We're excited to welcome you to Global Pet Expo 2027! Please take a moment to review the important information below.

For a smoother and more efficient move-in/out, a targeted move-in and move-out schedule and advanced delivery for hanging signs procedures will be implemented.

Shipping Your Freight

To help streamline setup, we **strongly recommend** shipping your freight to the **GES Advance Warehouse.** Freight sent to the warehouse will be delivered directly to your booth based on the targeted move-in schedule, saving you time and ensuring an efficient installation.

If you're using an outside carrier and your shipment will **not** make it to the GES warehouse by the deadline, it's important that you follow your **GES Targeted Move-In Schedule** closely to avoid delays.

Hanging Signs

If your booth is **1,000 sq. ft. or larger,** please note that **all hanging signs must be sent to the GES Advance Warehouse by Wednesday, March 3.**

Other Services

To keep everything on track, we encourage all exhibitors or submit the following to the Orange County Convention Center (OCCC) as early as possible.
- Rigging requests
- Electrical orders
- Floorplans

Getting these in early will help prevent last-minute issues on site.
We can't wait to see you at the show!
