

HD Supply Connect Lead Retrieval Devices

HD Supply is excited to partner with Rainfocus to offer Lead Retrieval devices for the expo. Each booth package comes with a designated quantity of devices, and extra device rentals are available for purchase.

Lead Retrieval Benefits:

- Pre-event, exhibitors can log on to the Leads Portal to set up and manage their scanners. Then, they can log in at any time during or after the event to access and assess their leads.
- Exhibitors can set up and manage their scanners with custom qualifying questions and settings.

Lead Retrieval Devices Included:

| Package | Devices |
|----------------|---------|
| Diamond | 5 |
| Platinum | 4 |
| Gold | 3 |
| Silver | 2 |
| Exhibitor Only | 1 |

To purchase additional devices:

1. The primary expo contact for your organization will have access to purchase additional device rentals. This primary contact is typically the person who completed your initial booth registration.
2. Log in to your HD Supply Connect [account](#).
3. Click on the Exhibitor Portal.
4. From here, you can manage your lead retrieval devices and purchase additional licenses as needed.
