COLD STORAGE

We do not have cold storage available. Please plan accordingly.

COPYRIGHTED MUSIC

If any copyrighted music is to be played in your booth, you must obtain all necessary licenses from the copyright owner or licensing agency representing the copyright owner. The licensing requirements include the playing of live, as well as recorded music, (records, tapes, compact discs, etc.) and also include music, whether it is the essence of the presentation or is only used as background, on a videotape or other presentation.

The proper license must be posted in your booth and available for inspection at the request of Show Management or properly authorized agents of ASCAP or BMI. We advise you to contact these agencies as listed below to acquire the proper licenses:

ASCAP Licensing Dept. 1 Lincoln Plaza New York, NY 10023 Tel: 212-621-6000	BMI (Broadcast Music, Inc.) 10 Music Square East Nashville, TN 37203-4399 Tel: 800-925-8451, 615-401-2000
---	--

Adherence to these federally mandated copyright licensing laws is of critical importance. Failure to do so is both a violation of federal copyright law, and a breach of your contract for exhibit space for the show.

CRATE REMOVAL, STORAGE AND RETURN

Empty crates, shipping containers, cardboard boxes, etc. marked with **"EMPTY STICKERS"** will be removed to storage and returned to your booth at the end of the show by our floor crew at no additional charge, **provided you have used material handling services for the delivery of your booth**. Do not store merchandise in crates or cartons marked for empty storage or behind booths- this is prohibited due to Fire Regulations in the building. **"EMPTY STICKERS"** can be acquired from the **GES** desk located at the Exhibitor Service Center. Please label your materials as soon as they are ready to be removed. We ask your cooperation in this important matter so that we can clean the aisles and install aisle carpet.

COVERED BOOTHS

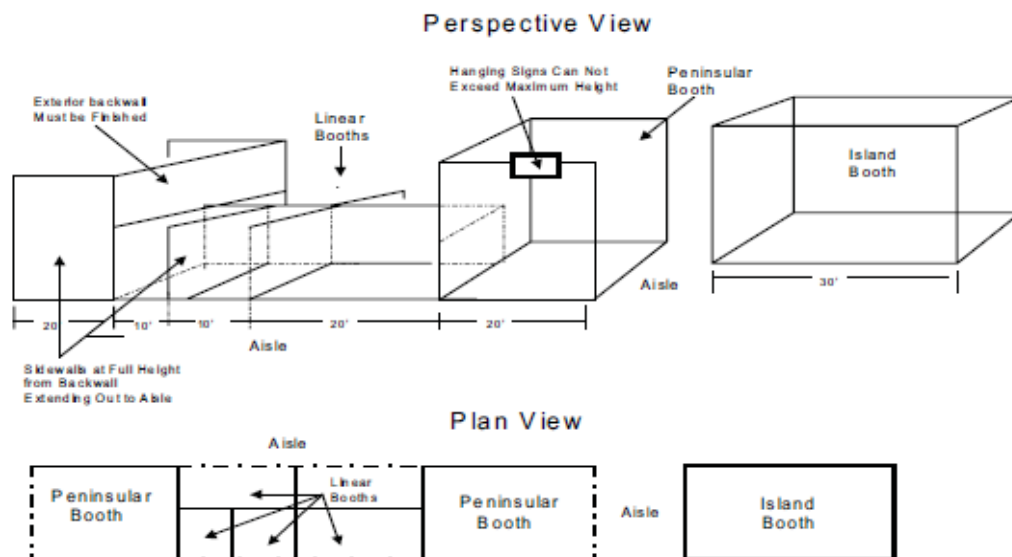

If your booth has any type of covering, please submit your booth plan to casey.sdeo@rxglobal.com. Any booth that has any material or object placed over or upon the exhibit is considered a **covered booth (e.g. roof, canopy, tent, moss fabric, etc.)**.

Covered booths of **100 square feet to 300 square feet** require the following:

- Booth plan must be reviewed and approved by the Fire Marshal at least three months in advance.

- A smoke detector must be placed at the highest point of each covered area.
- There must be a means of turning off electrical power to the booth during non-show hours.
- Please submit booth plan to casey.sdeo@rxglobal.com
- Covered booths of **300 square feet + require special permissions** and may require installation of fire suppression system and additional Fire Marshal approval.
- For all booths over 600 sqft, please submit your booth plans to casey.sdeo@rxglobal.com to share with the proper approval team.

