EXHIBITOR INFORMATION & GENERAL POLICIES

(Listed in Alpha Order)

The following regulations are hereby made a part of the Exhibitor Lease Agreement and the provisions of both will be in effect. All matters and questions not covered by these regulations are subject to the decision of Show Management and may be amended at any time to accommodate the best interest of the show.

Additional Hours

Show Management must approve all requests for early or late entry on the show floor other than the designated published hours of operation.

Booth Listings

While every effort will be made to ensure accurate booth listings, Show Management is not responsible for inaccurate exhibitor listings and/or other errors/omissions made in the Dallas Market Center's Buyer's Guide, or the exhibitor directory. Compensation will not be granted in the event of inaccurate listing.

Breaking Down Early

Early packing of product and/or pre-breakdown of booth display is strictly prohibited. Any exhibitor who dismantles, partially or in whole, their booth display prior to the official closing of the show will immediately lose location for next show AND a fine of **\$300** will be charged. Future show participation will also be in jeopardy. **DO NOT** schedule departure flights that may compromise your future participation.

Exhibitor Conduct

- All exhibits **MUST** be contained within the exhibitor's contracted area. If your booth intrudes into another exhibitor's space or anywhere outside the confines of your assigned booth space, you are in default of your lease agreement and will be required to make immediate changes.
- Exhibitors are not allowed to enter the exhibit space of another exhibitor and at no time may anyone enter an exhibit space that is not staffed.
- Exhibitors are prohibited from taking photographs, filming or taping the exhibit or product of another exhibitor. Violators will be required to immediately relinquish the film, tape or cell phone to show management.

Exhibitor Services

Official Contractors have been appointed to ensure smooth installation, dismantling, and operations during the Exhibition. Although full-time employees of exhibitors and exhibitor-appointed contractors may be authorized to gain access to exhibit areas, exhibitors are urged to obtain required services and labor from the Official Contractors.

Fire Regulations

Exhibitors must comply with all governmental mandated fire rules and regulations. See regulations in the Contractor Services section.

Installation/Dismantle Labor

GES has been appointed Official Labor Contractor to ensure the sufficient number of qualified craftsmen necessary to install and dismantle the Exhibition. Exhibitors are urged to assess labor needs before move-in begins. Use the Installation & Dismantling Order Form provided to order help as needed. GES will assign labor on a first-come, first-serve basis.

Full-time employees of your company may be used to install or dismantle your exhibit or you may utilize an Exhibitor Appointed Contractor. All hired temporary labor personnel must be obtained through GES, the official labor contractor.

EXHIBITOR INFORMATION & GENERAL POLICIES

CONTINUED

Late Installation

If installation of any crated exhibit has not started by 4:00 PM on the last day of move-in and no arrangements for set-up have been made, then Show Management may erect the exhibit and Exhibitor will be billed and agrees to pay for all charges incurred. Show Management shall not be liable for damages that may occur during this exhibit set-up. In the event Show Management arranges to erect exhibit, payment of services must be paid in full before freight can be removed from the show.

Miscellaneous

These regulations are hereby made part of the Exhibitor Lease Agreement and the provisions of both will be in effect. All matters and questions not covered by these regulations are subject to the decision of Show Management and may be amended at any time to accommodate the best interest of the show.

Music, Audio-Demonstrations, Noise

If your product(s) and/or product demonstration produces sound that may be disruptive to neighboring exhibitors, we ask that you be mindful of volume at all times. Should Show Management receive complaint(s) regarding the noise level coming from your booth, you will be required to lower the volume and possibly eliminate the activity all together.

Music in Booths

The performance or use of live or mechanically-produced music that is such type as to come under the jurisdiction of any of the performing rights organizations, such as the American Society of Composers, Authors and Publishers, (collectively "Organizations") is **strictly prohibited**, unless you can provide us written evidence either (a) that any required licensing fees have been previously paid to the appropriate Organizations to cover the period of the Show; (b) that you have express permission from the copyright owner to perform the music at the Show; or (c) that you, in fact, are the owner of the copyright. This may be accomplished by providing us with a copy of an agreement with the appropriate Organizations with respect to such licensing fees, a copy of an agreement with the copyright owner granting you permission to perform such music, or written representation that you are the copyright owner of the music to be used. You should note that express permission from the copyright owner relating to reproduction and/or distribution rights, does not include performance rights; hence the copyright authorization that you provide us must specifically reference performance rights. Moreover, U.S. copyright laws contain no exemption allowing you to perform such music at a tradeshow for purposes of promoting sales of that music. **Exhibitor must provide the above-mentioned requested evidence prior to the Show.**

Products Displayed

Exhibitor agrees to advertise or display only such products indicated by the Exhibitor in the "Product/Service Category" section of the Exhibit Lease Agreement. No Exhibitor shall display any product which infringes upon the registered trademark, copyright or patent of another company as has been determined by a court of competent jurisdiction.
