

Dear 2025 Exhibitor,

Thank you for your participation at the NCS 23rd Annual Meeting. The conference will be held September 18 – 21, 2025 at the Palais des congrès de Montréal in Montreal, Quebec.

Global Experience Specialists (GES) is the official General Services Contractor for the NCS 23rd Annual Meeting. Please take a moment to familiarize yourself with this Exhibitor Service Kit. The service kit contains general information about the exhibition, rules and regulations and order forms for exposition-related goods and services.

We have found it most efficient if access to the service kit is given to the person who is directly responsible for your company's participation at the NCS 23rd Annual Meeting. It is important that the order forms in this service kit be completed and returned prior to the deadline dates noted on the forms to ensure cost savings and a smooth move-in experience.

For detailed information on the program, speakers, special events and fundraisers, visit the [NCS Annual Meeting website](#). If you have any questions regarding the information in this service kit, please feel free to contact [NCS Show Management](#).

We look forward to seeing you in Montreal!

Sincerely,

Makenzi Claassen
