If you have an island booth and/or require electrical distribution, you must submit a booth floor plan with your Electrical Service Order Form to ensure that your outlets and lighting are properly placed. If you do not have a booth floor plan, please use the grid on this page and submit it with your electrical order. (See the Electrical Service Information Sheet for additional information).

To use this grid:

- Use bold lines to indicate the outline of your booth.
- Indicate the scale of the grid (e.g., 1 square = 10 feet) or indicate the dimensions of your booth.
- **Mark the adjacent booth numbers or aisle numbers.** This will help us orient your service correctly.
- Mark outlet locations, expressed in watts or amps and voltage in each location.
- Mark main power location.
- Print this form and send it with your prepaid Electrical Rental Order Form.
- Credit card information must be provided on the Electrical Rental Order form before labor will be performed.
