

## Need Power for your Exhibit?

### Exhibitor Power Information

#### Standard 10' x 10'

Booth includes:

- (1) standard 5-amp Electrical Outlet, located at the back of your booth
- (1) 5-amp Electrical Outlet can accommodate 1 laptop or 1 small device
- If you need additional electricity, you must order it from Hi-Tech Electric via the order form on USASEF Expresso for an additional fee.

Power Placement:

- The electrical outlet will be located automatically at the back of your booth along the pipe and drape unless specified otherwise
- For all inline booths, **300 net sq. ft. or smaller**
- For **each additional 100 sq. ft**

The **green box** below shows the standard electrical placement at the back of the standard inline booths.

#### **Standard Inline 10x10 Booth**

Blue Lines show the Pipe & Drape Location

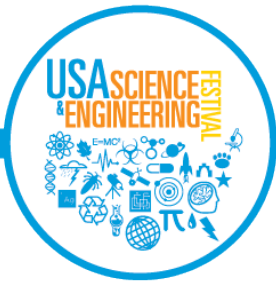

#### Standard Island booth or Peninsula booth 400 square feet or larger

Booth includes:

- (1) 20-amp electrical outlet

Power Placement

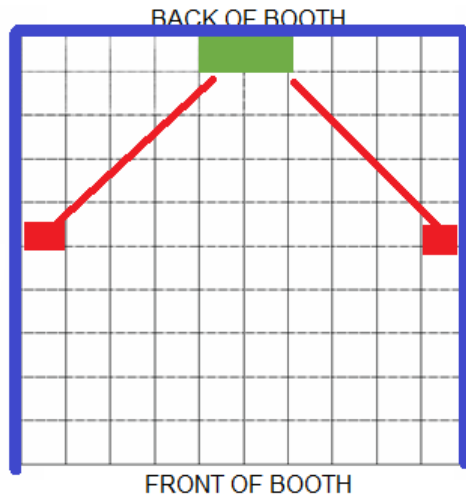

- To ensure you receive your included 20-amp outlet, you are required to contact Hi-Tech Electric to schedule labor and materials to distribute the 20-amp outlet power in your booth as needed. **You will need to submit a floorplan with the electrical location(s) noted.**
- No substitutions will be made for the 20-amp outlet booth package.

## Power Distribution Information

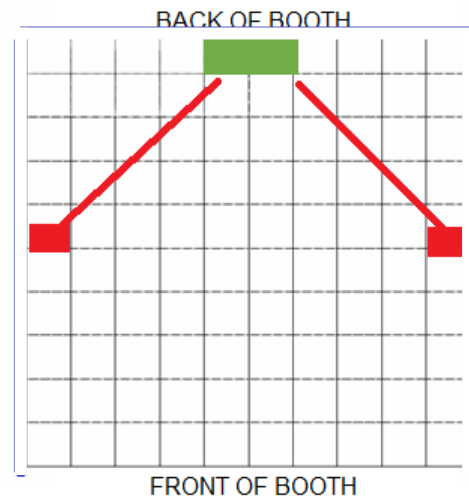

If you need **power distributed to another location** in your booth, you will be required to contact Hi-Tech Electric to schedule labor and materials (i.e. extension cords) as needed.

- **This will be an additional cost not included** in your booth package.
- See below image for an example

**Standard Inline 10x10 Booth**

Blue Lines show the Pipe & Drape Location

**Island Booth**

No Pipe & Drape included

If your exhibit **has power requirements above 20 amps**, Hi-Tech Electric will be able to assist and provide a quote for additional services. All Island and Peninsula booths will require a scaled diagram with orientation and outlet location(s).

For additional information please refer to HiTech Electric's Frequently Asked Questions for Ordering Electrical Services

Please contact the Hi-Tech Electric exhibitor services department at 202-249-3600 or email [dcexhibitorservices@hi-techelectric.com](mailto:dcexhibitorservices@hi-techelectric.com) for assistance with your electric order.

Pricing for the services noted above are located within the USASEF Exhibitor Espresso site, under "**HiTech Electric Ordering forms**".
