The undersigned Exhibitor Appointed Contractor (EAC) has been designated by an Exhibitor to perform certain services for the Exhibitor at the above referenced show. Rules and Regulations

1. EAC agrees to comply with all rules and regulations of the show as outlined in this agreement, the Exhibitor Kit/Service manual, including all union rules and regulations, and accept liability for any negligent actions.
2. EAC agrees that it must ascertain and comply with all rules and regulations of the venue, Show Management, and/or the Official Service Provider in order to create a safe work environment. A failure to do so can result in a delay or termination of your right to continue work if the condition cannot be corrected.
3. EAC agrees that show site, dock and surrounding areas are active work zones and the EAC, its agents, employees and representatives are present at their own risk. Entry into the dock area is prohibited.
4. EAC must have all business licenses and permits required by the Province and City governments and the convention facility management prior to commencing work. A certificate of Insurance naming GES as an additional insured with appropriate insurance limits prepared by the EAC's insurance agent must be submitted to GES at least 30 days prior to the first date of move in.
5. This Agreement and Rules and Regulations between GES and EAC must be completed by an authorized representative of EAC and returned to GES before the deadline noted above.

8. EAC will be responsible for all reasonable costs related to its operation, including overtime pay for stewards, restoration of exhibit space to its initial condition, etc. Where applicable a one hour minimum labor charge will be charged at the appropriate steward rate of pay per day/per union to either the EAC/Exhibitor depending upon the billing arrangement set up with GES. (Based upon EAC not number of booths)
9. The show aisles and public spaces are not part of the Exhibitor's booth. Therefore, EAC is required to confine all activities to the exhibit space of the Exhibitor who has given a valid order for services. Exhibitors may be charged for costs related to movement of its property if the EAC does not contain its operations within the confines of the booth. No service desks, storage areas or other work facilities will be located anywhere in the building. The show aisles and public space are not part of the Exhibitor's booth space and must be kept clear at all times.
10. During show hours only EACs with exhibit badges will be permitted on the exhibit floor. Rules and Regulations (continued)

12. EAC agrees to indemnify, defend and hold the Show Management, the Facility and Global Experice Specialists, Inc. (GES) harmless from and against any and all claims, lawsuits, demands, liability, costs and expenses, including reasonable attorney's fees and court costs, arising out of EAC's operations, including supervision of GES provided labour. EAC also agrees to reimburse GES for all attorney's fees and costs incurred in connection with any and all claims, lawsuits and counterclaims that should arise out of EAC's failure to adhere to the terms of this agreement.
13. Solicitation of business on the show floor is strictly prohibited. If EAC attempts to provide services designated to another party as "exclusive" or is discovered soliciting on the show floor including the distribution of official company literature, or otherwise does not comply with the rules, the company may be removed from the show floor, and the Exhibitor will not be able to use that company for the remainder of the event.
14. EAC/Exhibitor may not move freight from one booth to another booth, or to meeting rooms. GES must provide labour.
15. EAC must coordinate all of its activities with Global Experience Specialists, Inc. (GES)
16. The Exhibitor or its EAC should order services required from GES and the Exhibit Hall in advance. Ordering labour or services onsite (which contractors may not be prepared to provide immediately) may delay the set-up of your booth or force your set-up into overtime.
17. The Exhibitor or its EAC should take steps to protect the Exhibitor and the EAC's product in the booth by arranging for booth security and/or cages. GES is not responsible for items left unattended on the show floor.
18. EAC agrees GES is not responsible for any items stored in empty containers. Do not store empty cartons inside of empty crates. Cartons are returned from storage before crates so Exhibitors may begin packing their product.
19. EAC/Exhibitor agrees to keep "No Freight Aisles" clear at all times. If GES is required to rearrange any material situated in a clearly identified "No Freight Aisle", the Exhibitor or the EAC depending upon billing arrangements with GES will be charged a one hour minimum for forklift rental and labour.
20. EAC/Exhibitor agrees that all outbound freight bills should be turned into the service desk on a timely basis. Holding freight bills until late in the day or returning in large amounts of freight bills to the GES Servicer at one time may delay outbound truck scheduling and subsequently force your loading out into overtime.
21. During tear down, pull all manageable structures back from aisle carpet lines. Electronics, mannequins, etc. should be placed in the center of the booth.
22. Be aware of vehicle traffic inside and outside to the facility. All attendees should be aware of their surroundings and all individuals are solely responsible for their own safety in parking lots, driveways, access roads and non-exhibit hall areas.
23. Label empty cartons and crates for storage as soon as they are ready. Holding back on "empties" only adds congestion to the aisles.
24. For services such as electrical, plumbing, telephone, cleaning and drayage, no service provider but GES will be approved. This regulation is necessary due to licensing, insurance and work done on equipment and facilities owned by parties other than the Exhibitor. Exhibitors shall provide only the material and equipment they own and those materials are to be used only in their exhibit space.
25. Smoking is prohibited.
26. A faxed or emailed signature will serve as an original signature and will stand as a fully executed agreement once emailed or faxed to and received by GES.

