

## **Woodworking Machinery & Supply Expo** **October 24-26, 2013** **International Centre Halls 4 & 5**

**GES** is pleased to have been selected the official service contractor by the Show Organizer to design and produce your show. Our goal is to ensure your show participation is a success.

**GES** is involved in many areas relative to the show and if at any time during the planning process you are unsure where to turn, just ask us, we are at your service.

Please ensure that you review this section carefully as it contains information, **DISCOUNT PRICES** and order forms for each of the many services being provided by **GES**.

For your convenience, we will be offering the following services:

- ✓ **Expresso Online Ordering**
- ✓ **Furnishings**
- ✓ **Carpet & Underpadding**
- ✓ **Specialty Furnishings**
- ✓ **GEM Exhibits & Accessories**
- ✓ **Signs & Graphics**
- ✓ **Plants**
- ✓ **Installation & Dismantling Labour**
- ✓ **In-Booth Forklift**
- ✓ **Material Handling**
- ✓ **GES Logistics / Shipping**
- ✓ **GES Customs**

To take advantage of our **DISCOUNT PRICING**, all order forms and full payment must be received on or before the Discount Date of **October 1, 2013** as indicated on each form. **GES** accepts Visa, MasterCard, American Express, Cheques and Cash as methods of payment for our services. All exhibitors are responsible for payment of H.S.T. when exhibiting in Ontario.

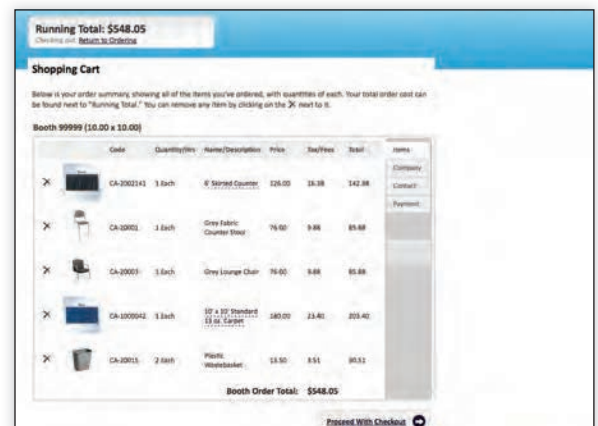

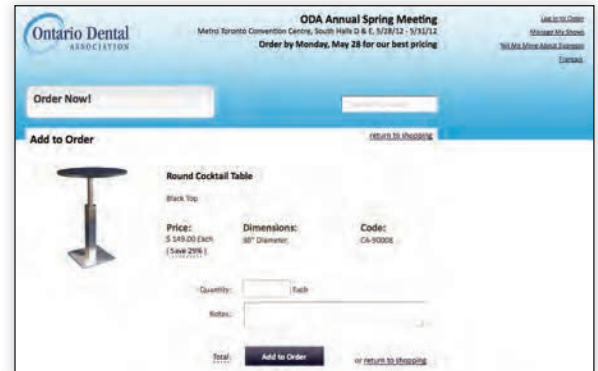

If you need assistance or additional information, please contact our **Exhibitor Services Department at (905) 283-0500.**

## Accelerate your experience with Expresso exhibit planning, ordering and management.

Exhibitors can order everything they need for their tradeshow exhibit through Expresso, our simple to navigate, picture-driven system that satisfies your need for speed. With just a few clicks exhibitors can order GES products and services including:

- Booth furniture.
- Carpet and flooring.
- Material handling.
- Booth labour.
- And much more.

## Expresso is more than just an online exhibitor manual. Exhibitors can:

- Order exhibit products and services.
- Print shipping labels.
- View important show and event information.
- Download the show schedule into Outlook or iCalendar.
- View account order status and history.

## Experience a difference with Expresso.

- Each show has their own custom website.
- Runs on all browsers for PCs, Macs and tablets.
- Everything in one place; all organizer and show information, ordering and even third party forms.
- Keeps you on-time and on-budget.

**To all Exhibitors;**

We are pleased to announce that GES in partnership with TRADÉ MARK INDUSTRIAL INC. will be the exclusive supplier of Rigging and Machinery Installation Services to the 2013 Woodworking Machinery & Supply Expo. As the specialized material handlers for WMS in Toronto Ontario, we have prepared the the following package of information and order forms for our services. Please review and complete the enclosed information accurately as we want to ensure that your move in and out runs as smoothly and efficiently as possible.

All work done at the show is based on the hourly rates (see Heavy Machinery Handling Order Form included in the kit) and all payments are due prior to the first move in day of the show.

In order to avoid delays in processing of both incoming and outgoing equipment it is imperative that your method of payment be on file with us prior to the first move in day of the show.

We look forward to working with you, and wish you all great success at the 2013 Woodworking Machinery & Supply Expo.

**Yours truly,**

**GES**

**Tradé Mark Industrial Inc.**

## **HEAVY MACHINERY HANDLING SUGGESTIONS FOR A SMOOTH/COST EFFECTIVE SHOW**

Please ensure that your staff and technicians responsible for loading or for preparing the booth at the show have been given a copy of this list. If you follow the basic rules provided, the experience should be a good one and your costs will be kept to a minimum.

