up.
- Use provided shipping labels to make sure show name, booth number and other vital information is provided.

Shipping, Drayage and Material Handling: http://e.ges.com/022600912/shippinghandling/esm

Dot Your I's and Cross Your T's

Please be aware that a valid credit card is required for all forms of payment. We require your credit card charge authorization to be on file with GES even if you are paying by check or wire transfer.

- Make sure your credit card information is complete and correct, including the expiration date.
- Review GES Payment Policy and the Terms and Conditions of Contract
- Clearly indicate when paying by check. All check payments should be returned to:

Global Experience Specialists, Inc. (GES) Bank of America P.O. Box 96174 Chicago, IL 60693

Bank ACH/wire transfer payment information

Beneficiary: c/o Bank of America	Global Experience Specialists (GES)	If requested, following is the physical address for routing identifiers:
901 Main Street,	Account #: 7188101819	Bank of America, Wire Transfer-Customer Services

Dallas, TX 75202-3714 USA	ACH ABA Routing #: 071000039	Concord, CA 94520 USA
Telephone # 702-263-2795 or	SWIFT Address: BOFAUS3N	
702-914-5112	CHIPS Address: 0959	

For ACH/Wire Transfer send the following information to GES via email to Cash Application Team at <u>cashapplication@ges.com</u>.

- Exhibiting company name, show name, show facility
- Date and amount of wire transfer
- Bank and country where transfer originated

No Tipping Required

GES work rules prohibit the solicitation or acceptance of tips in cash, products or gifts of any kind by any employee. Our employees are paid appropriate wages denoting professional status; therefore, tipping of any kind is not allowed.

Where Did My Crates Go?

After your exhibit is set-up and your products displayed, you must place "empty" stickers on your empty containers for storage during the show. At show site a kiosk with a floor plan and color coded "empty" stickers will be available. Crews will clear the floor of all "empty" stickered containers to clear room for other freight.

- Simply write your booth number, company and show name on the sticker and place the container in the aisle. It will be stored throughout the exposition and then returned to your booth upon show close.
- Place stickers on all 4 sides of the crate.
- Please label your empty containers as soon as possible to keep your area clear and make it easier to prepare your booth.

Don't Forget to Take Out the Trash

Exhibitors planning on disposing of booth properties and/or floor covering at the end of the show should pre-order this service. In the event that excessive booth properties and/or floor covering are abandoned/left on the floor at the conclusion of a move-out, a dumpster fee will be billed to the exhibiting company.

Keeping Up Appearances

Pay close attention to your booth size when ordering items based on booth sq. footage or quantity of decorating items. Please do not order more than what will comfortably fit in your space.

- Exhibitors that order two (2) standard pre-cut carpet pieces should keep in mind that there will be a visible seam
 where the pieces of carpet are placed together. GES cannot guarantee that carpet colors will be an exact match due to
 dye lot differences.
- Order just enough carpet to fit your standard booth space. A 10' x 10' booth should not order 10' x 20' carpet.
- We custom cut carpet to fit your needs.

It's All About the Padding

Ordering carpet for your booth? Think about the kind of padding you need if you are going to be on your feet all day. That little extra cushion can make all the difference at the end of the day.

Carpet and Padding: http://e.ges.com/022600912/carpet/esm

Electrical Outlets Not Included

Need power for that lamp or arm light in your booth? Electrical outlets must be ordered separately for your booth space through the electrical service provider. Be sure to indicate if the wiring should run under your booth carpet or not.

Electrical Equipment Rental: http://e.ges.com/022600912/electrical

• Booth Layout is required to process your electrical orders.

• Carefully read the electrical labor rules. Some outlets do not include labor in pricing.

What Goes Up Must Come Down

If labor is needed for your booth space at the time of move-in, you will also need labor for move-out. Remember, what you put up must be taken down.

- See Labor Information form for rules specific to the show. Work rules can vary based on show location.
- Gratuities in any form, including cash, gifts, or labor hours for work not actually performed are prohibited by GES.
- All rates are subject to change if necessitated by increased labor and material costs.
- Pre-order labor to save.

Labor Services: http://e.ges.com/022600912/LaborandEquipment/esm

Payment Information

- Please complete the information and return payment in full with this form and your orders. You may choose to pay by credit card, check or bank wire transfer, however, we require your credit card charge authorization to be on file with GES. Only submitting your Credit Card Authorization? Do it online: http://e.ges.com/022600912/item/2222
- All balances must be paid at the conclusion of the event. You agree to late fees up to 1.5% per month on any balance not paid at the conclusion of the event, or balance left without appropriate credit card on file.
- For your convenience, we will use this authorization to charge your credit card for any additional amounts ordered by your representative or services rendered to your company for this event.
- GES will charge a convenience fee for each request to reprocess payment to an alternate credit card in order to cover incremental processing costs. An alternate credit card is a credit card different than the one used to process your initial payment in accordance with GES payment policy. The convenience fee will be quoted at the time your request is made to reprocess payment. The convenience fee will be added to your account balance and settled utilizing the new credit card provided.

GES requires the highest standards of integrity from all employees. Please call our confidential Always Honest Hotline at (866) 225-8230 to report fraudulent or unethical behavior.

Easy Ordering Tips:

- All prices include delivery, rental, and removal.
- Return your orders three (3) weeks before show move-in to ensure availability. At show site color options and grades may not be available and substitutions might be necessary.
- Do you have a booth larger than 300 sq. ft., an island or peninsula? Order Custom-Cut carpet! (Minimum 100 sq. ft. order required.)
- All Custom-Cut Carpet includes Carpet Plastic Covering.

Easy Ordering Tips:

- All prices include delivery, rental, and removal.
- Return your orders three (3) weeks before show move-in to ensure availability. At show site some items may not be available and substitutions might be necessary.
- USB power adapters/charging accessories are not included with any powered furniture. The adapters will
 not be available for separate rental. Please note, you are responsible for providing your own adapters/
 charging accessories. Electrical outlet is not included in price, please order separately. One 110V power
 source is required for each charging panel. Two charging units can be daisy chained together depending on
 booth layout. 10 AMP max per charging panel.
- Enjoy a fast and easy ordering experience online with Expresso: http://e.ges.com/022600912/furnishings/esm

Graphic File Solutions

We are committed to partnering with you to provide comprehensive and effective graphic solutions for your event. The graphics print and production industry continuously evolves, and we want your graphics and images to look their absolute best.

To ensure the highest quality output from your digital files, and to make file transfers as seamless as possible, please review and follow these guidelines when submitting artwork to GES. We also offer layout and design services for a fee. Please contact GES for details.

Suitable Programs for images or logos				
Program	Preferred Format			
Adobe Illustrator CS6, CC 2014	.ai, .eps			
Adobe Photoshop CS6, CC 2014	.tif (LZW), .jpg (High Quality), .psd			
Adobe InDesign CS6, CC 2014	.indd (include all links)			
Adobe Acrobat	.pdf (Press Quality Setting)			

Suitable Media for images or logos				
Media	Preferred Format			
CD-ROM	Hard copy color proofs			
DVD-ROM	Hard copy color proofs			
Email Attachments	Limited to maximum size of 5MB			
FTP	Mandatory ZIP or SIT compression			

• Save money by providing your artwork/graphic files in the recommended formats.

- Send your graphics early with client name, show name, and booth number to avoid costly delays.
- Do not copy graphics from web pages as they will be low resolution and not suitable for your exhibit/sign.

Avoiding Additional Costs

Files obtained from the internet (.jpg or .gif) or artwork created in MS Office applications (Word, Excel, PowerPoint) are often not suitable for high quality output, and often require additional hourly charges. Artwork should be created at actual size, however, for larger files i.e., banner artwork, 10% or 25% of actual size is acceptable. Scans should be no smaller than 300dpi at quarter size. To avoid additional costs associated with these file types, please supply files in accordance as defined herein.

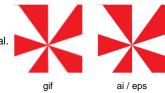

Vector Artwork

For the best quality, create in vector format (ai or vector eps).

Logos taken from websites are generally GIF files. GIF files are not acceptable as they will not print clearly. See Visual. Artwork produced in vinyl, for example, solid company logos or text must be supplied in a vector format (ai or vector eps). Artwork created in a pixel format i.e., TIFF and JPEG is not suitable. See Visual.

Vectors

Outlined Text

(vector)

Bitmap/Raster Artwork

TIFF and PSD - These are the preferred file formats for raster images. Files should be supplied at 100dpi at full size, or they should re-scale to those dimensions. If the resolution is lower than 100dpi, images can look blurry or pixilated when printed. If there is a lot of small text in the raster image, the file can be provided at higher resolutions to ensure print quality. See Visual.

Vectors

Editable Text

JPEG - We can use JPEG files, but because JPEGs use file compression this can sometimes affect image quality. Therefore, this file type should only be used if the files are being emailed.

PDF - These are print files only and cannot be altered to fit different sizes, artwork must be set up at the correct proportion and at print-ready quality. Ensure images are saved at high resolution (100dpi at final size).

High Resolution (300 dpi)

Order graphics and upload artwork files directly online, click here: https://e.ges.com/022600912/signs

Digital File Preparation

All orders are governed by the GES Payment Policy and GES Terms & Conditions of Contract as specified in this Exhibitor Services Manual.

AutoMobility LA

Los Angeles Convention Center November 27 - 30, 2017

Front and Backlit Graphics

When producing artwork for front lit graphics or transparencies keep these points in mind:

- Avoid setting type in Photoshop instead use a vector-based program (such as Adobe Illustrator) for your type. If you do use vector smart objects, save the file as an.eps or .psd to retain vector properties.
- If you plan to add effects to your type (such as drop shadows or glows), follow these steps:
- a. Import the Illustrator type into Photoshop
- b. Add effects to the type
- c. Separate the effects onto a layer
- d. Delete the type layer
- e. Assemble the type and photo in a vector program.
- Always provide logos in a vector format.
- If you have critical PMS colors to match, provide us with a layered Photoshop file to allow for color editing.
- · Always add at least 1" of bleed to your images.
- Use gradients carefully and sparingly. Gradients often "band," and little can be done to correct the problem. Look at your high res file at 100% — if you can see the banding, it WILL appear in the print. Adding 1 pt. of noise to the file may resolve the problem.

File Sizes

Please build Photoshop (raster) graphics to at least 100dpi at final size. Any combination of size/resolution that produces this result is acceptable.

(e.g. 1/4 size file @400dpi)

Here is an easy way to determine how much digital information is needed for your graphic:

- Open a new document in Photoshop
- · Enter the final width and height of your graphic.
- Enter a resolution of 100 dpi

The resulting megabyte size is the approximate amount of digital information we need for best quality output.

