

Spraying Request Form

Deadline: June 30, 2026

If you plan to spray substances in your booth during IWF, you must complete this form and return it to IWF by **June 30, 2026**. Approval will be granted by the State of Georgia Fire Marshal.

Exhibiting Company: _____ Booth #: _____

Company Contact: _____

Phone: _____ Fax: _____ E-mail: _____

Address: _____

City/State/Zip: _____ Country: _____

Please include the following information with this completed form:

- Material Safety Data Sheets for all substances you will be spraying.
- The type of spraying system that will be used to apply the substances.
- List and describe the materials to which the substances will be applied.
- A diagram showing the location within your booth space where spraying will take place.
- Describe how the overspray and/or fumes will be vented or contained (if applicable).

We will forward the above information to the Georgia World Congress Center and the State of Georgia Fire Marshal for approval. (Exhibitor is responsible for all costs associated by the Fire Marshal review and exhibitor will be billed by the Georgia World Congress Center.)

Once your request has been approved, we will send you a written copy of the approval for your files. No spraying will be allowed without approval.

Submit this form and all supporting information by **June 30, 2026** to: ExhibitorServices@iwfatlanta.com
