RE: Your MODEX 2026 Exhibitor Service Manual

Congratulations on your decision to exhibit in MODEX 2026. MHI staff is ready to assist you as you make preparations to showcase your products and services.

This Exhibitor Service Manual is a comprehensive, step-by-step guide designed to assist you as you are planning and setting up your booth. It contains order forms and deadlines for exhibitor badges, equipment, furniture rental, labor, freight handling, electrical, and other services offered by MHI and the show service contractors. Be sure to review and use the exhibitor checklist provided in the Exhibitor Resource Center to document the completion of each step necessary in preparation for your exhibit. **Please note that the deadline for the majority of exhibitor services is March 16, 2026.**

While you may be tempted to skim this manual for specific items, I encourage you to read it in its entirety. Please be sure to read the rules and regulations section carefully as you are planning your exhibit. Also, in order to take advantage of *advance order discounts*, we recommend that you order required services as soon as possible. Please do not wait until you arrive in Atlanta to request needed services. This will be more costly and will cause pre-show confusion.

Show Management is at your disposal for any further information you may require regarding your participation in MODEX 2026. If you have any questions after reviewing this Manual, please do not hesitate to contact us.
