

# ANC Discovery Guide

**SNA's Annual National Conference (ANC) is the largest and most comprehensive school-specific show in the nation!**

SNA's official conference program is distributed to more than **7,000 attendees**. This publication is much, much more than a schedule of events to ANC-goers. With contact information and product details about exhibitors, along with an index of exhibitors organized by product category—and your advertisement—plus education session details and speaker contacts, the **ANC Discovery Guide** becomes a desktop resource that attendees reference all year long!

**Must be a current ANC exhibitor.**
