All exhibitors may request the lights located directly over their booth be turned off. For the purpose of lights out, there are three categories of requests:

- 2. Partial Over Booth - Lights partially over exhibitor's booth and partially over adjacent aisle or exhibitor.
- 3. Adjacent Aisle Lights - Lights completely over adjacent aisle.

Lights in category 2 and 3 must be approved onsite by: Fire safety officials and affected neighboring exhibitors, as well as Show Management. In these instances, lights in question may be shrouded (fabric hung around light to screen light from a certain area).
