Example: Storage area, back of booth, etc. Unless specified, the default for the "MDL" will be the back of the booth or where Smart City deems the most convenient. IMPORTANT! Prior to installation of service, a complete Floorplan is required. Please utilize this grid should you not have your own Floorplan to send us. You may use a different Floorplan for each service group (Telephone, Internet, etc.) or combine all services on one Floorplan. For a Floorplan to be considered complete it must include all the information listed below (Main Distribution Location "MDL", designated location of items within the booth, surrounding booths, scale-length and width).