- 1) Loading                      Please ensure your trucks are loaded friendly for removal.  
IE: On at least 4 – 6” blocking, fork pockets turned to side of trailer bed.  
\*(Boom lifts take more time than forks)
- 2) Special Rigging            Please ensure any special rigging that makes the installation of your equipment easier has been shipped with your equipment and that the technicians are aware.  
(ie: Spreaders)
- 3) Skidding & Boxes        Skidding and Boxes require additional work to remove.  
Either leave skidding on equipment or reduce their use.  
**BOXES & SKIDDING MUST BE KEPT OUT OF THE AISLES.**
- 4) Labelling                    Be sure all additional components that you will want stored away from your booth (ie: skids, containers, boxes etc.) are clearly labelled to avoid delays in finding them. Please label clearly with Large Print the company name and booth number.
- 5) Final Placement        Take the time to be sure of the exact final location of your machinery, **BEFORE WE ARRIVE.** Relocating machinery is costly.
- 6) Authority                    Please instruct the person in charge during installation that they have your authority and that they will be signing for the work performed in that booth. Maintain all copies of TIME SHEETS so that you have a record for your company.
- 7) Planning                    Plan your work prior to our arrival to minimize the amount of wasted time due to decision making. This will also minimize the number of return visits.
- 8) Organize                    Organize your truckloads to match your booth expectations.  
Good organization at home will be more cost effective than trying to organize at the show.
- 9) Credit Cards                Be sure you have completed the credit card section of our Heavy Machinery Handling order form. This helps to eliminate any on-site delays relating to payment.
- 10) Payments                All payments will be required on Credit Card or Certified Cheque prior to the reloading of any equipment.

Your cooperation on these matters is necessary, and for your own benefit.

1. GES CANADA Exposition Services herein known as GES and its subcontractors shall not be responsible for damage to uncrated materials; materials improperly packed, glass breakage or concealed damage.

2. Relative to inbound shipments, there may be a lapse of time between the delivery of shipment(s) to the booth by GES or its subcontractors and the arrival of the Exhibitor's representative at the booth. Similarly, relative to outgoing shipment(s), it is possible that there will be a lapse of time between the completion of packing and the actual pick-up of materials from the booth for loading onto a carrier. It is understood that during such times the shipment(s) will be left in the booth unattended.

Therefore, it is agreed that GES and its subcontractors are not responsible for the loss or disappearance of Exhibitor's materials after the same have been delivered to Exhibitor's booth, nor are GES and its subcontractors responsible for Exhibitor's materials before they are picked up from the Exhibitor's booth for loading after the show. Consequently, all bills of lading covering outgoing shipment(s) submitted to GES or its subcontractors by Exhibitor will be checked at the time of pick-up from the booth and corrected where discrepancies exist.

3. GES and its subcontractors shall not be held liable for any damage incurred during the handling of equipment requiring special devices to properly load, place or reload unless advance notice has been given to GES in time to obtain the proper equipment.

4. GES and its subcontractors shall not be responsible for loss, delay or damage due to strikes, lockouts or work stoppages of any kind.

5. GES and its subcontractors shall not be responsible for ordinary wear and tear in handling of equipment, nor for loss or damage due to fire, theft, windstorm, water, vandalism, acts of God, mysterious disappearance or other causes beyond their control.

6. It is understood that GES and its subcontractors are not insurers. Insurance, if any, shall be obtained by the Exhibitor. Amounts payable to GES hereunder are based on the scope of the liability as herein set forth and are unrelated to the value of the Exhibitor's property. It is further understood and agreed that GES and its subcontractors do not provide for full liability should loss or damage occur. It is agreed that if GES or its subcontractors should be found liable for loss or damage to Exhibitor's equipment, the liability shall be limited to the specific article that was physically lost or damaged. Such liability shall be limited to a sum equal to \$0.30 per pound per article, with a maximum liability of \$50.00 per item or \$1,000.00 per shipment, whichever is less, as agreed upon damages and exclusive remedy. Provisions of this paragraph shall apply if loss or damage, regardless of cause or origin, results directly or indirectly to property through performance services to

Exhibitor's or from negligence, active or otherwise, by GES, its subcontractors or their employees.

7. GES and its subcontractors shall not be liable to any extent whatsoever for any actual, potential or assumed loss of profits or revenues or for any collateral costs that may result from any loss or damage to Exhibitor's materials which may make it impossible or impracticable to exhibit same.

8. Claims for loss or damage must be submitted to GES by the close of the show. No suit or action shall be brought against GES or its subcontractors more than one year after the cause of action.

9. The Exhibitor agrees, in connection with the receipt, handling, temporary storage and reloading of its materials, that GES and its subcontractors will provide these services as Exhibitor's agent and not as bailee or shipper. If any employee of GES or its subcontractors shall sign a delivery receipt, bill of lading or other document, we agree that GES or its subcontractor will do so as the Exhibitor's agent, and the Exhibitor accepts the responsibility thereof.

10. GES and its subcontractors shall not be liable for shipments received without receipts, freight bills or specified unit counts on receipts or freight bills, such as a courier or van lines. Such shipments will be delivered to booth without guarantee of piece count or condition.

11. Empty container labels will be available at the GES Service Centre. Affixing the labels is the sole responsibility of the Exhibitor or its representative. It is understood that these labels are used for EMPTY STORAGE ONLY, and GES and its subcontractors assume no responsibility for loss or damage to contents while containers are in storage or for mislabelled containers.

12. In order to expedite removal of materials from the show site, GES shall have the authority to change designated carriers, if such carriers do not pick up on time. Where no disposition is made by the Exhibitor, materials will be taken to a warehouse to await Exhibitor's shipping instructions, and the Exhibitor agrees to be responsible for payment of charges relating to such handling at the warehouse. GES assumes no liability as a result of such re-routing or handling.