Adobe Illustrator, InDesign, Photoshop

- Work with .eps files as much as possible. .eps files are a better quality file format than .tif files and are accepted more easily by Adobe Illustrator.
- Save a Low Res files version of your files for proofing and a Hi Res file for production. Illustrator allows for seamless swapping of LR and HR files provided the images are the same dimensions.
- When saving your HR file, use the settings shown in *figure a*. This will
 compress the information in the file without degrading the quality.
 High resolution files saved with this setting present no issues for our
 output devices.
- If you must work with a .tif file because you are colorizing it in illustrator, save the HR file with the LZW compression option.
- Keep all color-critical elements of your design vector whenever possible. Don't send the layered Photoshop unless you need critical color corrections. If you want to add a Photoshop effect to a logo or color critical text: set the text in illustrator or keep the logo vector, create the desired effect in Photoshop, then link the Photoshop file into Illustrator under the color critical vector art or text.
- Photoshop files with text or vector smart objects need to be saved out as .eps or .psd to retain vector properties.

Placed Images

Provide placed images at 100dpi at 100% of final size as a .tif (LZW compression) or .psd. Embedding images in Illustrator is preferred and need to be 100dpi at final size.

Fonts

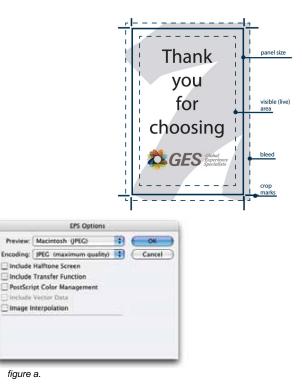

Turn all fonts to outlines or convert to paths before sending the files. If you are using a program where this is not an option, YOU MUST INCLUDE ALL FONTS with your files. OTF (open type fonts). are preferred.

Vinyl

We can only produce vinyl for type or logos from VECTOR based artwork. DO NOT send PowerPoint files, .gifs, .jpgs, .pdfs or raster-based images output to vinyl.

Remember

- · You MUST add bleed to your photographic images.
- Backlit graphics are held in place with velcro or with a frame-place type and critical images at least 1" from all edges to avoid this dead space (see diagram below).
- You MUST provide PMS colors. We are not responsible for accurate reproduction of your logo or corporate colors if PMS matches are not provided.
- Please make certain that your scans are clean (free of dust, dirt, and scratches) BEFORE you send them for production. Deadlines and time constraints do not allow us to check all your images for quality. We must assume the images you provide are the highest quality available to you. To check for quality, look at your Photoshop files at 100% enlargement. If you can see dirt and scratches, they will appear on your final output. Use the rubber stamp tool (clone stamp tool) to eliminate these imperfections.

Material Handling/Drayage Information

All orders are governed by the GES Payment Policy and GES Terms & Conditions of Contract as specified in this Exhibitor Services Manual.

AutoMobility LA Los Angeles Convention Center November 27 - 30, 2017

Benefits of Advance Shipping to the GES Warehouse

- Storage of materials for up to 30 days prior to your show.
- Delivery of shipments to your booth by your published set-up time.
- Some convention centers and hotels do not have facilities for receiving or storing freight.
- Saves valuable set-up time.

How to Ship in Advance to the GES Warehouse

- Remove all old shipping and empty storage labels.
- Fill out and attach enclosed Advance Shipping labels.
- Complete the enclosed Material Handling/Drayage Order Form.
- Remember to confirm receipt of your shipment prior to leaving for the show.
- All shipments must have a bill of lading or delivery slip showing the number of pieces, weight, and type of merchandise.
- Certified weight tickets must accompany all shipments.
- Take the time to ensure that your display and products are packed neatly and securely.
- Do not ship uncrated materials to warehouse.

Freight Carriers

Select a carrier with experience in handling exhibition materials. Make sure to give your carrier explicit information as to where and when to check in. Delivery and pick up times are often out of the range of normal delivery hours, make sure your carrier is committed to meeting your target dates and times. While making shipping plans to the show, also plan for the return shipment.

Tracking Shipments

Confirm your delivery date and time with your carrier, and have all pertinent shipping information in the hands of your representative at show site. You may also want to review the return of your goods at the end of the show. GES Logistics domestic shipments can be tracked online by going to:

www.ges.com/us/services/exhibition-transportation-tools.

Get an instant quote today at <u>https://e.ges.com/022600912/logistics_Quote</u>

Estimating Material Handling Charges

Handling charges are based on the weight of the freight. Shipments are billed by the hundred weight and rounded up to the nearest hundred. Minimum per shipment may apply, see enclosed Material Handling/Drayage Order Form for details. Please prepay all shipping charges - GES cannot accept or be responsible for collect shipments. Crated and uncrated shipments must be separated and clearly identified on separate bills of lading with separate weight tickets - otherwise GES will invoice the entire load at the Uncrated rate.

- Crated Material that is skidded, or is in any type of shipping container that can be unloaded at the dock with no additional handling required.
- Uncrated Material that is shipped loose or pad-wrapped, and/or unskidded machinery without proper lifting bars or hooks.
- Special Handling Defined as shipments that are loaded by cubic space and/or packed in such a manner as to require special handling, such as ground loading, side door loading, constricted space loading and designated piece loading or stacked shipments. Also included are mixed shipments and shipments without proper delivery receipts.
- Overtime Surcharges Shows that move-in or move-out on weekends or after 4:30 PM during the weekday, may be subject to additional overtime surcharges. See enclosed Material Handling/Drayage Order Form for details.

Late Surcharges - May be charged an additional overtime surcharge

- If advance freight is received before or after the published deadline date for shipments to arrive at the warehouse. See enclosed Material Handling/Drayage Order Form for details.
- Freight shipments sent to the show after it has opened.
- Freight shipments that are received at showsite that do not meet their published date and time.
- Shipment Surcharges A surcharge will be incurred per shipment for those that are received with incomplete
 information on shipping labels identifying company name and booth number and/or shipments that are left on the show
 floor at the end of the show with no labels and no bill of lading turned in.

Machinery Labor and Equipment

Labor and equipment for uncrating, unskidding, positioning, leveling, dismantling, recrating, and reskidding machinery and/or equipment must be ordered separately. Place your order for this labor using the Forklift Labor Order Form. If your material requires specialized rigging equipment, please notify us promptly so that we can make arrangements. When possible, supply your own rigging equipment with shipments and pre-rig your material.

Storing Empty Containers

Properly labeled empty shipping cartons will be picked up, stored, and returned after the show. Labels are available at the GES Servicenter[®] or from your GES Service Executive and are for empty storage only. Depending on the size of the show, it can take from two to twelve hours to return empty crates. Do not store any items in crates marked "empty." GES has no liability for damage to crates or items sent to empty storage in crates.

Outgoing Shipments

An OMHF (Outbound Material Handling Form / Bill of Lading) must accompany all outgoing shipments. Shipping information, outbound forms and labels will be available at the GES Servicenter[®]. Exhibitors selecting non-official carriers will need to make their own arrangements for pickup. Make sure that someone from your company will be on-site to oversee the outbound shipment of your display and product.

Measure of Damage

- Liability GES is liable for loss or damage to your goods only if the loss or damage is caused by GES negligence.
- Sole Relief If found liable for any loss, GES' sole and exclusive maximum liability for loss or damage to Customer's goods is limited to \$.50 (USD) per pound with a maximum liability of \$100 (USD) per container, or \$1,500.00 (USD) per shipment, whichever is less.

Insurance

All of your goods should be insured by your own insurance policy. Although we do our best to handle your goods as our own, there are many variables in shipping and handling that can affect your exhibit and products. GES has published GES Terms and Conditions of Contract that are in this exhibitor service manual. Please read them carefully. It is recommended that your goods be insured.

Work Zone

Customer acknowledges that the show site and surrounding areas are active work zones. Customer, its agents, employees and representatives are present at their own risk.

GES Transportation Plus

Save 10% on Material Handling with GES Transportation Plus.

GES is your one stop shop for event and trade show transportation. As the Official Services Provider, we can offer you competitive pricing and a seamless shipping experience along with these Transportation Plus benefits:

Easy Ordering Tips:

- Material Handling is the unloading and delivery of exhibit freight to the exhibitor's booth on the show floor. Material handling charges will be invoiced to you at show site for any freight unloaded and delivered. Use this form to plan, estimate costs and pre-order this service.
- Straight Time is Monday through Friday 8:00 AM to 4:30 PM. Trucks signing in after 2:00 PM may be charged at the overtime rate.
- Overtime is all other times, Saturdays, Sundays and Holidays.

Email

- Crated Material is skidded, or is in any type of shipping container that can be unloaded at the dock with no additional handling required.
- Special Handling is defined as shipments that are loaded by cubic space and/or packed in such a manner as to require special handling, such as ground loading, side door loading, constricted space loading and designated piece loading or stacked shipments. Also included are mixed shipments and shipments without proper delivery receipts.
- Uncrated Material is shipped loose or pad-wrapped, and/or unskidded machinery without proper lifting bars or hooks. The advance receiving warehouse cannot receive uncrated shipments.

Step 1. Review Freight Material Handling Rates and Information

Advance Shipment to Warehouse (200 lbs. minimum per shipment)

	Crated	Special Handling	Advance Shipments to Warehouse Dates:
Straight Time In / Straight Time Out	\$95.00 cwt	\$123.50 cwt	Mon, Oct 23, 2017: Advance shipments may begin arriving at
Straight Time In / Overtime Out	\$123.00 cwt	\$159.90 cwt	warehouse.
Overtime In / Overtime Out	\$152.00 cwt	\$197.60 cwt	Tue, Nov 21, 2017: Last day for shipments to arrive at warehouse. The GES Advance Warehouse will be closed Thursday, Nov. 23 and Friday, Nov. 24, 2017, in observance of the Thanksgiving holiday

No Direct Shipping Notification:

All exhibit materials must be sent in advance to the GES warehouse. Direct to showsite shipments will not be accepted at the Los Angeles Convention Center. Los Angeles Convention Center does not have the capabilities to receive nor have adequate storage space for exhibitor materials. Any materials shipped to the Los Angeles Convention Center will be consigned to GES and you will be billed higher material handling charges by GES and a 30% (\$50 minimum) surcharge. Exhibitors may also be billed an additional receiving charge by the Los Angeles Convention Center for any items sent directly to the Los Angeles Convention Center.

Small Package

Cartons and envelopes received without documentation will be delivered without guarantee of piece count or condition. Maximum weight is 50 lbs. for the first shipment, per delivery. This includes UPS and Federal Express shipments. All shipments received via air carrier that do not fall under the small package category may be subject to special handling charges. First shipment of small packages will be charged \$50.50. Each additional package will be charged \$25.25.

