B. Canvassing & Other Activities: No person, firm or organization not having contracted with the Association for the occupancy of space in the Exhibition will be permitted to display or demonstrate its products, processes or services, or distribute promotional materials in the Exhibit Hall, convention center or corridors or in hospitality suites. Any infringements of this rule will result in the prompt removal of the offending persons from the Hall, and exhibitors waive any and all rights for claims against the Association arising out of the enforcement of this rule.

1. Circulars or other promotional material may be distributed only from the exhibitor's booth space.
2. The Association reserves the right to reject, cancel, remove or restrict exhibitors whom, because of noise or any other reason, shall interfere with the best interests of the Exhibition as a whole.

Balloons, horns, use of other mechanical devices that create objectionable noises, odors or congestion are prohibited. Show Management reserves the right to determine when such items become objectionable.

E. Eviction: Show Management reserves the right to restrict the operation of, or evict completely, any exhibit which, in its sole opinion, detracts from the general character of the Show as a whole. This includes, but is not limited to, an exhibit which, because of noise, flashing lights, method of operation, are determined by Show Management to be objectionable to the successful conduct of the Show as a whole. Use of so-called "barkers" or "pitchmen" is strictly prohibited.

F. Behavior towards Your Competitor: Abusive language, threats, assault, vandalism, theft and other conduct detrimental to the successful staging of an event are grounds for immediate removal from the premises or arrest, depending on the nature of the offense: Every exhibitor must adhere to the rules and regulations set forth

for the conference. If an exhibitor has a complaint to make against another organization, we ask that you refrain from confronting that organization regarding the issue. Please contact Show Management immediately, so that we can follow the proper measures needed to resolve the issue.

SNA DOES NOT tolerate the destruction or vandalism of an exhibitor's booth or the disrespectful behavior towards a colleague. Professionalism is to be displayed at all times. While on the exhibit floor, exhibitors may not make disparaging references or claims, either verbally or in print, regarding a competitor or other outside company and its products.

B. Booth Configuration & Restrictions: *All exhibits must be confined to the limits of their respective booths as indicated on the floor plan. Back wall of booth is 8 feet high; side dividers are 3 feet high. No special signs, booth construction, apparatus, equipment, lighting fixtures, etc., will be permitted to extend above 8 feet with the exception of island or perimeter spaces. Perimeter booths (booths located on the outer wall of the exhibit floor) are restricted to 10 feet in height. Island booths (exhibit exposed to aisles on all four sides) having exhibit fixture & components exceeding 12 feet in height must submit drawings for approval by Show Management and GES. Based on the facility design, new height restriction for a structure within an Island booth is 12 feet. Materials up to 8 feet in height may be placed within 5 feet from the back wall. Exhibit material must not be set up so as to interfere with the view into adjoining booths. All materials must conform to local building, electrical and fire department codes and regulations. Each exhibitor is entitled to reasonable sight lines from the aisle regardless of the size of the exhibit space. We ask that those companies exhibiting within island booths be mindful & courteous to your neighboring exhibitors. Please do not create a structure that will block the sight line of the aisle.*

C. Care of Exhibit Space: Specific dates and hours for installation of exhibits will be communicated to exhibitors. If erection of any exhibit has not started by five hours prior to opening (unless prior written approval is received from Show Management) the Association shall order the exhibit to be rejected and the exhibitor billed for all charges

incurred. All exhibits must be fully operational and completely installed no later than two hours prior to opening. After this time, no installation work will be permitted without special permission from Show Management. The Association follows the general guidelines for booth construction as established by IAEE (International Association for Exhibitions & Events).

This notice must state the maximum occupancy permissible or total weight load allowable on the second story at one time. If the second story occupancy level allows more than ten (10) people at one time, a second stairway must be present.
4. All materials used in the construction of the booth and all decorative materials (drapery, table coverings, banners, foam board, signs, set pieces, etc.) within exhibitor booths and those used for special events must be non-combustible or made flame retardant. Certificates of flame retardant treatment must be submitted to the Fire Marshall along with samples of said materials prior to construction of booth.
