VAULT INFORMATION

The vaulting of your merchandise is the most secure way to protect your company from loss. In addition to the armed guards in each vault, we have installed two cameras per vault as well as through out the show. These cameras are monitored on a 24-hour basis.

To secure your lines at night, please make sure that you are using lockable hard cases, telescopes or suitcases. Cardboard cartons or other soft material packaging will not be accepted at the vault. Every staff member of your company can have access to the vault, however the person who drops off the line at night, must be the same person who picks the line up in the morning. Vault ticket numbers and signatures must match, as well as the exhibitor badge.