CUBIC CONTENT

Emerald City Comicon (ECCC) follows the **cubic content rule**, which allows exhibitors to make maximum use of their booth space. Under the cubic content rule, exhibitors may build up to the front of their booths, and up to the maximum allowable height according to booth type as indicated below. **However, anything above the provided drape heights must be finished, neutral and devoid of copy on any wall adjacent to another exhibitor.**

The following maximum height limits will be strictly enforced. No height variances will be granted prior to or on site at the show. Please plan your booth display and sign structures accordingly. Maximum allowable height is also directly affected by the ceiling height of your booth area. Hanging Signs are not permitted in linear booths. It is much more cost effective to floor mount signage with a linear booth height limit of 12 ft. Note: side-drape provided is 3 feet high and the back-drape provided is 8 feet high.

BOOTH TYPE	BOUNDED BY	MAXIMUM HEIGHT LIMIT
Linear Booth	1 or 2 Aisles	12 Feet
Peninsula Booth	3 Aisles	18 Feet
Island Booth	4 Aisles	20 Feet

PLEASE NOTE: All structures over 18 feet must be approved by show management and the rigging partner on the event. Nothing will be permitted above these maximum heights, including signs, banners, truss structures, lighting and/or display materials. **Maximum allowable height is also directly affected by the ceiling height of your booth area.**

- Anything exceeding 20' in height must be secured by rigging. Please send a booth diagram to Casey Sdeo – Casey.Sdeo@rxglobal.com and contact GES to order rigging.
- Signs with any dimension greater than 20' must be pre-approved by Show Management. Please send booth diagram to Casey Sdeo – Casey.Sdeo@rxglobal.com.
- Hanging signs must fit within the footprint of your booth space.

Phoenix International Business Logistics, Inc. is the official provider of international shipping, customs brokerage, freight forwarding and related services. All merchandise imported into the United States requires Custom House Clearance prior to release from any USA port or airport. It is the sole responsibility of the exhibitor to adhere to customs and international guidelines.

GENERAL SHOW INFORMATION, RULES & REGULATIONS

PAGE 5 OF 17

DELIVERY OF FREIGHT

The Center does not accept advance shipment of freight or materials prior to the contracted move-in date. All shipments to be delivered to the Center after the official move-in date must be to the attention of the event general decorating contractor. All equipment brought into the Center must be delivered and removed through the loading dock areas. The Center will not accept shipment of freight and/or material to the show manager. An exception to this is equipment loaded through the designated Hand Carry areas accessible through the parking garage. All equipment brought into the Center must be brought into the building via the access doors assigned to your event space. Under no circumstances will C.O.D deliveries be accepted by the Center.

DEMONSTRATION AREAS

Demonstration areas must be confined within the exhibit space so as not to interfere with any traffic in the aisles. Exhibitors must contract sufficient space to be able to comply with this rule. When large crowds gather to watch a demonstration and interfere with the flow of traffic down the aisles or create excessive crowds at neighboring booths, it is an infringement on the rights of other exhibitors. Aisles may not be obstructed at any time.

HIGH RISK ACTIVITIES

All high-risk activities not prohibited by other sections of these regulations require approval of Center management at least 30 days in advance. Show management is responsible for ascertaining that there are no exclusions or limitations in their insurance policy that apply. Such activities include but are not limited to motorized sporting events, acrobatic stunts, mechanical amusement devices and audience participation in athletic activities.

DEMONSTRATION EQUIPMENT

Equipment, product or machinery, when displayed to demonstrate or simulate industrial application, are exempt from the foregoing height limits, but are restricted only by ceiling height, as well as building and safety codes.

DO NOT BLOCK THE AISLES OR INVADE NEIGHBOR'S SPACE

No sign or decorative materials may protrude into the aisles or encroach upon neighboring booths. No obstruction may be placed in any aisle, passageways, lobby, or exit leading to any fire extinguishing appliances.

