## **EXHIBITOR BADGE REGISTRATION**

As an exhibitor at the 2025 Annual Convention, your 10x10 Booth Package includes two (2) individual exhibitor registrations and an 10x20 Booth Package includes four (4) individual exhibitor registrations. This includes access to the full show floor, general sessions and all meal functions. The main contact for your company will have access to the registration website to view the number of badge allotments, complete registrations, view your company's registered attendees, and edit or make changes to previously registered badges. Additional full conference badges above the two/four (2/4) allotted to you as an exhibitor can be purchased online, and the system will prompt you for payment at that time.