13. The Exhibitor agrees, in the event of a dispute with GES or its subcontractors relative to any loss or damage to any of your materials or equipment, that the Exhibitor will not withhold payment in any amount due to GES for material handling services or any other services provided by GES or its subcontractors as an offset against the amount of the alleged loss or damage. Instead, the Exhibitor agrees to pay GES prior to the close of the show for all such charges and further agrees that any claim the Exhibitor may have against GES or its subcontractors shall be pursued independently by the Exhibitor as a completely separate transaction to be resolved on its own merits.

The consignment or delivery of a shipment to GES or its subcontractors by an Exhibitor or by any shipper on behalf of the Exhibitor shall be construed as an acceptance by such Exhibitor (and/or other shipper) of the terms and conditions set forth in Sections 1 through 13 above.

**Be sure your materials are insured** from the time they leave your firm until they are returned after the show. It is suggested that Exhibitors arrange all risk coverage. This can usually be done by riders to existing policies. Contact your insurance representative. Be sure your liability insurance is in effect during transit and return of your materials, during storage and at show site.

## TERMS & CONDITIONS

GES assumes no responsibility for shipments left in booth by exhibitor. All materials are subject to final count and correction at time of actual removal from booth. Shipper hereby designates GES as its agent for tendering shipments to carrier. GES reserves the right to reroute any outgoing shipment via an alternate carrier in the event the requested carrier fails to pick up the shipment by established carrier check-in deadline. GES assumes no responsibility for misdirected shipments as a result of old shipping labels which remain on containers. It is the shipper's responsibility to state the national motor freight classification commodity description, otherwise shipment shall be described as exhibition materials.

1) GES shall not be responsible for damage to uncrated materials, materials improperly packed, or concealed damage. 2) GES shall not be responsible for loss, theft, or disappearance of exhibitors material after same has been delivered to exhibitor's booth. 3) GES shall not be responsible for loss, theft, or disappearance of materials before they are picked up from exhibitor's booth for reloading after the show. Bill of Lading covering outgoing shipments, which are furnished by GES to exhibitors, will be checked at time of actual pick-up from booth and corrections made where discrepancies occur. 4) GES shall not be responsible for any loss, damage, or delay due to fire, acts of God, strikes, lockouts or work stoppages of any kind, or to any causes beyond its control. 5) GES's liability shall be limited to the physical loss or damage to the specific article which is lost or damaged, and in any event GES's maximum liability shall be limited to \$0.30 per pound per article with a maximum liability of \$50.00 per item, or \$1,000.00 per shipment, whichever is less. 6) GES shall not be liable to any extent whatsoever for any actual, potential, or assumed losses of profits or revenues, or for any collateral costs, which may result from any loss or damage to an exhibitor's materials which may make it impossible or impractical to exhibit same. 7) The consignment or delivery of a shipment to GES by an exhibitor, or by any shipper to or on behalf of the exhibitor, shall be construed as an acceptance by such exhibitor (and/or other shipper) of the terms and conditions set forth. Exhibitor is responsible to declare all hazardous materials and abide by all federal, state and local laws.

## WELCOME TO CANADA

Canada is very proud to open its doors and borders to International Conventions, Meetings and Tradeshows. Like all countries, we have rules and regulations with respect to crossing the border and they are controlled and administered by Canada Customs, an official agency of the Revenue Department of the Canadian Government.

GES Customs Brokerage Services can help you make exhibiting across the border a simple and straightforward two-way experience for your people, products and display equipment. The following pages contain information and forms to assist you in that process by explaining what and when things have to be done.

### **CUSTOMS SIMPLIFIED - TIPS FOR SHIPPING ACROSS THE BORDER**

- 1. ⇨ Use Official Suppliers**  
It is beneficial for exhibitors to use the official suppliers selected for the show (i.e. GES Customs Brokerage Services and GES Logistics).
- 2. ⇨ Complete Customs Documents**  
Complete all mandatory and necessary documents and fax copies to our GES office prior to shipping. Send all originals with the shipment and bring 2 copies to the show.
- 3. ⇨ Ship on Time**  
Have materials shipped to arrive 7 days prior to move-in and consolidate shipments to reduce costs. GES Logistics is the recommended transportation carrier. **All shipments must be paid for in advance. We do not recommend shipping by parcel carriers or by mail.**
- 4. ⇨ Hand Carrying or Private Vehicle**  
Notify GES in advance if you are bringing goods with you on the plane or crossing the border by company, rented or your own vehicle.
- 5. ⇨ Tracing Service**  
To assist GES personnel in locating your exhibit freight please bring a record of the shipment "Tracking Number" provided by GES Logistics or your carrier. Our personnel have the knowledge and connections to expedite your shipment to the show site as quickly as possible.
- 6. ⇨ Changes & Return Shipments**  
Notify GES Customs Brokers immediately of any change(s) to what is being shipped, quantities, addresses, etc., as well as what materials will be returned to the U.S. and provide the correct return address.
- 7. ⇨ Communicate with GES CUSTOMS/LOGISTICS Contacts**  
GES will be in touch with you starting 3-4 weeks prior to the event and will have staff on site or on call during move-in, show days, and move-out. Exhibitors will be provided with cell phone numbers for 24-hour, 7-days-a-week access to your GES CUSTOMS and LOGISTICS contacts.