EXCESSIVE TRASH AND BOOTH ABANDONMENT

Any excessive trash which consists of display materials, carpet, padding, crates and/or pallets will be disposed of and charged both a handling fee and disposal fee during move-in. EXHIBITOR APPOINTED CONTRACTORS (EAC's)

Exhibitor Appointed Contractor Process

An Exhibitor Appointed Contractor (EAC) is a company or contractor hired by the exhibitor, who is not an employee of your company or of an official show contractor. EACs are most often independent installation & dismantle companies but

GENERAL SHOW INFORMATION, RULES & REGULATIONS

PAGE 7 OF 17

also include supervisors, technicians, photographers, audiovisual, floral, furniture, flooring, and any other contractors who aren't the official of the show but provide a necessary service at show site for the Exhibitor.

ECCC recognizes that exhibitors may have unique needs or partnerships with vendors other than our official partners. Therefore, we support this choice as long as the EAC conforms to the show and venue Rules & Regulations and carries the required insurance coverage.

With the increasing number of EACs, have come numerous added expenses. These expenses include legal costs resulting from increased liability claims, exhibit hall damage, excess cleaning charges, extra administration costs for wristbands, contracting, insurance tracking, etc. Rather than passing on these added costs to exhibitors, we have implemented an administrative fee payable by the EAC.

Each EAC hired by an Exhibitor must agree to the Rules & Regulations and will be assessed a fee. An administrative fee of \$300 per booth location the EAC represents is required. The fee applies to all contractors regardless of the service they provide (labor, supervision, products, services, etc.).

The Exhibitor is responsible for providing the EAC with any necessary information pertaining to the exhibit hall (i.e., utilities, order forms, dates, hours, shipping information etc.)

EAC Check-In Process & Location(s):

All EACs must check-in at the EAC counter(s) as follows:

Exhibits in **Summit Building** (Level 0 and Flex Hall Locations):

Seattle Convention Center Security Office – 1101 Olive Way. (Olive Way and Boren Ave.)

Exhibits in **Arch Building** (Halls 4E & 4F):

Seattle Convention Center Security Office – 905 Pike Street. (Pike and 9th Avenue)

Identification Process: Individuals picking up wristbands/Venue Visitor badge must show a form of identification (ESCA badge, company badge, business card, apparel, etc.)

Dates and Times: Wristbands or Venue Visitor badge required for entry for both Arch Exhibits and Summit Exhibits.

GOOD TASTE AND THE RIGHTS OF OTHERS

Show Management may require any Exhibitor to make changes in their exhibit if, in Show Management's opinion, the exhibit does not conform to prevailing standards.

GRAPHICS ON NEIGHBORS' SIDE

Backside of walls - the common border facing a neighboring booth - must be finished, neutral/clear of copy, logos, or other graphics, so as not to be an eyesore to neighboring exhibitors.

GREEN INITIATIVES

ECCC is committed to reduce, reuse, and recycle approach to planning and producing our shows. Recycling waste, trash and other paper products and using recycled products are just a few of the steps we have taken toward "green" tradeshow experience.

For example, sending out this Service Manual in a web-based format conserves over 150,000 pieces of paper previously used for the 3-ring binder format.

Here are a few examples of what you can do to help the environment:

- Reduce, Reuse, Recycle
- Sign your office up for a recycling program: paper, plastic, cans, etc.
- Develop an online ordering system for your buyers.
- Reduce marketing on paper by opting for more electronic communication, email attendees after the show.
- Design your booth display to last for 5 years or longer using natural fibers.
- Practice Green Purchasing wherever possible by specifying Environmentally Preferable Products (EPP). These products or services contain recycled content, minimize waste, conserve energy or water, and reduce the number of toxics disposed or consumed.
- Reduce packing material by utilizing recyclable materials and take advantage of convention center recycling options for packaging.
- Donate extra amenities or promotional products to local charities rather than shipping them back or tossing them in the trash.
- Reed Exhibitions has implemented the following programs and purchasing habits in an effort to reduce the amount of waste generated and encourage our clients and vendors to Reduce, Reuse and Recycle whenever possible.

