**One frozen 4'x4'x4' skid space per company is included in the standard booth package at no charge.**

Freezer (approximately 0° average) storage service will be provided on site for those exhibitors who order such service in advance.

**Note:** Do not send any product requiring freezer storage to the GES warehouse. All cold storage products must be delivered directly to the convention center, arriving no earlier than Saturday, September 6, 2014 at 11:00 AM.

**Reminder:** Use the frozen shipping label for this type of product being shipped. Place one label on each item, not just one label per pallet, and make sure to fill out each label completely with your company name, booth number, type of product, and date of desired delivery.

### STORAGE RATES

Frozen storage is available at a rate of \$ 218.25, billed in 1 skid (16 Sq. Ft.) increments. This price is based on the total amount of product shipped to show site; applicable material handling rates apply. Please note that KeHE provides for the first skid of storage space, per exhibiting company, at no charge.

**Note:** For calculation purposes a 4'x4' area (approximately the size of one small skid) stacked 4' high will be considered 16 Sq. Ft.

Please plan and order carefully. You will be charged for actual usage. Exhibitors are urged to ship only the product they need to avoid excessive costs. Refer to form R-16b to schedule/reserve and order labor for the handling of cold storage products into and out of freezer storage (deliver to and from the booth).

**Note:** Exhibitors are encouraged to schedule cold storage deliveries (to and from the booth) in advance of the show to ensure delivery time availability. There are a finite number of deliveries made per hour "window" -- orders will be processed in the order received.
