

Demonstrators

- Vantage Advertising is the official IDDBA 2023 demonstrator provider.
 - Demonstrators hired through Vantage Advertising by an exhibitor to work in their booth may register at no charge when the exhibitor agrees to the demonstrator guidelines.
 - Demonstrators not hired through Vantage Advertising will be charged the standard registration fees (\$300-\$525).
 - Demonstrators must remain in their own booth. As a matter of safety and courtesy to others, demonstrators outside the exhibitor's space are not permitted. Such activities must be contained inside the contracted booth space.
 - Demonstrators must be properly and modestly clothed. Excessively revealing attire is prohibited.
 - Demonstrators must practice social distancing and other COVID-19 safety practices.
 - To register demonstrators:
 1. Fill out the Vantage Advertising order form and return to Vantage Advertising.
 2. Fill out the Demonstrator Staff Application form and return to IDDBA. E-mail the completed form to exhibitorservices@iddba.org.
- Both** forms must be completed and returned by May 19, 2022 or the demonstrator registration will be subject to full registration fees (\$300-\$525).
- **Demonstrators from Vantage Advertising will be registered at no charge when:**
 1. A completed, signed, and approved Demonstrator Staff Application form (subject to approval and limits), with a valid credit card guarantee of performance, is received and on file at IDDBA by May 18, 2023. See Demonstrator Staff Application for details.
 2. A time sheet and work contract are completed by Vantage Advertising.
 - No employee from the exhibiting company, family member of an attendee, or industry employee serving as a demonstrator will be allowed to register free of charge.
 - Once the Vantage Advertising contract and IDDBA Demonstrator Staff Application have been received at IDDBA, Vantage Advertising will assign a demonstrator staff person (closer to the show date). IDDBA will register that person and the exhibiting company will receive a copy of the demonstrator badge confirmation.
 - **Remember** - the use of demonstrators is a privilege and an exception to the rule. IDDBA reserves the right to determine at what point demonstrators constitute interference with others and to revoke a demonstrator staff's no charge admittance or remove them from the expo and/or limit the number of demonstrators permitted in one booth.
 - All demonstrators must be trained on proper food safety guidelines.