## CANADA CUSTOMS DOCUMENTS:

(Explanations and direction to samples and order forms for completion)

**TIP: Review and highlight the forms that apply to your shipments for completion**

- GES Customs/Transportation Order Form – (Mandatory for all shipments)**  
- gives GES the authority to clear and coordinate the movement of your materials on your behalf (Pages A - A1 Sample).
- Canada Customs Invoice – CCI – (Mandatory for all shipments)** - itemizes the contents of your shipment; quantities, countries of origin, unit and total shipment values. This is also where you would notify GES of any goods that will require special treatment or permits (Page B – B1 Sample).
- NAFTA Certificate of Origin** - Goods that will be distributed (giveaways) to a Canadian, or remain in Canada must be identified on this form in order to receive the most favourable duty & tax treatment. This applies to NAFTA countries only; USA, Canada and Mexico (Pages C – C1 Sample).
- Private Vehicle Shipment Information** – Goods that will be crossing the border via a company vehicle, rental or personal vehicle. You must fax GES this completed document one week in advance of your intended date of crossing. (Page H)
- Airline Hand Baggage** - In the event you intend on bringing exhibit materials or commercial goods with you as hand baggage, a formal customs clearance may be required. Contact GES prior to departure for further information. Failure to follow these instructions may result in unexpected delays or payments at the airport. (Note: No Form)

## UNITED STATES CUSTOMS DOCUMENTS:

(Explanations and direction to samples and order forms for completion)

**TIP: Review and highlight the forms that apply to your shipments for completion**

- Certificate of Registration (FORM 4455)** -Goods that are not of USA origin and are intended to return to the USA (Pages D – D1 Sample).

### **ATTENTION ELECTRONIC SHIPPERS - MANDATORY**

**By not completing the following forms your materials will be denied re-entry into the USA**

- Radio Frequency Form (FCC 740)** – Goods that emit radio frequencies, e.g. computers, video cameras/recorders is mandatory by order of the U.S. Federal Communication Commission (Pages E – E1 Sample)
- Radiation Form (FD 2877)** – Goods that emit radiation, e.g. CD Players, laser printers, monitors, televisions, x-ray equipment, etc. and is mandatory by order of U.S. Food & Drug Administration (Pages F – F1 Sample).

### **ATTENTION TEXTILE SHIPPERS - MANDATORY**

**By not completing the following forms your materials will be denied re-entry into the USA**

- Textile Declaration** - Goods such as carpets, curtains and clothing require this declaration to re-enter the USA. (Pages G – G1 Sample).

## DETAILED DESCRIPTION & INSTRUCTIONS

### ☐ **GES Customs/Transportation Order Form**

This Order Form ***must be completed*** for all shipments.

The GES Customs Order Form is your authorization to allow GES to act on your behalf. GES cannot clear your goods through Canada Customs without this form being fully completed. The information completed on this form allows us to properly classify and process your shipment(s) into and out of Canada. It also provides payment authorization and IRS identification details for the safe return of your goods back to the USA. GES accepts Credit Card, Cheque, Bank Transfer or Money Order.

Charges for GES Customs Brokerage services include the posting of any Canada Customs Bonds that may be required plus any additional pay-outs that are made on your behalf. These amounts may include duty and taxes for goods that remain in Canada, local cartage fees, terminal fees and U.S. Customs clearance.

**Action** ☐ Please complete ***all*** areas of the Form and fax to GES.

### ☐ **Canada Customs Invoice – CCI**

This document ***must accompany*** every shipment.

The *Canada Customs Invoice – CCI*, is the most important document for any exhibition materials entering Canada. It must itemize all goods contained in the shipment with a description, quantity, value and country of origin.

- Action** ☐
1. Fill in all required information on the *Canada Customs Invoice – CCI*
  2. Include the original and two copies of your completed *Canada Customs Invoice*, in an envelope and staple to your Truck Bill of Lading or Air Waybill and label the envelope: **“Notify GES Customs Brokers for Canada Customs Clearance”**
  3. Fax a copy of the *Canada Customs Invoice* to GES Customs Brokers prior to shipping your goods, and keep a copy for your on-site representative’s records.

### ☐ **North American Free Trade Agreement (NAFTA) Certificate of Origin Completion Instructions**

Goods and display materials entering Canada that will not be exported after the show may be subject to duty and/or tax. Under the *North American Free Trade Agreement*, you may reduce or eliminate the amount of duty that is normally payable if a properly completed *NAFTA Certificate of Origin* accompanies your shipment. This is only applicable to goods originating in other NAFTA countries: United States and Mexico.

□ **North American Free Trade Agreement (NAFTA) - cont'd....**  
**Certificate of Origin Completion Instructions**

- Field 1 State the full legal name, address (including country) and legal tax identification number of the exporter. Legal tax identification number is: in Canada, employer number or importer/exporter number assigned by Revenue Canada; in Mexico, federal taxpayer's registry number (RFC); and the United States, employer's identification number or Social Security Number.
- Field 2 Complete field if the Certificate covers multiple shipments of identical goods as described in Field 5 that are imported into a NAFTA country for a specified period of up to one year (blanket period). "FROM" is the date upon which the Certificate becomes applicable to the goods covered by the blanket Certificate (it may be prior to the date of signing this Certificate). "TO" is the date upon which the blanket period expires. The importation of a good for which preferential tariff treatment is claimed based on this Certificate must occur between these dates.
- Field 3 State the full legal name, address (including country) and legal tax identification number, as defined in Field 1, of the producer. If more than one producer's good is included on the Certificate, attach a list of the additional producers, including the legal name, address (including country) and legal tax identification number, cross referenced to the good described in Field 5. If you wish this information to be confidential, it is acceptable to state "Available to Customs upon request". If the producer and the exporter are the same, complete field with "SAME". If the producer is unknown, it is acceptable to state "UNKNOWN".
- Field 4 State the full legal name, address (including country) and legal tax identification number, as defined in Field 1, of the importer. If importer is not known, state "UNKNOWN", if multiple importers, state "VARIOUS".
- Field 5 Provide a full description of each good. The description should be sufficient to relate it to the invoice description and to the Harmonized System (HS) description of the good. If the Certificate covers a single shipment of a good, include the invoice number as shown on the commercial invoice. If not known, indicate another unique reference number, such as the shipping order number.
- Field 6 For each good described in Field 5, identify the HS tariff classification to six digits. If the good is subject to a specific rule of origin in Annex 401 that requires eight digits, identify to eight digits, using the HS tariff classification of the country into whose territory the good is imported.
- Field 7 For each good described in Field 5, state which criterion (A through F) is applicable. The rules of origin are contained in Chapter Four and Annex 401. Additional rules are described in Annex 703.2 (certain agricultural goods), Annex 300-B, Appendix 6A (certain textile goods) and Annex 308.1 (certain automatic data processing goods and their parts). **Note: In order to be entitled to preferential tariff treatment, each good must meet at least one of the criteria below.**