Surcharges

Late/Early to Warehouse Shipment Surcharges:

30% (\$50 minimum) surcharge will apply to all shipments received after the advance shipment timeline. This charge will also apply if shipments are sent to the facility. Monthly storage fee of \$7.75 per cwt will apply before published timeline.

Special Handling/Mixed Shipments:

A 30% surcharge will apply to items requiring special handling or mixed shipments.

Measure of Damage:

If found liable for any loss, GES' sole and exclusive maximum liability for loss or damage to Customer's goods is limited to \$.50 (USD) per pound with a maximum liability of \$100 (USD) per container, or \$1,500.00 (USD) per shipment, whichever is less.

Certified Weight Tickets Are Required For All Shipments:

Drivers with inbound shipments must check in at the warehouse by 2:00 PM to be guaranteed same day unloading. Warehouse receiving hours are Monday - Friday, 8:00 AM - 3:30 PM; Closed 12:00 PM - 1:00 PM and Holidays.

000

What is "Special" Handling?

Page 3 of 3

Special Handling applies to shipments that are loaded in such a manner as to require additional labor and handling to unload or load out. An additional fee beyond the standard crated rate will apply.

Special Handling Includes:

Ground Loading

- Vehicles that are not dock height, preventing the use of loading docks.
- When docks are not readily available.
- · When convention facility has no dock space

Side Door Loading

• Shipments tendered for delivery in such a manner as to prevent access from the rear of the trailer.

Constricted Space Loading

• Freight loaded "high and tight" or down one side as to make shipments not readily available.

Designated Piece Loading

• When a trailer must be loaded in a particular sequence to ensure fit.

Stacked, Cubed-out, or Loose Shipments

- Shipments loaded in such a manner requiring items to be removed to ground level for delivery to booth.
- Items that would need to be unstacked/stacked, unstrapped/strapped, or loadbars to be removed/ installed during the unload or load out process.

Multiple Shipments

 Shipments that are loaded mixed on the truck, failing to maintain shipment integrity and/or have multiple delivery areas.

Mixed Shipments

 Pieces for separate shipments that are loaded mixed throughout the delivery vehicle, or shipments of crated and uncrated goods where the percentage of uncrated is minimal and does not warrant full uncrated rate for shipment.

Improper Delivery Receipts

 Shipments that arrive without individual Bill of Lading. Possible examples might include: UPS, FedEx, company trucks, privately-owned vehicles.

Uncrated Shipments

 Material that is shipped loose or pad-wrapped, and/or unskidded machinery without proper lifting bars or hooks.

Special Handling Examples:

Side Door Loading

Constricted Space Loading

Stacked Shipments

Uncrated Shipment

Multiple Shipments

Use these shipping labels as they will expedite handling. Copies of these labels are acceptable if additional labels are needed.

Easy Ordering Tips:

- Please complete this form for all display labor needed. To determine if you need display labor, please read the show site work rules carefully.
- Exhibitor may set up exhibit display if one person can accomplish the task in less than one-half (1/2) hour without the use of tools.
- Exhibitor may unpack and place merchandise.
- Don't forget to order labor for Move In and Move Out.
- Straight Time (ST): Monday through Friday from 8:00 AM to 4:30 PM.
- Overtime (OT): All other times Monday through Friday. All day Saturday, Sunday & Holidays.

Step 1. Order Labor

Item Code	Description	Discount (\$)	Regular (\$)	Show Site (\$)	# Workers	X # Hours	= Total

Hate math? Let Expresso calculate your rates: https://e.ges.com/022600912/labor/esm

Step 2. Please Indicate Service

What is GES Supervision? An exhibitor chooses GES Supervised when they do not want to be present when the work is completed. On most shows and services, there is a minimum surcharge for the professional supervision. Remember, when an exhibitor chooses this option, they do not need to schedule a date and time for services to be completed.

Option 1 (A 30% (\$ 50.00 minimum) surcharge will be added)

GES Supervised (OK to proceed without exhibitor.) Please complete Key Information form, click here: https://e.ges.com/022600912/laborchecklist/esm

GES will supervise labor to:

- Unpack and install display before Exhibitor arrival at show site.
- Dismantle and pack the display after show closing.

- Subject to terms and conditions of all GES policies, including terms and conditions of contract, including but not limited to subparagraph VII, b., Labor.
- A 30% (\$ 50.00 minimum) surcharge will be added to the labor rates above for this professional supervision.

Location of Booth/Dimension of Booth: Use the Booth Layout Form to represent your booth, indicate from each boundary how you would like your booth placed.

Installation and Dismantling Order Form

All orders are governed by the GES Payment Policy and GES Terms & Conditions of Contract as specified in this Exhibitor Services Manual.

Email

Booth Number

What is Exhibitor Supervision? An exhibitor chooses Exhibitor Supervised so they are able to instruct the laborer. The exhibitor is required to be in the booth and there are no supervision fees. Scheduling a date and time is necessary for this choice.

Movo In

Option 2

Exhibitor Supervised

- Indicate workers needed for installation and dismantling
- GES assumes no liability for loss, damage or bodily injury arising out of the installation and/or dismantling of Exhibitor's property by GES provided union labor. Exhibitor assumes the responsibility and any liability arising therefrom, for the work performed by union labor under Exhibitor's supervision. Exhibitors must stay clear during movement of freight.

Please estimate the number of workers and hours per worker needed for installation. Invoice will be calculated according to actual hours worked, relative to the original estimate and based upon the date received. Additional labor required will be calculated and invoiced at the show site rate.

MM/DD/YR	AM PM	AM PM	

Important Information

Starting time can be guaranteed only when labor is requested for the start of the working day. All exhibit labor scheduled at the start of the working day will be dispatched to booth space. For all other starting times, check in at the labor desk one-half (1/2) hour before time requested. Labor cancelled without a 24 hour notice shall be charged a one (1) hour cancellation fee per worker. If Exhibitor fails to use the workers at the time confirmed, a one (1) hour "No-Show" charge per worker will apply.

The minimum charge for labor is one (1) hour per worker. Labor thereafter is charged in half (½) hour increments. Gratuities in any form, including cash, gifts, or labor hours for work not actually performed are prohibited by GES. GES requires the highest standards of integrity from all employees. Please call our confidential Always Honest hotline at 866.225.8230 to report fraudulent or unethical behavior. All rates are subject to change if necessitated by increased labor and material costs.

Hanging Sign / Truss Labor Information

All orders are governed by the GES Payment Policy and GES Terms & Conditions of Contract as specified in this Exhibitor Services Manual.

AutoMobility LA Los Angeles Convention Center November 27 - 30, 2017

Please complete and return the Hanging Sign / Truss Labor Order Form by October 30, 2017.

By sending us this information in advance you will help us assure your sign is properly assembled and installed.

Hanging Signs:

GES is responsible for assembly, installation, and removal of all hanging signs.

- All signs must be designed to comply with Show Organizer rules and regulations and facility limitations.
- All signs, with the exception of banners, must have structural rigging points and signs exceeding 200 pounds must include detailed construction plans with a current structural engineer's stamp
- If your sign requires electricity, make sure it is in working order and in accordance with the National Electric Code.
- Include Showsite Exhibitor contact information with the order.
- Include engineer-stamped drawings with hanging instructions as well as a set of assembly instructions (placement/ orientation) with the order. GES accepts no liability for any work completed without such instructions, when required. Work is done at Exhibitor's risk and Exhibitor shall indemnify and defend GES and Show Organizer from any claims arising out of or related to the installation or dismantle of any sign without approved drawings.

Truss and Hoists:

GES is responsible for assembly, installation, and removal of all truss.

- All truss must be designed to comply with Show Organizer rules and regulations as well as facility limitations.
- All truss must be from a recognized manufacturer. Manufacturer load specifications for your truss must be at show site prior to rigging.
- Climbing on truss is strictly prohibited.
- All lamps and fixtures to be attached to truss must be in good working order and in compliance with the National Electric Code.
- All hoists must be from a recognized manufacturer and must be in good working order.
- Hoist maintenance records should be available for inspection by GES.

Step 3. Schedule Hanging Sign Labor for Exhibitor Supervised Work

Starting time can be guaranteed only when labor is requested for the start of the working day. All exhibit labor scheduled at the start of the working day will be dispatched to booth space. Confirm labor and equipment by 2:30 PM the day before date requested. If labor is not requested for the start of the working day, please have a representative pick up the crew at the labor desk and supervise the work to be done. Equipment and labor cancelled without a 18 hour notice shall be charged a one (1) hour cancellation fee per worker and equipment. If Exhibitor fails to use the workers and equipment at the time confirmed, a one (1) hour "Not Ready" charge per worker and equipment will apply.

The minimum charge for labor is one (1) hour per worker and equipment. Labor thereafter is charged in half (½) hour increments per worker and equipment. Gratuities in any form, including cash, gifts, or labor hours for work not actually performed are prohibited by GES. GES requires the highest standards of integrity from all employees. Please call our confidential Always Honest hotline at 866.225.8230 to report fraudulent or unethical behavior. All rates are subject to change if necessitated by increased labor and material costs.

Please estimate the number of workers and hours per worker needed for installation. Invoice will be calculated according to actual hours worked.

Step 2. Please Indicate Service

Option 1

C Exhibitor Supervised (Do not proceed)

- You must schedule date & time below as well as # of electricians and estimated hours.
- GES assumes no liability for loss, damage or bodily injury arising out of the installation and/or dismantling of Exhibitor's property by GES provided union labor. Exhibitor assumes the responsibility and any liability arising therefrom, for the work performed by union labor under Exhibitor's supervision. Exhibitors must stay clear during movement of freight.
- Labor cannot be scheduled prior to assigned target date.

Phone Number

Option 2

◯ GES Supervised (OK to proceed without exhibitor.)

- A 30% (\$50.00 minimum) surcharge will be added to the labor rates above for this professional supervision.
- This option is highly recommended so that work can be completed prior to your arrival onsite.
- If left unchecked and a booth layout is available, GES will proceed with the floor work.

Please include Electrial Layout Form, or provide your own detailed drawing, for placement of main drop locations (MDL), outlets and fixtures. Regular rates will be applied, regardless of when the order was received, if either is not provided with your electrical order.

Exhibitor is responsible for providing surge protectors for their Goods. GES is not responsible for loss or damage resulting from power surges. Furthermore, GES' liability for any and all loss or damage is limited to the value of the cost of electrical services provided or depreciated value of Goods, whichever is less.

Electrical Checklist

All orders are governed by the GES Payment Policy and GES Terms & Conditions of Contract as specified in this Exhibitor Services Manual.

