

NS-AUA 2017

HYATT REGENCY HOTEL SAVANNAH

Exhibitor Materials - Shipping

Advance Shipments

As a convenience to NS-AUA Exhibitors, GES offers 30 days of complimentary storage in the GES Advance Warehouse prior to the NS-AUA 2017 conference. There are considerable advantages to shipping to the GES Advance Warehouse including:

- Complimentary storage during the window of September 7 through October 6.
- Exhibitor freight from the Advance Warehouse is delivered to booths prior to exhibitor set-up, and therefore economizes exhibit set-up time.
- Complimentary storage of empty crates and containers during the show.
- Priority return of crates and containers immediately following the close of exhibits on Friday Oct. 13 @ 12:30pm.

Please visit the GES Expresso website for NS-AUA for complete details, including material handling costs:

Personally Operated Vehicles

Exhibitors who prefer to bring their exhibit materials with them to show site are encouraged to bring their materials to the bellman at the front door of the Hyatt Regency, the bellmen will deliver the materials to the booths.

- There is no designated area for exhibitors to park for self- load/ unload in the immediate area of the Hyatt Harborside Ballroom—the venue for NS-AUA exhibits.
- Local traffic controls in the Historic District of Savannah inhibit direct to show site shipments, and does not allow for the operation of standard direct to show site receiving procedures by GES. All material handling arranged through GES must be shipped to the GES Advance Warehouse.
