The League for Innovation is committed to providing accurate information about exhibitors, especially the latest contact information, within the pages of the *Guide to the Exhibition*. To prevent errors from being printed in the *Guide to the Exhibition*, be sure to verify that all information on your contact page is accurate.**

3. Supply Your Logo

Logos may be uploaded as a digital file ([Illustrator EPS](#) or [Grey Scale TIF](#)), but they must be black and white and high resolution **with a minimum resolution of 300 dpi.**

John & Suanne Roueche Excellence Awards

John E. and Suanne D. Roueche, leaders in the community college field and early proponents of the idea that teachers have major responsibility for how well students perform in the classroom, have been partners and friends of the League for Innovation in the Community College for over thirty-five years. What began as a working relationship with the founders of the League has evolved into a full-fledged partnership through collaborative efforts on projects of mutual interest and national concern.

In recognition of the long tradition of excellence in community college teaching and leadership, the League established the [John & Suanne Roueche Excellence Awards](#) in 2012. These annual awards are open to [League Alliance member](#) institutions to celebrate outstanding contributions and leadership by community college faculty and staff. Recipients are recognized in a series of activities and promotions, and honored at special events at the League's *Innovations* conference each spring.

John E. Roueche & Terry O’Banion International Leadership Award

The John E. Roueche & Terry O’Banion International Leadership Award, also established in 2012, is presented to outstanding individuals whose accomplishments and professional contributions to higher education and the community college field are recognized as motivational, inspirational, and transformational. An awards committee, consisting of national experts and selected League leadership, reviews nominations and confirms final designations. An award winner is honored at each year’s *Innovations* conference.

AWARDS SPONSORSHIP OPPORTUNITIES

Innovations conferences have drawn well over **2,300 participants** in the recent past and will continue to be one of the most popular events in the community college world.

Your sponsorship is an easy and affordable way to promote your products and services to a targeted professional audience.