AutoMobility LA Los Angeles Convention Center November 27 - 30, 2017

Completed Credit Card Authorization Form	Required regardless of other form of payment. To secure discount rates, must be received by Electrical Discount Deadline Date.
Completed Electrical Outlet Order Forms	Must include complete Credit Card Authorization, Labor Price List and floor plan to secure discount rates, if applicable. See FAQ for more information or call GES Electrical for assistance.
Completed Labor Order Forms (Floor Work, Booth Work and Equipment Rental)	Floor Work labor must include complete floor plan. Regular or showsite rates on outlets and labor will be applied based on the date the complete order is received.
Complete electrical and overhead lighting layout	A legible, scaled floor plan must include main drop, power usage at each location with a minimum of 5 amps, and orientation. 1000 watts overhead and bay lights require floor plan for focus points.
Still have questions?	Please do not hesitate to contact us at 800-475-2098. We're here to help!

022600912

Electrical Safety and Regulation

All orders are governed by the GES Payment Policy and GES Terms & Conditions of Contract as specified in this Exhibitor Services Manual.

AutoMobility LA Los Angeles Convention Center November 27 - 30, 2017

- GES Electrical Jurisdiction (Requires labor and/or material) All distribution of electrical wiring. All facility overhead and floor distribution of electrical wiring. All materials for floor distribution must be supplied by GES Electrical. All motor and equipment hook-ups requiring hard wiring connections. Installation and/or repair of electrical fixtures. Installation of electrical motors and electrical apparatus to be energized.
- 2. Total combined wattage within booth space exceeding 20 amps will require electrical booth work labor. Labor is required to inspect and hook-up equipment pre-wired to plug into our systems. Exhibitors are not permitted to use power unless ordered. Exhibitors found using outlets without an order will be subject to the regular rate for outlets used. Sharing power or plugging into facility outlets is strictly prohibited.
- 3. No outside/external additional power sources are allowed. All show power must be provided by the official Electrical Service Contractor unless special approval is provided.
- 4. Electrical requirements for an exhibit at all convention facilities are for the safety of all Exhibitors and are based on national electrical codes and local ordinances. Too frequently, fires have been traceable to faulty wiring, sometimes because of carelessness and sometimes because of lack of understanding the risks involved. If an Exhibitor is not informed or does not understand basic safety standards for electrical wiring, an electrician should be consulted before shipment is made to the convention facilities.
- 5. Serious risks are involved, which can be eliminated by understanding basic requirements of safe wiring inside your booth. For the safety of you and the public and to avoid code violations, remember these points:
 - All wiring must have a 3-wire grounded cord with a minimum of #14 gauge.
 - Spot or flood lighting is a hazard when lamps are too close to fabrics or other material which can be affected by heat.
 - Cube taps and multi-headed extension cords are not allowed.
 - The use of clip-on sign sockets, latex, or lamp cord wire in displays, or the use of 2-wire clamp on fixtures, is prohibited by order of fire prevention bureaus at trade shows and conventions.
 - Zip cords or two-wire cords are ungrounded and could result in safety hazards. Their use is forbidden in all convention facilities. Please leave all 2-wire cords at home.
 - Exhibitor is responsible for providing surge protectors for their goods. Daisy chaining of power strips is not allowed. GES is not responsible for loss or damage resulting from power surges. Furthermore, GES' liability for any and all loss or damage is limited to the value of the cost of electrical services provided or depreciated value of Goods, whichever is less.
 - You may pre-wire your equipment to match our receptacles. Any other modifications are not accepted. Here is a list of the plugs that match our equipment receptacles:
 - 5 amp 120 volt: Standard U-ground cord cap
 - 20 amp 208 volt 1phase or 3phase: Leviton 3521 or Hubbell 3521
 - 60 amp 208 volt 1phase or 3phase: Daniel Woodhead Plug Y560P
 - 100 amp 208 volt 1phase or 3phase: Litton-Veam Plug CIR01GRH
- 6. In the interest of public safety, exhibits at all convention facilities may be inspected to determine if any violations exist. If they are found, qualified electricians are available to correct the problems. This work will be performed on a time and materials basis. If the Exhibitor does not wish to have the fault corrected, electrical service to the offending booth will not be connected. A fee of \$300.00 may be assessed for the safety and rules violation.

7. GES is not responsible for voltage fluctuation or power failure due to temporary conditions. Exhibitor is responsible for providing surge protectors for their Goods. GES is not responsible for loss or damage resulting from power surges. Furthermore, GES' liability for any and all loss or damage is limited to the value of the cost of electrical services provided or depreciated value of Goods, whichever is less. All electrical installations and connections to all electrical service should be made by a GES electrician. GES will not be responsible for any damage or loss to any equipment, component, computer hardware or software, and/or any damage or bodily injury to any person caused by installation, connection, or plugging in of any electrical outlet by persons other than a GES Electrician.

Reminder:

Check rating plates on your equipment to ensure that you will have the proper power to operate your display.

• Order 24 hour power if required for refrigeration, computer systems, water pumps, heaters, etc.

All orders are governed by the GES Payment Policy and GES Terms & Conditions of Contract as specified in this Exhibitor Services Manual.

AutoMobility LA

Los Angeles Convention Center November 27 - 30, 2017

How do I know how much power I need?

First, gather a list of all electrical equipment to be powered on in your booth. Consider some of the following elements: lighting, computer equipment, plasmas, company products, AV equipment, and lead retrieval machine. Next, you will want to notate where in your booth space the items will be placed and retrieve the power required for each item. The power voltage/wattage/amperage can be found on the equipment tag located in the back of the item. Typically most items require 110/120 volt power. Machinery leans more towards the 208 or 480 volt power ordered either in single phase or 3 phase. Now you can start calculating how power will be required in each area in your booth space. Start by combining the wattage for the 110/120 volt devices in each area and select an outlet that meets or exceeds this total. It is safer to slightly overestimate your power requirements to help minimize tripping or outages. You must order separate outlets for each electrical appparatus with a minimum of 5 amp at each location.

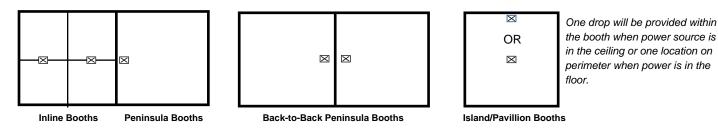

Is this price listed for power per day?

No, the prices listed on the Electrical Outlets Price List are for the duration of the show.

Where will my power be located?

For inline and peninsula booths, you will find your power located on the back side of your booth space. Island/Pavilion booth exhibits will need to submit a diagram indicating where your main power source needs to start from. If GES Electrical does not receive this information, the power will be installed in the center of your booth. Any movements of the main power source after installation will be chargeable on time and materials basis. The first ninety feet of cabling to deliver power to your booth is free. If additional cabling is necessary to power your booth, it will be charged on material and motorized equipment basis. If additional cabling is necessary to power your booth, it will be charged on time, material, and motorized equipment basis. In the following diagrams, the symbol represents the approximate location of power outlets. Main Drop Locations must be indicated on the floor plan as MDL. For Island or Pavilion booths, you need to designate one location for each outlet you order. Multiple outlet locations will be charged on a time, equipment and material basis.

What is a Main Drop Location (MDL)/Additional Drop?

MDL is the main power source located in your booth. Power is then distributed from this point. If you do not want cords run on the floor throughout your booth, you may choose to request additional drops within your booth space billed on time, equipment, and material basis. The location of the main drop should be placed in area that can either be hid or kept out of sight (i.e. closet or storage area).

How many places do I have to plug into?

You will have two connection points to plug into. Power strips can provide additional sockets, but keep in mind the power you have reserved for your booth space. Additional sockets do not mean additional power. Power strips are designed to trip at 1500 watts/15 amps. Use of the power strip on a 2000 watt outlet location will drop the use in that location to 1500 watts/15 amps. All orders exceeding 120 volts/20 amps provide one connection point only. They cannot accommodate power strips and require labor.

Do I need 24 hour power?

If you have equipment that requires power service to be on throughout the entire show (i.e. refrigerators, programmable equipment), we would recommend ordering 24 hr services. Power is turned on ½ hour before the show opens and turned off ½ hour after the show closes.

When will my power be turned on during move-in?

Every attempt is made to have power installed by the end of day on exhibitor's assigned target date. Freight hold areas (typically by freight doors) are done as space becomes available. Any special requests should be communicated to the GES Electrical Department pre-show. Once on-site, please visit the GES Electrical Service Desk.

Why are the power outlet rates for the outdoor lots higher?

The rates are higher than indoor rates because the outdoor lots have minimal available power source locations. The cost is inclusive of getting power to multiple strategic power source locations in the lots. Getting the power from these locations to your booth is chargeable on a time and material basis, outside of the first ninety feet of cabling that is free. This may include cables, ramps, transformers, etc.

Do I need lighting?

Full facility lights will be turned on during show hours; however, some exhibitors choose to enhance the look of their booth or product by directing light to these areas. GES Electrical has different lighting options available. Contact GES Electrical department pre-show for suggestions and recommendations.

Can I hang my own lights?

Exhibitors (not EAC's) may hang up to four (4) arm lights per total booth space as long as the power does not exceed 2000 watts/20 amps.

Do I need to order power for the lighting I use in my booth?

Power needs to be ordered for any lights brought in by an exhibitor or EAC. Power is included for lights ordered on the Lighting Order Form. Power is not included for lights ordered on the Standard Exhibit Systems and must be ordered separately.

How do I know if I need to order labor?

Referencing the Show Site Work Rules, for safety and liability reasons, GES Electrical is required to provide distribution of all electrical wiring from the main power source (MDL) and to other power locations in your booth typically run under carpet; this is considered Floor Work labor. A good rule of thumb for estimating your floor work labor is three extension cords per hour. You may also reference previous GES Electrical invoices. Any connection of an electrical apparatus in your booth space exceeding total combined wattage of a 2000 watt/20 amp service must also be performed by electricians. This includes, but not limited to, hook-up of electrical equipment, distribution above carpet, installation of lights, monitors, hanging signs, and electrical booth structures; this is considered Booth Work labor. Both types of labor can be ordered on the Electrical Labor Order Form. Accurate estimates can help avoid additional show site labor for unscheduled returns/Go Backs. Additional electricians are billed at showsite rates. Exhibitors are responsible for managing the labor. Please notify the service desk immediately if you are not satisfied with the labor for any reason. Dismantle labor is calculated at 50% of the installation time and is based on the date and time the show closes and move-out time frames (overtime rates may apply); this is an automatic charge and does not need to be scheduled. If the nature of your booth requires specific dismantle requests, please advise GES Electrical service desk. Equipment used for dismantle is billed at one (1) hour minimum. Labor orders submitted for Floor Work – Exhibitor Supervised and Booth work must provide date and time. GES Electrical does not accept will calls. This is not considered a complete order. Regular or show site rates may apply. Floor Work – GES Electrical does not accept will calls. This is not considered a complete order. Regular or show site rates may apply. Floor Work – GES Electrical does not accept will calls. This is have a this labor will be perfor

Do I need to order labor to hang my lights?

