## FIRST AID

Show Management and the partners of World of Asphalt & AGG1 2021 care about exhibitor and attendee safety and security. Show Management will provide twenty-four (24) hour first aid station with certified paramedic staff for the duration of the installation, show days and dismantling periods starting March 6 until March 16, 2021.

The first aid station is located outside Building B exhibit halls on Level 1 (outside B1, B3 and B4)

## COVID 19 SAFETY

For the safety of all, if you are experiencing any symptoms of COVID 19, we ask you not to come to the exhibition. If upon arrival of the exhibition, any attendee or exhibitor experiences symptoms of COVID 19, a separate first aid room will be provided in Room C301 at the Georgia World Congress Center.
