- 1 The left lane on Saint-Antoine Street in front of the Palais des Congrès will be reserved for the event, marked by a serie of orange cones.
- 2 Please check in with the on-site controller, who will grant you access to this lane based on your scheduled dismantling time slot while you wait for a loading dock to become available.
- 3 To ensure priority access for carriers during busy periods, those arriving too early must circle the block to avoid blocking traffic until their assigned move-out time, at which point they can enter the reserved lane.