Referencing the Electrical Outlets Order Form for GES Electrical lights: For inline and peninsula booths that require placement in the back of the booth, labor is included in the price of the lights. For peninsula and island booths that require placement away from the main power source and throughout the booth space, exhibitors are required to order labor. Keep in mind, depending on location and height, equipment may be required and billed accordingly. Typically, lights hung over 12ft require a scissor lift. Equipment rental is recommended for expediting larger quantities of light. If the lights are exhibitor owned, outside of the four (4) arm light rule, a labor order is required. If the lights are EAC owned, a labor order is required.

What if I want to use my own cords and plug strips?

Exhibitors may use their own extension cords and power strips under the regulations provided on the Electrical Safety and Regulations form (to be used over carpet only and not exposed to attendee foot traffic). Be sure to advise the electricians working in your booth that you have brought your own materials. All materials under the carpet must be supplied by GES Electrical for safety reasons.

What is an electrical floor plan and why do I need one?

A floor plan provides the electricians with the necessary information to perform the work requested in your booth space. A floor plan must have the following components: must be scaled, have orientation (call out the surrounding booths in accordance to front/back/sides in your booth), Main Drop Location (MDL), and power distribution points (provide specific measurements of these locations). GES Electrical must also receive an electrical floor plan for placements of the 1000 watt overhead lights.

How can I ensure that I receive the discount rates on my electrical order?

Be sure to submit the following by the electrical discount deadline date:

- Complete valid Payment and Credit Card Authorization.
- Order Electrical Outlets
- · Schedule Electrical Labor if distribution is required or for the hook up of electrical apparatus.
- Return complete Booth Layout Form. Prefer submission in PDF or CAD form.

All of the items listed above must be received on or before the discount deadline date in order to receive the discount rates. If one item is incomplete or missing, the order is considered incomplete and the outlet rates will be placed at regular rates and the labor rates will be based on when a complete order is received. Common examples of incomplete orders are (but not limited to) unreadable floor plans, will call (missing date/time), bulk power, no main drop location, and power/floor plan revisions. If you have any questions or concerns, please contact us.

How do I know if my Hanging Sign is Electrical?

Your sign is electrical if it requires electricity, requires a hoist or rotator, or exceeds 300lbs. Hanging Signs require lift equipment to reach the ceiling and must be ordered on the Hanging Sign Order Form. Hanging Sign must be received at the advanced warehouse and the order and payment to GES Electrical office by the discount deadline date.

Electrical Outlets Order Form

All orders are governed by the GES Payment Policy and GES Terms & Conditions of Contract as specified in this Exhibitor Services Manual.

Easy Ordering Tips:

- Electrical Labor is required for all under carpet distribution of electrical wiring, all facility overhead distribution of electrical wiring connections, installation and/or repair of electrical fixtures and installation of electrical motors and electrical apparatus.
- All materials under carpet must be supplied by GES Electrical for safety reasons.
- Straight Time: Monday through Friday from 8:00 AM to 4:30 PM
- Overtime: All other times Monday through Friday. All day Saturday, Sunday & Holidays.
- 15 minute breaks commence at 10:00 AM and 2:30 PM. Lunch hour between 12:00 PM 12:30 PM daily. Lunch will be reflected on your invoice. Time starts from the time electrician is dispatched and stops when electricians return to the desk.

Step 1. Order Labor

Item Code	Description	Discount (\$)	Regular (\$)	Show Site (\$)	# of Electricians	# Hours	Total
705060	Electrical, ST	91.50	114.50	143.00			\$
705060	Electrical, OT	183.00	228.75	286.00			\$
705060	Electrical, Night Rate	274.50	343.25	429.00			\$

Step 2. Please Indicate Service

What is Exhibitor Supervision? An exhibitor chooses Exhibitor Supervised so they are able to instruct the laborer in person. The exhibitor is required to be in the booth and there are no supervision fees. A scheduled date and time is necessary for this option.

What is GES Supervision? An exhibitor chooses GES Supervised when they want the work completed prior to their assigned target date and time. This allows exhibitors to start their booth build at their assigned target date and time. On most shows and services, there is a minimum surcharge for the professional supervision. Remember, when an exhibitor chooses this option, they do not need to schedule a date and time for services to be completed.

Floor Work (Under Carpet Electrical Distribution)

Option 1

O Exhibitor Supervised

- You must schedule date & time below as well as # of electricians and estimated hours.
- GES assumes no liability for loss, damage or bodily injury arising out of the installation and/or dismantling of Exhibitor's property by GES provided union labor. Exhibitor assumes the responsibility, and any liability arising therefrom, for the work performed by union labor under Exhibitor's supervision. Exhibitors must stay clear during movement of freight.
- Labor cannot be scheduled prior to assigned target date.
- If an electrical floor plan has been received with distribution points, GES electrical floor work labor is required. If no floor work labor is received, GES will process a floor work labor order as an Okay to Proceed. Rates will be based on when the floor plan was received.

Option 2

○ GES Supervised (OK to proceed without exhibitor.)

- A 30%(\$50 minimum) surcharge will be added to the labor rates above for this professional supervision.
 Date and time not required. No need to complete Step 3.
- Date and time not required. No need to complete Step 3. Proceed to Total and Sign.

Is there more than one (1) main drop location?

_Yes ____No

If yes, please refer to the Electrical Equipment Order Form for additional pricing that may apply.

Step 3. Schedule Electrical Labor for Exhibitor Supervised Floorwork

Installation

Start time can be guaranteed only when labor is requested for the start of the working day at 8:00 AM. All exhibit labor for 8:00 AM start times will be dispatched to the booth space. Confirm labor and equipment by 2:30 PM the day before date requested. Please have an authorized representative in booth to supervise the work to be done and sign the work order upon completion. Equipment and labor cancelled without a 24 hour notice shall be charged a one (1) hour cancellation fee per worker and equipment. If Exhibitor fails to use the workers and equipment at the time confirmed, a one (1) hour "Not Ready" charge per worker and equipment will apply.

The minimum charge for labor is one (1) hour per worker and equipment. Labor thereafter is charged in half (½) hour increments per worker.

Please estimate the number of workers and hours per worker needed for installation. Invoice will be calculated according to actual hours worked, relative to the original estimate and based upon the date received. Additional labor required will be calculated and invoiced at the show site rate. Exhibitors requiring electrical installation labor will automatically be charged a dismantle fee. Dismantle labor is charged at 50% of installation labor based on show close/move-out days/time (overtime rates may apply), and does not need to be scheduled. If electricians are required in booth at a specific time for dismantle, please notify the GES Electrical Service Desk at the show.

Gratuities in any form, including cash, gifts, or labor hours for work not actually performed are prohibited by GES Electrical. GES Electrical requires the highest standards of integrity from all employees. Please call our confidential Always Honest hotline at 866.225.8230 to report fraudulent or unethical behavior. All rates are subject to change if necessitated by increased labor and material costs.

MM/DD/YR	AM PM	AM PM	

Dismantle

Schedule Dates	Schedule Start Time	Schedule End Time	Number of Electricians
MM/DD/YR	AM PM	AM PM	
MM/DD/YR	AM PM	AM PM	

Please include Electrical Booth Layout Form or provide your own detailed drawing for placement of main drop location (MDL), outlets and fixtures. Regular rates will be applied on outlets and applicable rates on labor, regardless of when the order was received, if either is not provided with your electrical order.

All floor plans are reviewed prior to show site to circuit a hall print for installation of power. A fee of \$50.00 will be billed for this time.

Booth Work (Hanging Lights and Hooking up of Electrical Equipment)

O Hook Up: Connection and hard-wiring of all 208 or higher voltage services, electrical motors or disconnects. Connection of total combined wattage within booth space exceeding 20 amps will require electrical labor.

Clighting

- Assembly and installation of all mechanically fastened static lighting when wattage exceeds 2000 watts and hard-wiring of all 208 or higher.
- Assembly, installation and dismantle of electrical headers and/or light boxes.

○ Miscellaneous

- · Any electrical distribution and/or mechanical fastening to the exhibit or display of all electrical equipment, lighting fixtures, power tracks, etc.
- Changes to or the addition of electrical connectors to electrical apparatus.

Exhibitor Appointed Contractor

• This form is to be completed by the Exhibitor

An Exhibitor Appointed Contractor (EAC) is a company other than the "general or official" service provider on the show that requires access to your booth during installation and dismantling. The EAC may only provide services in the facility that are not designated by the facility as "exclusive" to a designated provider, or by the show organizer in a contract as an exclusive service for the "general or official" service provider or other third party.

No EAC will be allowed to work in an exhibitor's booth if this Notice of Intent to Use EAC and Policies and Procedures form, a valid Certificate of Insurance and the Agreement, and Rules and Regulations between GES and the EAC form is not completed by an authorized representative and received by GES by the deadline indicated above. This Notice of Intent to Use EAC and Policies and Procedures form must be completed for every third party (as well as any other third party ordering or requesting services from GES on behalf of exhibitor) at the above show. Multiple booths are not to be listed on one form.

		Cell Phone:		
		Email:		
\$	State:		Zip/Postal Code:	
Fax: (area code)			
		State: Fax: (area code)	Email: State:	State: Zip/Postal Code:

This form will only be accepted if it is executed by an authorized representative of the exhibiting company, and must include:

- An executed Agreement and Rules and Regulations between GES and EAC.
- A valid certificate of insurance prepared by the EAC's insurance agent with the minimum coverages as set forth in the Agreement and Rules and Regulations between GES and EAC.

GES shall have no liability to any party for damage or injuries caused by exhibitor or its third party agents. It is the exhibitor's responsibility to provide its EACs with all show rules and regulations as set forth in the exhibitor space lease and the Exhibitor Services Manual. Exhibitor agrees to indemnify and defend GES for the actions of its agents and exhibitor appointed contractors. The exhibitor agrees that it is ultimately responsible for all services in connection with the exhibit, including freight, rentals and labor. Exhibitor agrees to be responsible for any losses, damages or injuries that are caused by or attributed to EACs that are not covered or provided by EAC's insurance.

Agreement and Rules and Regulations between GES and EAC

All orders are governed by the GES Payment Policy and GES Terms & Conditions of Contract as specified in this Exhibitor Services Manual.