Material Handling Information

Material Handling is the unloading of your exhibit materials, delivery to your booth, handling of empty containers to and from storage, and removal of your materials from your booth for reloading onto your outbound carrier. This is not to be confused with the cost to transport your exhibit material to and from the event.

Benefits of Advance Shipping to the GES Warehouse

- Storage of materials for up to 20 days prior to your show.
- Delivery of shipments to your booth on your first day of move-in (schedule permitting).
- Some convention centres and hotels do not have facilities for receiving or storing freight.
- Saves valuable set-up time.

How to ship in Advance to the GES Warehouse

- Remove all old shipping and empty storage labels.
- Fill out and attach enclosed Advance Shipping Labels.
- Complete the enclosed Advance Material Handling order form.
- All shipments must have a bill of lading or delivery slip showing the number of pieces, weight, and type of merchandise.
- Take the time to ensure that your display and products are packed neatly and securely.
- Do not ship uncrated materials to the warehouse.
- Please note that when utilizing a ground carrier other than the official supplier, U.S. shipments will require customs clearance before delivery to the advance warehouse. Clearance delays may occur.

How to Ship to Exhibit Site

- Consign all shipments c/o GES Canada Ltd.
- Remove all old shipping and empty storage labels.
- Fill out and attach enclosed Direct Shipping labels.
- All shipments must have a bill of lading or delivery slip showing the number of pieces, weight, and type of merchandise.
- Take the time to ensure that your display and products are packed neatly and securely.
- If you are shipping your carpet and/or lighting trusses, make sure it is loaded last so it can be unloaded first.

Freight Carriers

Select a carrier with experience in handling exhibition materials. Make sure to give your carrier explicit information as to where and when to check-in. Delivery and pick up times are often out of the range of "normal" delivery hours. Make sure your carrier is committed to meeting your target dates and times. While making shipping plans to the show, also plan for the return shipment.

Tracking Shipments

Confirm your delivery date and time with your carrier, and have all pertinent shipping information in the hands of your representative at showsite. You may also want to review the return of your goods at the end of the show.

Estimating Material Handling Charges

Handling charges are based on the weight of the freight. Shipments are billed by the hundredweight and rounded up to the nearest hundred. A minimum per shipment may apply. See enclosed Material Handling Order Form for details. Please prepay all shipping charges. GES Canada Ltd. cannot accept or be responsible for collect shipments. Crated and uncrated shipments must be separated and clearly identified on your bill of lading.

- **Crated** - Material that is skidded or is any type of shipping container that can be unloaded at the dock with no additional handling required.
- **Uncrated** - Material that is shipped loose or pad-wrapped and/or unskidded machinery without proper lifting bars or hooks.
- **Special Handling** - Defined as shipments that are loaded by cubic space and/or packed in such a manner as to require special handling, such as ground loading, side door loading, constricted space loading, and designated piece loading or stacked shipments. Also included are mixed shipments and shipments without proper delivery receipts.

• **Overtime Surcharges** - Shows that move-in or move-out on weekends or late in the day may be subject to overtime surcharges. See enclosed Material Handling Order Form for details.

• **Late Surcharges** - A surcharge may apply if advance freight is received after the published deadline date for shipments to arrive at the warehouse. See enclosed Material Handling Order Form for details.

Storing Empty Containers

Properly labeled empty shipping cartons will be picked up, stored and returned after the show. Labels are available at the **GES Service centre** or from your GES service representative and are for empty storage only. Depending on the size of the show, it can take from one (1) to four (4) hours to return empty crates. Do not store any items in crates marked empty.

Forced Freight

Shipments left on-site after dismantle hours will be transferred to a storage warehouse. Charges relating to such shipping and handling will be charged to the exhibitor.

Outgoing Shipments

An OMHF (Outbound Material Handling Form / Bill of Lading) must accompany all outgoing shipments. Shipping information, outbound forms and labels will be available at the **GES Service centre**. Exhibitors selecting non-official carriers will need to make their own arrangements for pickup. Make sure that someone from your company will be on-site to oversee the outbound shipment of your display and product.

Machinery, Labour and Equipment

Labour and equipment for uncrating, unskidding, positioning, leveling, dismantling, re-crating, and reskidding machinery and/or equipment must be ordered separately. Place your order for this using the In-Booth Forklift and Labour Order Form. If your material requires specialized rigging equipment, please notify us promptly so that we can make arrangements. When possible, supply your own rigging equipment with shipments and pre-rig your material.