**Preference Criteria:**

- A The good is "wholly obtained or produced entirely" in the territory of one or more of the NAFTA countries, as referred to in Article 415. Note: The purchase of a good in the territory does not necessarily render it "wholly obtained or produced". If the good is an agricultural good, see also criterion F and Annex 703.2. (Ref. Article 401(a) and 415)
- B The good is produced entirely in the territory of one or more of the NAFTA countries and satisfies the specific rule of origin, set out in Annex 401, that applies to its tariff classification. The rule may include a tariff classification change, regional value-content requirement or a combination thereof. The good must also satisfy all other applicable requirements of Chapter Four. If the good is an agricultural good, see also criterion F and Annex 703.2. (Reference: Article 401(b))
- C The good is produced entirely in the territory of one or more of the NAFTA countries exclusively from originating materials. Under this criterion, one or more of the materials may not fall within the definition of "wholly produced or obtained", as set out in Article 415. All materials used in the production of the good must qualify as "originating" by meeting the rules of Article 401(a) through (d). If the good is an agricultural good, see also criterion F and Annex 703.2. (Ref.: Article 401(c))

□ **North American Free Trade Agreement (NAFTA) - cont'd....**  
**Certificate of Origin Completion Instructions**

- D Goods are produced in the territory of one or more of the NAFTA countries but do not meet the applicable rule of origin, set out in Annex 401, because certain non-originating materials do not undergo the required change in tariff classification. The goods do nonetheless meet the regional value-content requirement specified in Article 401(d). This criterion is limited to the following two circumstances:
1. the good was imported into the territory of a NAFTA country in an unassembled or disassembled form but was classified as an assembled good, pursuant to HS General Rule of Interpretation 2(a); or
  2. the good incorporated one or more non-originating materials, provided for as parts under the HS, which could not undergo a change in tariff classification because the heading provided for both the good and its parts and was not further subdivided into subheadings, or the subheading provided for both the good and its parts and was not further subdivided.

**Note: This criterion does not apply to Chapters 61 through 63 of the HS (Reference: Article 401(d))**

- E Certain automatic data processing goods and their parts, specified in Annex 308.1, that do not originate in the territory are considered originating upon importation into the territory of a NAFTA country from the territory of another NAFTA country when the Most-Favoured-Nation Tariff rate of the good conforms to the rate established in Annex 308.1 and is common to all NAFTA countries. (Reference: Annex 308.1)
- F The good is an originating agricultural good under preference criterion A, B or C above and is not subject to a quantitative restriction in the importing NAFTA country because it is a "qualifying good" as defined in Annex 703.2, Section A or B (please specify). A good listed in Appendix 703.2.B.7 is also exempt from quantitative restrictions and is eligible for NAFTA preferential tariff treatment if it meets the definition of "qualifying good" in Section A of Annex 703.2. **Note 1: This criterion does not apply to goods that wholly originate in Canada or the United States and are imported into either country. Note 2: A tariff rate quota is not a quantitative restriction.**

- Field 8 For each good described in field 5, state "YES" if you are the producer of the good. If you are not the producer of the good, state "NO" followed by (1), (2), or (3), depending on whether this certificate was based upon: (1) your knowledge of whether the good qualifies as an originating good; (2) your reliance on the producer's written representation (other than a Certificate of Origin) that the good qualifies as an originating good; or (3) a completed and signed Certificate for the good, voluntarily provided to the exporter by the producer.
- Field 9 For each good described in Field 5, where the good is subject to a regional value content (RVC) requirement, indicate "NC" if the RVC is calculated according to the net cost method; otherwise, indicate "NO". If the RVC is calculated according to the net cost method over a period of time, further identify the beginning and ending dates (DD/MM/YY) of that period. (Reference: Articles 402.1, 402.5)
- Field 10 Identify the name of the country ("MX" or "US" for agricultural and textile goods exported to Canada; "US" or "CA" for all goods exported to Mexico; or "CA" or "MX" for all goods exported to the United States) to which the preferential rate of customs duty applies, as set out in Annex 302.2, in accordance with the Marking Rules or in each Party's schedule of tariff elimination. For all other originating goods exported to Canada, indicate appropriately "MX" or "US" if the goods originate in that NAFTA country, within the meaning of the NAFTA Rules of Origin Regulations, and any subsequent processing in the other NAFTA country does not increase the transaction value of the goods by more than 7%; otherwise indicate as "JNT" for joint production. (Reference: Annex 302.2)
- Field 11 This field must be completed, signed and dated by the exporter. When the Certificate is completed by the producer for use by the exporter, it must be completed, signed and dated by the producer. The date must be the date the Certificate was completed and signed.