GENERAL SHOW INFORMATION, RULES & REGULATIONS

PAGE 12 OF 17

- We have successfully implemented Express Badge on many shows, allowing attendees to print their badge on demand at show site. This process reduces the printing and mailing of unnecessary badges.
- Our offices are set up to recycle paper, plastic, cans.
- We design a show look for a minimum of 3-year lifecycle and recycle graphics for the same period.
- We have reduced paper communications both internally and externally by opting for electronic communication.
- Producing an on-line exhibitor manual reduces our paper consumption by over 150,000 sheets on this show alone.
- Wherever possible we partner with local charities to provide donation opportunities for our exhibitors as a way to "reuse" leftover products and merchandise, thus saving on packing materials and carbon emissions by not shipping home. A great way to "Reuse" material for a good cause.

This space is reserved by Show Management to allow safe access for exhibitors to transport materials to and from their exhibit areas. Show Management will publish the dates and times established for the operation of Hand Carried Freight (HCF) in advance but please adhere to your Target Move-In times for when you are allowed to move into your booth/area. Please consult your building/exhibit hall assignment and refer to the designated maps/directions for specific building navigation.

suspended material such as banners and balloons (where permitted), etc. The top of the sign (or other material) may not exceed the height limitation specific to your type of booth. Booths which qualify to suspend "hanging signs" are only Island, Peninsula or Walk-Through booths of 400 sq. ft. or larger.

The following maximum height limits will be strictly enforced. No height variances will be granted prior to or on-site at the show. Please plan your booth display and sign structures accordingly. **Maximum allowable height is also directly affected by the ceiling height of your booth area.** The maximum height of a display booth at the backwall, including any form of lighting system, signage, or header shall be:

Linear Booth - Bounded by 1 or 2 aisles. Hanging Signs are not permitted in linear booths. It is much more cost effective to floor mount signage with a linear booth height limit of 12 ft. Note: side-drape provided is 3 feet high and the back-drape provided is 8 feet high.

MAXIMUM HEIGHT LIMIT WITHIN A LINEAR BOOTH = 12 FEET

Peninsula Booth - Bounded by 3 aisles. Exhibit booths must also be at least 20 ft. deep and 20 ft. wide to meet Show Managements requirements for hanging signs. Hanging signs in peninsula booths may reach a height limit of 20 ft. to top of sign. Two-sided Signs must be hung 5 ft. from the back wall and the side facing rear of the booth must be clear of copy, logos or other graphics so as not to be an eyesore to neighboring exhibitors. Note: the back-drape provided is 8 feet high.

MAXIMUM HEIGHT LIMIT WITHIN A PENINSULA BOOTH = 18 FEET

Island Booth - Bounded by 4 aisles. Booths must also be 20 ft. deep and 20 ft. wide to meet Show Managements requirements for hanging signs. Hanging signs in island booths may reach a height limit of 23 ft. to top of the sign.

MAXIMUM HEIGHT LIMIT WITHIN AN ISLAND BOOTH = 20 FEET

PLEASE NOTE: Nothing will be permitted above these maximum heights, including signs, banners, truss structures, lighting and/or display materials. **Maximum allowable height is also directly affected by the ceiling height of your booth area.**

OFFICIAL CONTRACTORS

Please refer to the **Vendor Forms & Deadlines** section of the online manual for a detailed list of companies, the services provided and order forms.

Notice To Exhibitors Regarding Non-Official Contractors - Show Management carefully considers the selection of Official Contractors based on quality of service, variety of products, price and reputation. Since these contractors frequently work on more than one show with us, they value the business of our customers and provide quality products and services.

Some companies may misrepresent themselves as being an Official Contractor so please be sure to check the list below or give us a call. Some things to watch for if you are considering the services of a non-official contractor are hidden charges for material handling, labor and shipping that you might not pay otherwise (for example on carpet rental), control over delivery time, availability during move-in and leverage if something goes wrong. Also be advised that non-official contractors will need to abide by the Exhibitor Appointed Contractor (EAC) procedures, provide insurance certificates, etc. in order to gain access to the Show Floor.

OUTBOUND SHIPPING

GES Transportation is the Official Carrier of SCC. Please refer to the **Vendor Forms & Deadlines** section of the online manual for further information and assistance regarding Air Freight, Padded Van Lines, and Common Carrier. **GES Transportation** will maintain a full staff on-site at the Exhibitor Service Center.