Insurance

All of your goods should be insured by your own insurance policy. Although we do our best to handle your goods as our own, there are many variables in shipping and handling that can affect your exhibit and products. GES Canada Ltd. has published GES Terms & Conditions of Contract that are in your exhibitor service manual. Please read them carefully.

GES Limits of Liability

• **Liability** - GES Canada Ltd. is liable for loss or damage to your goods ONLY if the loss or damage was caused by GES Canada Ltd. negligence.

• **Measure of Damage** - If GES was negligent and the negligence caused either loss or damage to your goods, then the measure of that damage will be determined by the following:

a. Measure of damages in all situations (including b. below) will be limited by the Depreciated Value of the goods or repair costs, whichever is less.

b. The lesser of \$0.30 per pound per piece, \$50 per piece, or \$1000 per occurrence.

GES Canada Ltd. does not offer or sell insurance. GES Canada Ltd. is not liable and will not owe for loss or damage to your goods if the damage was not caused by GES Canada Ltd.

It is understood and agreed that EXHIBITOR is renting PROJECTION PRESENTATION TECHNOLOGY equipment for a specified period of time and is responsible for its safe return. EXHIBITOR hereby agrees to use all rental equipment with reasonable care to prevent excessive wear and tear and/or damage to said property. All rental equipment must be returned to PROJECTION PRESENTATION TECHNOLOGY in the same condition as it was in at the time of delivery to EXHIBITOR, reasonable wear and tear excluded. EXHIBITOR will immediately notify PROJECTION PRESENTATION TECHNOLOGY of any damage to the rental equipment, and EXHIBITOR hereby agrees to be billed for any damage to, or loss of, rental equipment damaged while in EXHIBITOR'S care, custody and/or control. In no event shall EXHIBITOR permit any equipment to be used and/or possessed by other exhibiting parties other than the named EXHIBITOR without prior consent of PROJECTION PRESENTATION TECHNOLOGY in each instance.

Cancellation

Cancellation of equipment rental and services must be received **72 hours prior** to delivery date to avoid a 33% charge on equipment. If equipment and services have already been set up and delivered at the time of cancellation, labor and equipment will be charged in full.

PLEASE NOTE: ALL PAYMENT, INCLUDING APPLICABLE TAX, IS DUE AT THE TIME SERVICES ARE ORDERED. PURCHASE ORDERS ARE NOT CONSIDERED PAYMENT.

Payment Terms

Full payment, including any applicable tax, is due at the time services are ordered. All payments must be in U.S. dollars. All materials and equipment are on a rental basis for the duration of the event and remain the property of PROJECTION PRESENTATION TECHNOLOGY except where specifically identified as a sale. It is the EXHIBITOR'S responsibility to advise our Exhibit Service Personnel of any problem with any order, and to check invoices for accuracy prior to the close of the exhibit. If you are exempt from payment of sales tax, PROJECTION PRESENTATION TECHNOLOGY requires you to forward an exemption certificate for the state in which the services are to be used. Resale certificate are not valid unless EXHIBITOR is rebilling these charges to its customers. For International exhibitors, PROJECTION PRESENTATION TECHNOLOGY requires 100% prepayment of advance orders, and any orders or services placed at show site must be paid at the show.

These payment terms and conditions shall be governed by and construed in accordance with the LAWS OF THE STATE OF VA. In the event of any dispute between the EXHIBITOR and PROJECTION PRESENTATION TECHNOLOGY relative to any loss, damage, or claim, such EXHIBITOR shall not be entitled to and shall not withhold payment, or any partial payment, due to PROJECTION PRESENTATION TECHNOLOGY for its services, as an offset against the amount of any alleged loss or damage. Any claims against PROJECTION PRESENTATION TECHNOLOGY shall be considered a separate transaction, and shall be resolved on its own merits. PROJECTION PRESENTATION TECHNOLOGY reserves the right to charge EXHIBITOR for the difference between the EXHIBITOR'S estimate of charges and the actual charges incurred by EXHIBITOR, or for any charges that PROJECTION PRESENTATION TECHNOLOGY may be obligated to pay on behalf of EXHIBITOR, including without limitation, any shipping charges.

BOOTH CONSTRUCTION | DISPLAY RULES AND REGULATIONS

STANDARD INLINE BOOTH

Inline booths have only one side exposed to an aisle and are generally arranged in a series along a straight line. Individual booths may be combined to form a larger inline booth space.

Dimensions

For purposes of consistency and ease of layout, all inline booths are 10' (3.05m) across the front and 10' (3.05m) deep.