Attention:

Email

This form is to be completed by the EAC

The undersigned Exhibitor Appointed Contractor (EAC) has been designated by an exhibitor to perform certain services for the exhibitor at the above referenced show. In consideration of the show organizer and GES permitting the EAC to perform such services at the show, the EAC and GES hereby agree as follows:

Rules and Regulations

- 1. EAC agrees to comply with all rules and regulations of the show as outlined in this agreement, the Exhibitor Services Manual, including all union rules and regulations, and accept liability for any negligent actions.
- 2 EAC agrees that it must ascertain and comply with all rules and regulations of the venue, Show Management, and/or the Official Service Provider in order to create a safe work environment. A failure to do so can result in a delay or termination of your right to continue work if the condition cannot be corrected.
- 3. EAC agrees that the show site, dock and surrounding areas are active work zones and the EAC, its agents, employees and representatives are present at their own risk. Entry into the dock area is prohibited.
- 4. EAC must have all business licenses and permits required by the State and City governments and the convention facility management prior to commencing work. A certificate of insurance naming GES as an additional insured with appropriate insurance limits prepared by the EAC's insurance agent must be submitted to GES at least 30 days prior to the first date of move-in.
- 5. This Agreement and Rules and Regulations between GES and EAC must be completed by an authorized representative of EAC and returned to GES before the deadline noted above.
- 6. If the EAC fails to provide the documentation required in paragraphs 4 and 5 above, the exhibitor will be required to use GES for such services at the prevailing rates set forth in the Exhibitor Services Manual.
- EAC shall provide, if requested, evidence to Global Experience Specialists, Inc. (GES) that it possesses applicable and current labor contracts and must comply with all labor agreements and practices. The EAC must not commit or allow to be committed by persons in its employment any acts that could lead to work stoppages, strikes or labor problems.
- 8. EAC will be responsible for all reasonable costs related to its operation, including overtime pay for stewards, restoration of exhibit space to its initial condition, etc. Where applicable a one hour minimum labor charge will be charged at the appropriate steward rate of pay per day/per union to either the EAC/exhibitor depending upon the billing arrangement set up with GES (based upon EAC not number of booths).
- 9. The show aisles and public spaces are not part of the exhibitor's booth. Therefore, EAC is required to confine all activities to the exhibit space of the exhibitor who has given a valid order for services. Exhibitors may be charged for costs related to movement of its property if the EAC does not contain its operations within the confines of the booth. No service desks, storage areas or other work facilities will be located anywhere in the building. The show aisles and public space are not a part of the exhibitor's booth space and must be kept clear at all times.
- 10. During show hours, only EACs with exhibit badges will be permitted on the exhibit floor. No EAC will be permitted on the exhibit floor during show hours without the proper Convention name badge supplied by the exhibiting company. EAC must furnish Show Management and GES with the names of all on-site employees who will be working on the show floor and ensure that they have and wear identification badges at all times necessary as determined by Show Management.
- 11. EAC has attached herewith certificates of insurance confirming the following required insurance:
 - Commercial General Liability, including contractual liability, with limits of not less than \$1,000,000 each occurrence, \$2,000,000 general aggregate and \$2,000,000 products & completed operations aggregate.
 - Automobile Liability with a limit of not less than \$1,000,000 combined single limit each accident.
 - Workers Compensation, as required by law, with Employers Liability Limits of not less than \$1,000,000 each accident, \$1,000,000 disease each employee and \$1,000,000 disease policy limit.
 - Umbrella/Excess Liability with a limit of not less than \$1,000,000 each occurrence/aggregate.
 - All Policies (except Worker's Compensation) shall name Global Experience Specialists, Inc. (GES) (Official Service Provider), The Los Angeles Automobile Show (Show Management), AutoMobility LA (Show) and Los Angeles Convention Center (Facility) as additional insureds on a primary and non-contributory basis per the attached sample certificate of insurance.
- 12. EAC agrees to indemnify, defend and hold the Show Management, the Facility and Global Experience Specialists, Inc. (GES) harmless from and against any and all claims, lawsuits, demands, liability, costs and expenses, including reasonable attorney's fees and court costs, arising out of EAC's operations, including supervision of GES provided labor. EAC also agrees to reimburse GES for all attorney's fees and costs incurred in connection with any and all claims, lawsuits and counterclaims that should arise out of EAC's failure to adhere to the terms of this agreement.
- 13. Solicitation of business on the show floor is strictly prohibited. If EAC attempts to provide services designated to another party as "exclusive" or is discovered soliciting on the show floor including the distribution of official company literature, or otherwise does not comply with the rules, the company may be removed from the show floor, and the exhibitor will not be able to use that company for the remainder of the event.
- 14. EAC/ exhibitor may not move freight from one booth to another booth, or to meeting rooms. GES must provide labor.
- 15. EAC must coordinate all of its activities with Global Experience Specialists, Inc. (GES).
- 16. The exhibitor or its EAC should order services required from GES and the Exhibit Hall in advance. Ordering labor or services onsite (which contractors may not be prepared to provide immediately) may delay the set-up of your booth or force your set-up into overtime.

Agreement and Rules and Regulations between GES and EAC

All orders are governed by the GES Payment Policy and GES Terms & Conditions of Contract as specified in this Exhibitor Services Manual.

AutoMobility LA Los Angeles Convention Center November 27 - 30, 2017 Form Deadline Date: October 23, 2017

Company Name

Booth Number

Rules and Regulations (continued)

- 17. The exhibitor or its EAC should take steps to protect the exhibitor and the EAC's product in the booth by arranging for booth security and/or cages. GES is not responsible for items left unattended on the show floor.
- 18. EAC agrees GES is not responsible for any items stored in empty containers. Do not store empty cartons inside of empty crates. Cartons are returned from storage before crates so exhibitors may begin packing their product.
- 19. EAC/exhibitor agrees to keep "No Freight Aisles" clear at all times. If GES is required to rearrange any material situated in a clearly identified "No Freight Aisle," the exhibitor or the EAC depending upon the billing arrangements with GES will be charged a one hour minimum for forklift rental and labor.
- 20. EAC/exhibitor agrees that all outbound freight bills should be turned into the service desk on a timely basis. Holding freight bills until late in the day or turning in large amounts of freight bills to the GES Servicenter at one time may delay outbound truck scheduling and subsequently force your loading out into overtime.
- 21. During tear down, pull all manageable structures back from aisle carpet lines. Electronics, mannequins, etc. should be placed in the center of the booth.
- 22. Be aware of vehicle traffic inside and outside of the facility. All attendees should be aware of their surroundings and all individuals are solely responsible for their own safety in parking lots, driveways, access roads and non-exhibit hall areas.
- 23. Label empty cartons and crates for storage as soon as they are ready. Holding back on "empties" only adds congestion to the aisles.
- 24. For services such as electrical, plumbing, telephone, cleaning and drayage, no service provider other than the Official Service Provider will be approved. This regulation is necessary due to licensing, insurance and work done on equipment and facilities owned by parties other than the exhibitor. Exhibitors shall provide only the material and equipment they own and those materials are to be used only in their exhibit space.
- 25. Smoking is prohibited in most facilities. Smoking shall only be allowed in designated areas.
- 26. This agreement is to be interpreted under the laws of the State of Nevada.
- 27. A faxed signature will serve as an original signature and will stand as a fully executed agreement once faxed to and received by GES.

Show Site Work Rules

All orders are governed by the GES Payment Policy and GES Terms & Conditions of Contract as specified in this Exhibitor Services Manual.

AutoMobility LA Los Angeles Convention Center November 27 - 30, 2017

Union Information

To assist you in planning your participation in your show, we are certain you will appreciate knowing in advance that union labor will be required for certain aspects of your exhibit handling.

Decorators Union - Local 831

Members of this union claim jurisdiction over all set-up and dismantling of exhibits including signs and carpet installation. This does not apply to the unpacking and placement of your merchandise. You may set-up your exhibit display if one person can accomplish the task in less than one-half (1/2) hour without the use of tools.

If your exhibit preparation, installation, or dismantling requires more than one-half (1/2) hour, you must use union personnel supplied by the Official Service Contractor.

As an exhibitor, you will be pleased to know that when union labor is required, you may provide your company personnel to work along with a union installer in Southern California on a one-to-one basis.

Teamsters Union

Members of this union claim jurisdiction on the operation of all material handling equipment, all unloading and reloading, and handling of empty containers. An exhibitor may move materials that can be carried by hand, by one person in one trip, without the use of dollies, hand trucks or other mechanical equipment.

Electrical Union

Members of the IBEW claim jurisdiction for hard wiring ordered outlets to the line side of the exhibitors' equipment and wiring of caps over 120 volts to the raw cord feeding exhibitors' equipment. All plugs over 120 volts will be plugged in by electrical union personnel. Exhibitors may plug in their own plugs of 120 volts to their ordered outlets.

Gratuities

Our work rules prohibit the solicitation or acceptance of tips in cash, product or gifts in kind by any employee (union or non-union). Our employees are paid appropriate wages denoting professional status, therefore tipping of any kind is not allowed.

Work Zone

Customer acknowledges that the show site and surrounding areas are active work zones. Customer, its agents, employees and representatives are present at their own risk.

Always Honest Hotline

GES requires the highest standards of integrity from all employees. Please call our confidential Always Honest Hotline at (866) 225-8230 to report fraudulent or unethical behavior.

Stop. Think. Safety.

All orders are governed by the GES Payment Policy and GES Terms & Conditions of Contract as specified in this Exhibitor Services Manual.

AutoMobility LA Los Angeles Convention Center November 27 - 30, 2017

Safety is very important for everyone working in the Exhibit Hall.

GES values safety throughout our organization and demonstrates it in the work we perform. By following the safety guidelines below you will be doing your part in creating a safe work environment.

Safety Guidelines:

- Only authorized personnel and employees allowed, all others are prohibited.
- This is an active work zone.
- All exhibitors and attendees enter at their own risk. Do not enter the dock/yard areas.
- Stay clear of heavy machinery.
- Never stand on furniture.
- Wear closed toe shoes.
- Clean up or report spills.
- · Keep aisles free and clear of any and all debris.
- Practice good housekeeping.
- Check electrical cords for damage.
- Protect valuables at show site.
- Report any fires immediately.

If you notice anything unsafe please contact a GES employee immediately.

No individuals under the age of 18 are permitted on the show floor at any time. Show sites during these times are similar to a construction zone and considered to be hazardous. OSHA regulations prohibit minors from being present in a hazardous work environment.

Fire Regulations

AutoMobility LA

Los Angeles Convention Center November 27 - 30, 2017

The following are the Los Angeles Fire Department's minimum safety requirements for flat trade commercial and other type shows and shall apply whether the exhibit is open or closed to the public.

Fire Department – Applications for a special permit for the following shall be made fifteen (15) days in advance of the show.