## ☐ **Airline Hand Baggage**

In the event you intend on bringing any exhibit materials or commercial goods with you as hand baggage, a formal Customs clearance may be required. Contact GES Customs Brokers prior to your departure for further information.

**Action** ☐ Complete a *GES Customs/Transportation Order Form* and a *Canada Customs Invoice – CCI*, describing your materials, fax to GES and bring a copy with you. Upon arrival present the *CCI* to the Customs and Immigration officer in Toronto and inform him/her you are attending a convention/tradeshow and GES Customs Brokers will Customs clear your goods at the show. Canada Customs will issue you a C6 document to be presented to GES Customs Brokers upon arrival at show site.

**Failure to follow these instructions may result in unexpected delays or payments at the airport**

## ☐ **Private Vehicles or Company Vehicles**

In the event you will be transporting your exhibition materials to Canada with a company, rented or personal vehicle you **must** notify GES Customs Brokers, at least one week in advance of your intended date of crossing the border.

**Action** ☐ Complete all required Customs documentation including the GES Customs/Transportation Order Form, *Canada Customs Invoice – CCI* and the Private Vehicle Shipment Information Form. Fax all completed documentation to GES Customs Brokers at least one week prior to your border crossing date. Ensure the driver of the vehicle has copies of all documentation.

**Failure to follow these instructions may result in unexpected delays or payments at the border**

## ☐ **Canadian Certificates or Permits**

Certain goods require Certificates or Permits before they are allowed entry into Canada. The specific kinds of materials that require certificates and/or permits are:

- ▶ Clothing/Textiles
- ▶ Animals
- ▶ Firearms
- ▶ Plants/Agriculture
- ▶ Alcohol
- ▶ Explosives
- ▶ Food
- ▶ Drugs

In the event you will be shipping any of these materials, or you are not certain if your materials are subject to special treatment, you must notify GES immediately.

## ☐ **ATA Carnet**

The *ATA Carnet* is an internationally recognized Customs document that is similar to a passport for an individual traveler. It serves as a guarantee for the entry of materials into a country in place of the normal Customs documentation that would usually be required. An *ATA Carnet* is issued in the country of origin and provides bond coverage for the temporary importation of exhibit materials. Please contact GES for further information.

□ **Certificate of Registration (Form 4455)  
For Goods that are not of U.S. Origin/Manufacture**

If you are shipping materials to Canada that are not made or produced in the USA but have been shipped from the USA and will be returning to the USA, they will require a *Certificate of Registration (Form 4455)*.

Goods that are manufactured outside the United States are dutiable each time they cross the U.S. border, unless evidence can be provided that the goods are re-entering the United States.

This form must accompany your shipment to Canada and be validated or stamped by U.S. Customs at the port of exit prior to your departure. The carrier must be instructed in writing on the Bill of Lading or Air Waybill that this form must be validated/stamped.

If you are transporting your materials by company, rented or private vehicle, it is important that you stop at U.S. Customs prior to entering Canada to have this form Validated/Stamped.

**Action** □ This form is not Valid unless it has been stamped and examined by U.S. Customs prior to leaving the U.S.A. An original must be provided to GES Customs Brokers at show site to be included in your documents for return to the USA.

□ **FCC Form 740 Items Capable of Emitting Radio Frequencies  
An FCC Form is required for all goods capable of emitting Radio Frequencies**

The U.S. Federal Communications Commission (FCC) requires the filing of an FCC Form 740 for any radio frequency or sub assembly devices (manufactured outside the USA), which can cause harmful interference, prior to entry into the USA. A separate Form 740 is required for each model type.

**Examples of Products that Emit Radio Frequencies:**

A radio frequency (RF) device is any product capable of emitting radio signals while being operated, such as: computers & peripherals, telephones, video cameras & VCRs, transmitters/receivers, disk drives, video games, TV tuners.

**Action** □ The FCC Form must be completed and faxed to GES Customs Brokers prior to shipping your goods. Keep the original with your shipment and provide it, with your other Customs documents, to a GES Customs representative at show-site. GES must receive the original of the FCC Form 740 for submission to U.S. Authorities upon return of your shipment to the USA.

□ **FDA Form 2877 Electronic Products Capable of Emitting Radiation  
An FDA Form 2877 is required for all goods capable of emitting Radiation**

The USA Food and Drug Administration (FDA) and U.S. Customs regulations state that when shipping electronic equipment that emits or is capable of emitting radiation, Form FD 2877 must be completed prior to entry into the USA. This form is required regardless of the country of manufacture.

You must verify that a certificate, in the form of an identification tag or label, is affixed to the product that states compliance with USA Food and Drug regulations.

## **Examples of Products that Emit Radiation.**

Products that emit radiation include televisions, monitors, laser printers, CD players, X-ray equipment and laser emitting equipment and devices.

**Action** □ The FDA Form 2877 must be completed and faxed to GES Customs Brokers prior to shipping your goods. Keep the original with your shipment and provide it, with your other Customs documents, to a GES Customs representative at show-site. GES must receive the original of the FDA Form 2877 for submission to U.S. Authorities upon return of your shipment to the USA.

## □ **Textile Declaration**

The U.S. Government requires the filing of a *Textile Declaration* for any textile products returning to the United States. This declaration would be for any products containing textiles such as carpet, drapes, t-shirts, tote bags, etc. In addition, goods from certain countries may require permits or may not be allowed re-entry into the U.S. due to trade quotas or embargo's with certain countries such as China, Singapore, Sri Lanka, etc.

