Models are 16 to late 20's and we cater to specialty and resort lines with lifestyle and shoe models. Each person is pre-screened and we meet them in person prior to booking. Lines can send samples to the agencies for live fittings, and we will return the swimwear to you.

At the Model Call on January 13th if you have not hired your booth assistants or models please come see us at the model call. Room TBD. Models wear a bikini – no thongs and have hair and make-up model ready. They know sizes & measurements. Exhibitors are welcome to bring suits to the model call for fittings.

Rates from \$200-\$400 day rates. Several upscale models work at \$500.