- 1. Display and operate any heater, barbecue, heat-producing or openflame device, candles, lamps, lanterns, torches, etc.
- 2. Display or operate any electrical, mechanical, or chemical device, which is deemed hazardous by the Fire Department.
- 3. Use or store flammable liquids, compressed gases or dangerous chemicals. 4. Display or use any internal combustion engine.

BOOTHS

The Fire Department may require that any booth more than 8 feet in height and employing materials more than ¼ inch in thickness is of plywood, or 3/8 inch of fiberboard, used in the horizontal run of the ceiling construction, be constructed under permit from the Department of Building and safety. This does not apply to peripheral or other framework which provides support for drapery, plastic, or other approved lightweight materials used in the ceiling. Effective June 13, 1977, fire sprinkler systems will be required for covered exhibits over 750 square feet. This was changed from the previous requirement of 300 square feet.

FLAME RETARDANT TREATMENT

All decorations, drapes, signs, banners, acoustical materials, hay, straw, moss, split bamboo, plastic cloth, and similar decorative materials shall be rendered flame retardant and labeled in accordance with the provisions of Title 19. Canvas, cloth, cardboard, leaves, or similar combustible materials shall not be used in construction of ceilings for longer than thirty (30) days, and shall be completely flame retardant.

Combustible wood materials ¼ inch or more in thickness, glass or asbestos cloth may be used without flame retardant treatment.

Oilcloth, tar paper, sisal paper, nylon, Orlon, and certain other plastic materials cannot be made flame retardant, and their use is prohibited.

All flame proofing shall be performed by a person certified by the State Fire Marshal's Office.

No person or firm shall apply a flame-retardant chemical on a job unless the person or firm and the chemical are registered with, and approved by, the State Fire Marshal.

Prior to applying a flame-retardant chemical to any booth or exhibit, the registered Flame Retardant Application Concern shall first notify the manager of the property and show his State Fire Marshal Registration.

After every job of applying a flame retardant chemical by a registered Flame Retardant Application Concern, an approved Certificate of Flame Resistance shall be furnished to the person or concern for what the work was done and shall be displayed in the booth or exhibit until the close of the show.

COMBUSTIBLES

Literature on display shall be limited to reasonable quantities. Reserve supplies shall be kept in closed containers and stored in a neat and compact manner.

Combustible waste materials, empty cardboard boxes, etc., shall be deposited in metal containers with metal lids until removed from the building. Show management shall assume responsibility for adequate janitorial and rubbish pickup service performed daily. Show management shall advise all exhibitors that booths shall be cleaned of combustible rubbish daily.

Page 1 of 1

Your cooperation in furnishing this information to all parties whom may be contemplating a show or exhibit will be appreciated. For additional information, contact the Public Safety Section of the Fire Prevention Bureau, (213) 978-3650.

EXHIBIT CONSTRUCTION

All Exhibits must conform to the following regulations as outlined by the Los Angeles Department of Building and Safety

- A. Building Permits are required for:
 - 1. Booths, partitions, and displays under the following conditions:
 - a) Over 12' in height.
 - b) When constructed in a manner, which would restrict or obstruct the proper operation of an existing fire sprinkler system, such as a roof or ceiling.
 - c) When plans and/or calculations by a licensed engineer are necessary to insure structural stability.
- B. When Building Permits are required:
 - 1. Two (2) sets of construction plans are required which clearly indicated:
 - a) The job address.
 - b) Location of the proposed exhibit in relationship to the site, adjacent exhibits, and the building (Show Floor Plan).
 - c) Plan view, section view elevations and any other specifications necessary to determine the height, type, size, and use of the structure.
 - d) The materials used in construction, and how it will be construed to conform to the provisions of the Building Code.
 - 2. The Building and Safety Department may require computations prepared by an engineer or architect licensed by the State of California to accompany the plans.
- C. To secure a Building Permit:
 - 1. Secure clearance from the Los Angeles Fire Department, Public Assembly Inspector, 9th floor, City Hall East, (213) 485-6048 or 485- 6050.
 - 2. File two (2) sets of plans that bear Fire Department approval stamp with the Department of Building and Safety, Conservation Bureau Plan Check, Room 425, City Hall, 200 North Spring Street, Los Angeles, CA 90012, (213) 485-7811.
 - 3. Plan check hours are 8:00 A.M. to 4:00 P.M. Plans should be filed as early as possible, but at least five (5) days before construction work is to begin. Questions can be directed to: Special Projects Division, Engineering Conservation Bureau (213) 485-7811.

Operation of All Mechanical Lifts

All orders are governed by the GES Payment Policy and GES Terms & Conditions of Contract as specified in this Exhibitor Services Manual.

AutoMobility LA Los Angeles Convention Center November 27 - 30, 2017

Attention all exhibitors:

The operation or use of all motorized equipment for installation of booth structures or signs is not permitted by exhibitors or their appointed contractors.

- The operation or use of motorized or mechanical equipment, including mechanical scooters and carts, is not permitted by exhibitors or their appointed contractors for material handling. The use or prohibition of motorized scooters is controlled by and subject to the facility's rules, regulations and guidelines.
- All lifts, scooters, pallet jacks, dollies and manpower must be provided by the official service provider.
- Scooters and carts may only be used by the individuals to whom the scooters and carts are issued. GES equipment is for use by GES employees only. Please do not take it for your use.

Work Zone

• Customer acknowledges that the show site and surrounding areas are active work zones. Customer, its agents, employees and representatives are present on the show floor at their own risk.

Thank you for your complete cooperation.

GES Payment Policy

All orders are governed by the GES Payment Policy and GES Terms & Conditions of Contract as specified in this Exhibitor Services Manual.

AutoMobility LA

Los Angeles Convention Center November 27 - 30, 2017

Payment for Services

GES requires payment in full at the time services are ordered. Further, GES requires that you provide a credit card authorization with your initial order. For your convenience, we will use this authorization to charge your account for services, which may include labor, material handling, or any applicable fuel or energy surcharges.

Discount Prices

To qualify for discount pricing, orders must be received with payment on or before the discount price deadline(s).

Method of Payment

GES accepts MasterCard, Visa, American Express, check and bank ACH/Wire transfer.

Purchase orders are not considered payment. All payments must be made in U.S. funds drawn on a U.S. Bank. Exhibitors will be charged a \$50.00 fee for returned NSF checks.

Third Party Billing

Each exhibiting firm is ultimately responsible for all charges incurred on its behalf. GES reserves the right to institute collection action against the exhibitor if the authorized third party does not pay. See Third Party Billing Request form.

Tax Exempt

If you are tax exempt in the state in which you will be exhibiting, you must provide a Sales Tax Exemption Certificate for that state. Please send the above information to the GES office for this show.

Taxes vary by location and will be added to your invoice if you do not submit your tax exempt certificate prior to the deadline.

Adjustments and Cancellations

No adjustments to invoices will be made after the close of the show.

Please refer to the individual forms for labor and furnishings for cancellation fees. All orders cancelled by the Exhibitor or due to the cancellation of an event or their non-participation may be subject to cancellation fees equal to 50% - 100% of the total order, based upon the status of move-in, work performed and/or GES set-up costs or expenses.

A minimum non-refundable deposit of \$25.00 will be applied towards the invoice, unless there is a cancellation of your order. Additionally, GES retains the right to implement/assess a fuel or energy surcharge on all services as necessary based upon market conditions.

GES Terms and Conditions of Contract

All orders are governed by the GES Payment Policy and GES Terms & Conditions of Contract as specified in this Exhibitor Services Manual.

AutoMobility LA Los Angeles Convention Center November 27 - 30, 2017

GES Terms & Conditions are subject to change at GES' sole discretion without notice to any parties.

I. Definitions

GES: Global Experience Specialists, Inc., is hereinafter referred to as GES and/or GES Logistics, and/or Trade Show Electrical (a/k/a TSE) and/or Trade Show Rigging (a/k/a TSR) and their employees; Agents: GES' agents, sub-contractors, carriers, and the agents of each; Customer: Exhibitor or other party requesting Services from GES; Goods: Exhibits, property, and commodities of any type for which GES is requested to perform Services; Carrier: Motor carrier, van line, air carrier, or air or surface freight forwarder; Shipper: Party who tenders Goods to Carrier for transportation; Cold Storage: Holding of Goods in a climate controlled area; Accessible Storage: Holding of Goods in an area from which Goods may be removed during shows; Services: Warehousing, transportation, drayage, un-supervised labor, supervised labor and/or related services; Show Site: The venue or place where an exposition or event takes place; Supervised Labor (OK To Proceed): Union labor that is provided to a Customer to install or dismantle a booth or exhibit space, and is supervised and/or directed by GES; Un-Supervised Labor (Do Not Proceed): Union labor that is provided to a Customer to install or dismantle a booth or exhibit space and pursuant to Customer's election is not supervised and/or directed by GES. Customer assumes the responsibility and any liability arising therefrom, for the work of union labor when Customer elects to use un-supervised labor.

II. Scope

These Terms and Conditions shall be binding upon Customer, GES, and their respective Agents and representatives, including but not limited to Customer contracted labor such as Customer Appointed Contractors and Installation and Dismantle Companies, and any other party with an interest in the Goods. Each shall have the benefit of and be bound by all provisions stated herein, including but not limited to time limits and limitations of liability.

III. Customer Obligations

a. Payment for services. Customer shall be liable for all unpaid charges for services performed by GES or Agents. Customer authorizes GES to charge its credit card directly for services rendered on Customer's behalf after departure, by placing an order on-line, via fax, phone or through a work order on site.

b. Credit Terms. All charges are due before Services are performed unless other arrangements have been made in advance. GES has the right to require prepayment or guarantee of the charges at the time of request for Services. A failure to pay timely will result in Customer having to pay in cash in advance for future services. GES retains its right to hold Customer Goods for non-payment. If a credit card is provided to GES, GES is authorized to bill to such credit card any unpaid charges for services provided to Customer, including charges for return shipping. Any charges not paid within 30 days of delivery will be subject to interest at 1 ½% per month until paid.

