

## Industry Education Workshop Application

Take advantage of the exhibitor sponsored Industry Education Workshops! Located in the Exhibit Hall, Industry Education Workshops offer exhibitors an excellent opportunity to provide increased learning opportunities for attendees and an opportunity for exhibitors to present products and services beyond their booth space. Gain additional face-to-face contact with potential buyers through this unique forum.

These commercial workshops are conducted by exhibitors inside the exhibit hall. A limited number of 60-minute sessions will be presented each day. These workshops are listed on the Congress mobile app and are highlighted on signage at the company's booth. If you wish to video tape your session you may do so by using ETS audio visual.

### APPLICATION INSTRUCTIONS

Workshop fees are \$5,000 - \$7,500. Application must be received by November 14, 2018. The room is carpeted and set theater-style to accommodate approximately 140 attendees. A head table, screen, LCD projector and a sound system with a lavalier microphone are included in the fee. Costs for additional requirements are the responsibility of the exhibitor, and an order form for additional equipment will be sent with your confirmation. **The sponsoring company is responsible for costs associated with speakers and additional requirements. Signage announcing the workshops will be located throughout the exhibit hall. Additional promotion (i.e. pre-conference mailer, door drop, available lunch/snacks, etc.) of the Industry Education Workshop is strongly recommended and is the sole responsibility of the sponsor. Each industry education workshop will be promoted via an audio announcement in the Exhibit Hall approximately five minutes prior to its start time.**

**Enduring Option:** Extend the life of industry sponsored education by having your session included in Congress On Demand. Both attendees and non-attendees can access from the comfort and convenience of their home or office throughout the year. **Additional Investment: \$10,000.**

Content requires advanced approval by SCCM for each session. These sessions do not provide continuing education credit. Workshop content must be interactive and scientifically current.