### **Completion Instructions – See Example**

1. Name of the person making the declaration.
2. Countries manufacturing the article, source of country of the textiles used in the manufacture of the article
3. Style & model numbers, colour, etc. (if applicable)
4. Name & number of items
5. Description of processing and country where processing was done
6. Date of export from Canada (date goods returning to US)
7. Description of imported material and country where the material was manufactured
8. Date material was exported from originating country

**Action** □ The *Textile Declaration* must be completed and faxed to GES Customs Brokers prior to shipping your goods. Keep the original with your shipment and provide it, with your other Customs documents, to a GES Customs representative at show-site. GES must receive the original for submission to U.S. Authorities upon return of your shipment to the USA.

## **All Customs documents must be faxed to GES prior to shipping**

CUSTOMS FORM 4455

## INSTRUCTIONS FOR COMPLETION OF FCC FORM 740

This form must be completed for each radio frequency device, as defined in 47 U.S.C. 302 and 47 C.F.R. 2.801, which is imported into the Customs territory of the United States. The original shall be filed with the U.S. Customs Service on or before the date the shipment is delivered to a U.S. port of entry.

**The completed form must accompany each such entry.**

The following are typical examples of devices that require the use of FCC Form 740: radio and TV receivers, converters, transmitters, transmitting devices, radio frequency amplifiers, microwave ovens, industrial heaters, ultrasonic equipment, transceivers, and computers.

Marketing, as used in this form (and 47 C.F.R. 2.1201 et seq.), means sale or lease (including advertising for sale or lease, or display at a trade show) or import, ship or distribute for the purpose of selling or leasing or offering for sale or lease.

Limited quantities, as used in this form, are the number specified in 47 C.F.R. 2.1204(a)(3). Waivers of this limit are infrequently granted but may be requested from the FCC office listed in 47 C.F.R. 2.1204(a)(3)(iii). Written waiver requests must contain specific information required by that office.

Equipment imported for test, evaluation or display (see import conditions 3 or 4 of Part II of this form) may not be marketed (sold or leased, offered for sale or lease, advertised, etc.). Display of this equipment must include markings clearly indicating that the device(s) are not eligible for sale. See 47 C.F.R. 2.803 for details regarding this labeling.

Wireless telephony devices that do not have a FCC grant of equipment authorization must either comply with 47 C.F.R. 2.1204(a)(5) or 47 C.F.R. 2.803(a)(2) (e.g., Verification or Declaration of Conformity is required).

The identification (company name and model number/FCC ID) of the radio frequency device specified on the front of this form must be identical to the company name and model number/FCC ID inscribed on the device. If the device being imported requires an equipment authorization to be issued by the FCC (e.g., Certification), it is important that the name of the company, description of the device and FCC ID specified on the grant of equipment authorization agree exactly with the same information shown on the front of this form. Any discrepancy between the information on this form and the FCC grant of equipment authorization may result in unnecessary delays, additional expense, or enforcement action.

---

**FCC Form 740 may be reproduced provided the following conditions are met (see 47 C.F.R. 0.409, Commission Policy on Private Printing of FCC Forms.) Some of the conditions are listed below:**

1. That private companies reproducing the form use a printing process resulting in a product that is comparable to the original document;
2. That private companies reproducing the form refrain from including therein or attaching thereto any advertising matter or deleting any material from the form;
3. That private companies reproducing the form exercise care that the form being reproduced or distributed is the current edition presently used by the FCC for the type of application involved: such private company to be advised that, though the Commission will endeavor to keep the public advised of revisions of the form, it cannot assume responsibility to the extent of eliminating any element or risk against overstocking, etc.

### PAPERWORK REDUCTION ACT STATEMENT AND PRIVACY ACT STATEMENT

The solicitation of information requested on this form is authorized by the Communications Act of 1934, as amended. The information collected will be used to ascertain whether equipment authorization is required, and if so, whether or not it has been granted. If all the information is not provided the importation of this or other shipments may be delayed or prevented. Accordingly, every effort should be made to provide all necessary information. Your response is required to obtain a benefit.

Public reporting for this collection of information is estimated to average .04 seconds per response, including the time for reviewing instructions searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, should be sent to the Federal Communications Commission, Performance and Evaluations and Records Management, Washington, DC 20554, Paperwork Reduction Project (3060-0059) **DO NOT SEND COMPLETED FORMS TO THIS ADDRESS.** Individuals are not required to respond to a collection of information unless it displays a currently valid OMB control number.

**THE FOREGOING NOTICE IS REQUIRED BY THE PRIVACY ACT OF 1974, P.L. 93-579, DECEMBER 31, 1974, 5 U.S.C. 552A(E)(3), AND THE PAPERWORK REDUCTION ACT OF 1995, P.L. 104-13, OCTOBER 1, 1995, 44 U.S.C. 3507.**

## INSTRUCTIONS TO IMPORTERS/BROKERS OF ELECTRONIC PRODUCTS

**PURPOSE:** The Form FDA 2877 must be completed for electronic products subject to Radiation Control Standards (21 CFR 1010 and 1020-1050) prior to entry into the United States. The local Food and Drug Administration (FDA) district office will review the declaration and notify the importer/agent if the products may be released into U.S. commerce or if they must be held under bond until exported, destroyed, or reconditioned. Until the shipment is released, it may be subject to redelivery for FDA examination.