IV. Mutual Obligation Indemnification

a. Customer to GES: Customer shall defend, hold harmless and indemnify GES from and against any claims, lawsuits, demands, liability, costs and expenses, including reasonable attorney's fees and court costs, resulting from any injury to or death of persons, or damage to property other than Goods, relating to or arising from performance of Services herein. Customer agrees to indemnify and hold GES harmless for any and all acts of its representatives and agents, including but not limited to Customer Appointed Contractors and Installation and Dismantle Companies, any subtenant or other user of its space or any agents or employees engaged in business on behalf of Customer or present at Customer's invitation, including supervision of labor secured through GES. Customer's obligations under this provision shall not apply to GES' own negligence and/or willful misconduct. Customer acknowledges that the show site is an active work zone and customer, its agents, employees and representatives are present at their own risk.

b. GES to Customer: To the extent of GES' own negligence and/or willful misconduct, and subject to the limitations of liability below, GES shall defend, hold harmless and indemnify Customer from and against any claims, lawsuits, demands, liability, costs and expenses, including reasonable attorney's fees and court costs, resulting from any injury to or death of persons, or damage to property other than Goods. GES' obligations under this provision shall not apply to claims for bodily injury arising a) from Customer's presence in areas which have been marked as "off limits to exhibitors"; and b) when exhibitors are present in the facility prior or subsequent to the effective dates or hours of Exhibitor's space lease with show management.

110717 022600912

V. Disclaimer and Limitation of Liability

Under no circumstances will any party be liable for special, incidental, consequential indirect or punitive damages, including but not limited to loss of profits or income. GES shall be liable, subject to the limitations contained herein, for loss or damage to goods only if such loss or damage is caused by the direct negligence or willful misconduct of GES. Claims presented for loss or damage arising out of incidents referenced in section VI herein will be denied.

VI. No Liability for Loss or Damage to Goods

a. Condition of Goods: GES shall not be liable for damage, loss, or delay to uncrated freight, freight improperly packed, glass breakage or concealed damage. GES shall not be liable for ordinary wear and tear in handling of Goods or for damage to shrink wrapped Goods. All Goods shall be able to withstand handling by heavy equipment, including but not limited to forklifts, cranes, or dollies. It is the Customer's responsibility to ensure that Goods are packaged correctly prior to shipment or movement on or off the Show floor.

b. Receipt of Goods: GES shall not be liable for Goods received without receipts, freight bills, or specified piece count on receipts or freight bills, or for bulk shipments (i.e., UPS, air freight, or van lines). Such Goods shall be delivered to booth without the guarantee of piece count or condition. c. Force Majeure: GES shall not be liable for loss or damage that results from Acts of God, weather conditions, act or default of Customer, shipper, or

the owner of the Goods, inherent nature of the Goods, public enemy, public authority, labor disputes, and acts of terrorism or war. d. Cold Storage. Goods requiring cold storage are stored at Customer's own risk. GES assumes no liability or responsibility for Cold Storage.

e. Accessible Storage: GES assumes no liability for loss or damage to Goods while in Accessible Storage. Storage charges are for the use of space and are not a form of insurance, or a guarantee of security.

f. Unattended Goods: GES assumes no liability for loss or damage to unattended Goods received at Show Site at any time from the point of receipt of inbound Goods until the loading of the outbound Goods, including the entire term of the respective show or exhibition. Customer is responsible for insuring its own Goods for any and all risk of loss.

g. Empty Storage: GES assumes no liability for loss or damage to Goods or crates, or the contents therein, while containers are in Empty Storage. It is Customer's sole responsibility to affix the appropriate labels available at the GES Service Desk for empty container storage, and ensures that any preexisting empty labels are removed.

h. Forced Freight: GES is not liable for Customer Goods left on the show floor after the show closing deadline, with or without a Material Handling Services/Straight Bill of Lading signed by Customer. It is Customer's responsibility to complete accurate paperwork for shipping and to ensure Customer Goods are properly labeled. If Customer Goods remain on the floor after the show closing deadline, GES has the right to remove the Customer Goods. GES is authorized by Customer to proceed in the manner chosen by Customer on the Order of Material Handling Services/Straight Bill of Lading, if one has been completed, or otherwise to ship Customer Goods at the discretion of GES and at Customer's expense. GES shall incur no liability for such shipment. GES retains the right to dispose of Customer Goods without liability if left on the show floor unattended, without labels or not correctly labeled.

i. Concealed Damage: GES shall not be liable for concealed loss or damage including but not limited to; glass, electronic equipment, prototypes, original art, uncrated Goods, or improperly packaged or labeled Goods.

j. Unattended Booth: GES shall not be liable for any loss or damage occurring while the Goods are unattended in Customer's booth at any time, including, but not limited to, the time the Goods are delivered to the dock until the time the Goods are received by Customer's chosen carrier. All Material Handling Forms and/or Straight Bills of Lading covering outgoing Goods submitted to GES will be checked at the time of pickup from the booth and corrections to the count or condition will be documented where discrepancies exist.

k. Hanging items from Booth: Customer shall not hang any articles, merchandise, product, advertisements, or other similar items from GES supplied booth materials (this includes but is not limited to GES panels or pipe and drape), utilized in Customer's own booth set up or in areas occupied by the show organizer or third parties. If Customer does hang any prohibited items, Customer alone shall be held liable for any damages, costs, actions or injuries resulting from the hanging of such item(s). GES shall have no liability for any damages, costs, actions or injuries arising out of Customer's failure to comply with this provision.

VII. Measure of Damage

a. Sole Relief: If found liable for any loss, GES' sole and exclusive maximum liability for loss or damage to Customer's Goods is limited to \$.50 (USD) per pound with a maximum liability of \$100.00 (USD) per container, or \$1,500.00 (USD) per shipment whichever is less.

b. Labor: GES assumes no liability for loss, damage, or bodily injury arising out of Customer's supervision of GES provided union labor. If GES supervises labor for a fee, GES shall be liable only for actions or claims arising out of its negligent supervision. Such liability shall be limited to the cost to Customer of the supervised labor or the depreciated value of the Goods, whichever is less. If Customer elects to use unsupervised labor, then Customer assumes all liability for the actions or claims that arise out of such work, including but not limited to loss, damage or bodily injury and shall provide GES and show management with an indemnity, including defense costs, for any claims that result from Customers' supervision or failure to supervise assigned labor.

VIII. Miscellaneous

a. Insurance. GES is not an insurance company and does not offer or provide insurance. It is the obligation of Customer to ensure Goods are insured at all times. Loss or theft of the Goods in storage or in transit to and from the show and or while on the show floor is the sole responsibility of Customer. GES recommends Customer arrange for all Risk Coverage.

b. Notice of Loss or Damage: In order to have a valid claim, notice of loss or damage to Goods must be given to GES or its agent within 24 hours of occurrence (as evidenced in an Incident Report completed at Show Site by GES) or delivery of outbound Goods.

c. Filing of Claim: Any claim for loss or damage to Goods must be in writing, containing facts sufficient to identify the Goods, asserting liability for

alleged loss or damage, and making claim for the payment of a specified or determinable amount of money. Such claim must be filed with the appropriate party within the time limits specified herein. Damage reports, incident reports, inspection reports, notations of shortage or damage on freight bills or other documents, do not constitute filing of a claim.

Claims for Goods alleged to be lost, stolen or damaged at the Show Site must be received in writing by GES within thirty (30) days after the close of the show. Claims for Goods alleged to be lost or damaged during transit must be received by the responsible party within nine (9) months of date of

delivery of Goods. GES Logistics subcontracts the movement of Goods to third party carriers. Claims for damage in transit should be made directly with your carrier as shown on the Material Handling form/ Bill of Lading.

In the event of a dispute with GES, Customer will not withhold payment or any amount due GES for Services as an offset against the amount of the alleged loss or damage. Customer agrees to pay GES prior to the close of the show for all such charges and further agrees that any claim Customer may have against GES shall be pursued independently by Customer as a separate action to be resolved on its own merits. GES retains the right to pursue collection on amounts owed after show close, without regard to any amount alleged to be owed for damage, or loss.

d. Filing of Suit: Any action at law regarding loss or damage to Goods must be filed within one (1) year of the date of declination of any part of a claim (logistics claims excluded).

IX. Jurisdiction, Choice of Forum

These Terms and Conditions of Contract shall be governed by and construed in accordance with the applicable laws of the United States or, alternatively, and depending on jurisdiction, the laws of the State of Nevada. The parties hereby submit to jurisdiction and venue in the United States Federal District Court of Nevada, or as applicable depending upon jurisdiction, the County Circuit Court in Clark County, Nevada.

X. Advanced Warehousing/Temporary Storage/Long Term Storage

All terms and conditions relative to Advanced Warehousing/Temporary Storage/Long Term Storage are contained in separate agreements titled "Storage Agreement." In the event that a Storage Agreement is not executed between the parties, the following shall apply with respect to GES' liability for Customer Goods. The responsibility of GES with respect to Customer Goods is limited to the exercise of ordinary care and diligence in handling and storing of Customer Goods. GES shall be liable only for loss or damage to Goods caused by GES' sole negligence. GES' liability is limited to \$.60 (USD) per pound with a maximum liability of \$100.00 (USD) per container, or \$1,500.00 (USD) per shipment whichever is less. In case of partial loss or damage, the maximum liability shall be prorated based on weight. GES is not responsible for any loss or damage to Goods caused by, but not limited to fire, theft, the elements, vandalism, moisture, vermin, mechanical breakdown or failure, freezing or changes in temperature, as well as any other causes beyond GES' immediate control. GES is not responsible for the marring, scratching or breakage of glass or other fragile items. GES is not liable for the mechanical functions of instruments or appliances even if such articles are packed or unpacked by GES. In no event shall GES be liable for special, incidental, indirect or consequential damages, including business loss of any kind, resulting from any damage to or loss of the Goods or from any act or failure to act. Customer pays storage fees or costs for advance warehousing for use of the space only. There is no guarantee of security or representations made by GES as to appropriateness of the conditions for Customer Goods. The risk of loss remains Customer's alone and GES recommends the Customer carry and maintain insurance in amounts sufficient to cover its risk.

XI. Personal Data

Customer authorizes GES to use personal information ("PI") submitted to GES in connection with the Show as follows: (a) GES stores, processes and transmits credit card information only in compliance with Payment Card Industry Data Security Standards security requirements; (b) GES stores credit card information through its expiration date to better serve Customer's future event needs, unless Customer instructs GES to delete it earlier; (c) GES uses PI only as necessary to administer orders for the Show but otherwise does not disclose PI without either Customer's express authorization or a mandatory legal requirement; (d) GES retains PI of Customer's primary contacts (including name and email) on an ongoing basis to better serve Customer's future event needs until either GES' Privacy Policy requires or Customer instructs GES to delete it; and (e) GES securely stores PI including credit card information on servers located in the United States. GES protects PI with technical, organizational and other safeguards in conformity with applicable data protection laws including, without limitation, privacy laws of European Union countries. If Customer provides GES with PI of a European Union resident, then Customer warrants that it is authorized to do so for the above purposes and the parties agree to cooperate by executing further agreements as required by applicable law. Data subjects have the right to access, amend and oppose the use of their PI. GES may be contacted as provided in its Privacy Policy published at <u>http://www.ges.com/us/legal/privacy-policy</u>.