Use of Space

Regardless of the number of inline booths utilized, e.g. 10' by 20' (3.05m by 6.10m), 10' by 30' (3.05m by 9.14m), 10' by 40' (3.05m by 12.19m) etc., display materials should be arranged in such a manner as not to obstruct sight lines of neighboring Exhibitors. The maximum height of 8' (2.44m) is allowed in the rear of the booth space, with a 4' (1.22m) height restriction imposed on all materials within 5' (1.52m) of an aisle. When two (2) or more inline booths are used in combination as a single exhibit space, the 4' (1.22m) height limitation is applied only to that portion of exhibit space which is within 10' (3.05m) of an adjoining booth.

CORNER BOOTH

A corner booth is an inline booth exposed to aisles on two (2) sides. All other guidelines for inline booths apply.

PERIMETER BOOTH

A perimeter booth is an inline booth that backs up to an outside wall of the exhibit facility rather than to another exhibit. All guidelines for inline booths apply to perimeter booths with the exception that the maximum back wall height is 12' (3.66m).

PENINSULA BOOTH

A peninsula booth is exposed to aisles on three (3) sides and composed of a minimum of four (4) booths. When combining booths to create a peninsula booth, any service aisle space becomes part of the usable booth space. Backwalls must be finished and cannot contain copy. There are two (2) primary types of peninsula booths: one which backs up to inline booths and one which backs up to another peninsula booth and is referred to as a split island booth.

Dimensions

A peninsula booth is usually 20' wide (6.10m). When a peninsula booth backs up to two (2) inline booths, the backwall is restricted to 4' (1.22m) in height within 5' (1.52m) of the aisle and 10' (3.05m) of the adjoining booths. 20' (6.0m) is the maximum height allowance for the center portion of the backwall, exhibit fixtures, components and identification signs.

SPLIT ISLAND BOOTH

A split island booth is a peninsula booth that shares a common backwall with another peninsula booth. The entire cubic content of this booth may be used up to the maximum content of 20' (6.0m), including signage. Backwalls must be finished and can not contain copy.

ISLAND BOOTH

An island booth is any size booth exposed to aisles on all four (4) sides. The entire cubic content of this booth may be used up the maximum content of 20' (6.0m), including signage.

Exhibitors may delete booths from the floor plan to form an island only, and only, if the total number of booths on both sides of the aisle totals 400 square feet or more (see diagram below).

IMPORTANT BOOTH CONSTRUCTION DISPLAY CONSIDERATIONS

CANOPIES & CEILINGS

Canopies, including ceilings, umbrellas and canopy frames, can be either decorative or functional (such as to shade computer monitors from ambient light or for hanging products). Canopies for inline or perimeter booths should comply with line of sight requirements and may not protrude into the aisle.

The base of the canopy should not be lower than 7' (2.13m) from the floor within 5' (1.52m) of any aisle. Canopy supports should be no wider than 3" (7.62cm). This applies to any booth configuration that has a sightline restriction, such as an inline booth. Fire and safety regulations for the convention center may apply to canopies and ceilings and will be included in the Exhibitor Services Manual made available to Exhibitors 90 days prior to show opening. The convention center has reserved the right to update, change or amend its rules and regulations after publication in the Exhibitor Services Manual.

HANGING SIGNS & GRAPHICS

Hanging signs and graphics are permitted in all peninsula, modified peninsula, split island and island booths to a maximum height of 20' (6.10m) to the top of the sign. Whether suspended from above or supported from below, they should comply with all use-of-space requirements. If within 5' (1.53m) of an adjacent booth, and if the placement complies with the use-of-space requirements, the side facing the adjacent booth should be finished and not contain any copy.

MULTI-STORY EXHIBITS

A multi-story exhibit is permitted in all peninsula, modified peninsula, split island and island booths to a maximum height of 20' (6.10m). Multi-story exhibits require approval and building permits from the convention center and the fire marshal. Exhibitors should obtain permits early on to ensure that all time constraints are met. Additional information will be included in the Exhibitor Services Manual made available to Exhibitors 90 days prior to show opening.

ISSUES COMMON TO ALL BOOTH TYPES

STRUCTURAL INTEGRITY

All exhibit displays should be designed and erected in a manner that will withstand normal contact or vibration caused by neighboring Exhibitors, hall labors or installation/dismantling equipment such as fork lifts. Displays should be able to withstand moderate wind effects that may occur in the Exhibit Hall when freight doors are open. Exhibitor should ensure that any display fixtures such as tables, racks or shelves are designed and installed properly to support the product or marketing materials to be displayed upon them.

FLAMMABLE AND TOXIC MATERIALS

All materials used in display construction and decorating should be made of fire retardant materials and be certified as flame retardant. Exhibitors should dispose of any waste products they generate during the exhibition in accordance with guidelines established by the Environmental Protection Agency (EPA) and the facility.

STORAGE

Fire regulations prohibit storing product, literature, empty packing containers or packing materials behind drapes. In most cases, however, Exhibitors may store a limited supply of literature or product appropriately within the booth area, as long as these items do not impede access to utility services, create a problem or look unsightly.
