

E3 2023 EXHIBITOR PARKING

Los Angeles

CONVENTION
CENTER

Managed by **ACM**
AECOM

Move-In Days | June 9-12
Show Days | June 13-16
Move-Out Days | June 17-20

For E3 2023, exhibitors will now be able to manage and distribute **digital parking passes** to their staff and guests at their fingertips!

Once your order is received, each exhibiting company will be issued an exclusive online parking portal which holds the inventory of the parking passes of their order. From the portal, exhibitors will be able to send parking passes by simply emailing directly to recipients. Exhibitors can avoid the need to have parking passes mailed or picked up in advance to distribute to staff and guests. Hard parking passes are still available as an option to exhibitors upon request.

As previous years, parking passes are for non-reserved parking spaces and available on first come, first serve basis.

**EXHIBITOR PARKING DEADLINE:
TUESDAY – MAY 30, 2023**

After the deadline date, parking passes will be offered based on availability. There is no guarantee that exhibitor parking passes will be available for sale after the deadline date.
