

Dear Exhibitors,

We want to thank you for exhibiting with the Food Processing Suppliers Association and/or the International Dairy Foods Association November 3-6, 2013 in Chicago, IL. Innovation, imagination and education are the cornerstones of PROCESS EXPO and the INTERNATIONAL DAIRY SHOW. We have co-located in Chicago to provide the preeminent food and beverage technology event in North America-- where food companies, packagers and suppliers will find the indispensable tools to help their companies thrive.

This co-location is the place to tap into the freshest ideas and cutting edge innovation. Decision-makers at all levels of the food and beverage industry -- executives, plant managers, purchasing agents, engineers, researchers, operations managers -- will be there looking for the next big trend.

Attendees will look to our exhibitors to discover the most modern food, dairy and beverage equipment and technology available and network with the leaders in the food and dairy industry. Throughout the four-day trade show, this event will offer a wide range of educational programs including sessions on business fundamentals, consumer trends, food safety, sustainability, product development and technology.

We thank you for supporting this dynamic food industry event and look forward to seeing you in Chicago!

Regards,

Connie Tipton
