

Harvest Festival – Refrigerated & Frozen Storage Warehouse

Move-In Instructions

Please ship all Refrigerated and Frozen product directly to the Pennsylvania Convention Center to arrive on Monday, September 21 or Tuesday, September 22. **Refrigerated & Frozen product specifically for the Harvest Festival will only be accepted on these two dates.** Freight arriving any later than September 22nd is not guaranteed to be delivered on time to your table space. Use the shipping labels provided to you in the Show Kit. The labels are color coded to ensure proper handling procedures. It is extremely important that shipments requiring refrigeration/freezer space are identified clearly on the shipping bill of lading and that the correct color labels are used on the product containers. GES cannot take responsibility for improper paperwork or labeling. Important Note: Do not send exhibit and dry materials with refrigerated/frozen product on the same pallet. They must be on separate pallets and correctly labeled to avoid the expense of multiple material surcharges and spoiled product

When organizing your Refrigerated & Frozen shipment, make sure that you also complete the following forms:

- Refrigerated & Frozen Storage Order Form
- Cold Storage Delivery Schedule – Schedule the time & date product is to be delivered to your booth
- Make sure your entire product for the **Harvest Festival** is labeled/marked for **Harvest Festival**, along with your **Company Name** and **Booth Number**.

Refrigerated & Frozen shipping labels can be found at [HF Shipping Labels](#).

Cold Storage Shipping Address

GES c/o PCC
Natural Products Expo East/**Harvest Festival**
Exhibiting Company Name, Booth #