**PAPER OR ELECTRONIC SUBMISSION:** Paper entries may be made by submitting the signed original FDA 2877 along with U.S. Customs forms to the local FDA district office; if electronic products are given a MAY PROCEED, a signed copy of CF 3461 will be returned, or if not given a MAY PROCEED, a FDA Notice of Action will be issued. For electronic entries, follow U.S. Customs Service ACS/ABI format and procedures, supported by a signed copy of this form or similar letter. Multiple entries of the same product and model families that are filed electronically may be supported by one form dated not more than 12 months previously.

**DECLARATION:** Select A, B, C, or D and then select the appropriate number; fill in requested information and sign. For electronic entries, AofC (affirmation of compliance) = RA#, RB#, RC#, or RD# (e.g., Radiation Declaration A5 = RA5). **Transmit model number using AofC code MDL and transmit brand name using FDA line level brand name field. If RA3 or RA6 is selected, you must transmit quantity (number of units) using the Quantity and Unit of Measure Pairs at the FDA line level.**

**DECLARATION A:** Importers should be prepared to demonstrate compliance to or non-applicability of FDA standards, regulations, or guidance. Components or sub-assemblies must be non-functioning. Products being reprocessed must be exported by the importer, without intermediate transfer of ownership. For RA3 the quantity limit is 3 and for RA6 the limit = 50 units TV products, microwave ovens, and Class 1 laser products limit = 200 units CD-ROM and DVD (digital versatile disc) laser products; see May 14, 1997, notice to industry issued by the Center for Devices and Radiological Health (CDRH).

**DECLARATION B:** If declaration RB1 is selected, provide the FDA Establishment Identifier (FEI) of the manufacturer who filed the radiation product/abbreviated report to FDA, CDRH, Rockville, Maryland. To transmit the accession number of that report use AofC code ACC. If the manufacturer cannot be determined or located, the importer must be able to provide evidence showing a certification (certifi.) label on each product and state reason: returned to orig exporter or certifi. label evidence. The new AofC codes (RB1, RB2) for this declaration will not be activated until a process is made available to determine the FEI of the responsible firm. Continue to use RAB in electronic transmission until the FEI query is available and industry is notified of its availability.

**DECLARATION C:** Noncompliant products may be imported only for research, investigations/studies, demonstration or training. They should be used only by trained personnel and under controlled conditions to avoid unnecessary radiation exposure. Product(s) will be detained by the local FDA district office. Since product(s) for which "C" Declarations are made will be under Temporary Import Bond (TIB) or equivalent, ultimate disposition is limited to export or destruction under U.S. Customs supervision when the purpose has been achieved or the length of time stated has expired. For purposes other than demonstration, the Form FDA 766, outlining protections, must be approved by FDA prior to use. The importer/broker must include with the FDA 766:

1. A full description of the subject electronic product(s).
2. The purpose for which the product(s) is being imported.
3. How the product(s) will be used.
4. Where the product(s) will be located.
5. The approximate length of time and dates the product(s) will be in this country.

For product(s) being used for trade shows/demonstrations, list the dates and use restrictions (Form FDA 766 is not required). A sign stating that the product does not comply with FDA performance standards must be displayed and viewable at all times during the use of product(s). All medical products, cabinet x-ray, or Class IIIb and IV lasers may NOT operate (turn on product(s)) at trade shows.

**DECLARATION D:** Noncompliant products must be brought into compliance with standards under FDA supervision and following a plan approved by FDA. The plan, documented on the Form FDA 766, must address technical requirements, labeling, and reporting. Some plans may need approval by both the CDRH and the local FDA district office. Use of this declaration is limited to occasional shipments; ongoing reconditioning is considered manufacturing that is handled through other means. Product(s) will be detained by the local FDA district office. An FDA 766 must be filed indicating the procedure intended to bring the product into compliance. This procedure will include a satisfactory corrective action plan and/or a product report. The FDA 766 must include all of the information requested under Declaration C. The approximate length of time will be for the amount of time needed to bring product(s) into compliance. Declaration D is also made for failure to provide reports, failure to certify, etc.

If an importer/broker intends to import equipment into the United States for purposes of research, investigation, studies, demonstrations, or training but also wishes to retain the option of bringing the product into compliance with the performance standard, check Declarations C and D on the FDA 2877 and insert the word "or" between the Affirmations. Note: The U.S. Customs Service will treat this entry as a "D" Declaration for purposes of duty. Such requests must be made on the FDA 766; include Items 1, 2, and 3 under Declaration C, a statement of the need to use the option "C" or "D" Declaration, a statement of how the product(s) will be brought into compliance and the approximate length of time necessary to evaluate or demonstrate the product(s) and the time necessary to bring the product(s) into compliance (both actions must be accomplished within the period of time granted by FDA). For electronic entries select Declaration RD3.

Ultimately, product(s) must be brought into compliance with the applicable standard in accordance with a corrective action plan which has been approved by the FDA. If the product(s) are not brought into compliance within the allotted time frame of the approved application and an extension is not requested of, or granted by, the FDA, the local FDA district office shall refuse entry on the shipment and require the product(s) to be either exported or destroyed under U.S. Customs supervision.

If additional guidance is needed, please contact your local FDA district office or consult the following FDA web pages: [www.fda.gov/cdrh](http://www.fda.gov/cdrh), [www.fda.gov/ora/hier/ora\\_field\\_names.txt](http://www.fda.gov/ora/hier/ora_field_names.txt), and [www.fda.gov/ora/compliance\\_ref/rpm\\_new2/contents.html](http://www.fda.gov/ora/compliance_ref/rpm_new2/contents.html).
