

BOOTH LAYOUT APPROVAL NOTICE

Due to extravagant booth heights and sightline violations, all booth displays that exceed the 8-foot height limit, REGARDLESS of booth size, MUST turn in a diagram of the booth display to be approved by Show Management. The layout needs to label all measurements of the display, including width and height, along with any other pertinent booth design information.

Acceptable Rendering Types:

- Building Plans
- Line Drawings
- A photograph of the booth display

****ALL FORMS ABOVE MUST INCLUDE DIMENSIONS**

Please submit diagrams with dimensions to ISSE Show Management by April 20th, 2022 via email:

Email: jen@probeauty.org

All layouts will have approval within 2 weeks of submission. Don't delay setup with extra costs or alterations. Get your booth design approved BEFORE the April 20th deadline!!
