The American Epilepsy Society's 67th Annual Meeting
Wants To Help You Go Green!

The AES - 2013 Annual Meeting premiered the Virtual Tote Bag with great success. We took our commitment to protecting the environment seriously. Therefore, AES is again hosting a Virtual Tote Bag – a 'green' solution that connects you to all meeting participants. Important meeting information, session handouts and contents previously found in the attendee's bag will now be conveniently located all in one place, "virtually".

Attendees use virtualTotebag to access, store and share documents (i.e. important meeting details, exhibitor information, session materials and links for non-profit organizations. **As an incentive for attendees to use the virtualTotebag, the symposia syllabus and handouts will be accessible.**

AES will be able to provide post show reports for the number of requests and downloads for your insert. Don't miss out on this opportunity to increase your visibility!
