

2025 WRLA BUYING SHOW

EMPTY RETURN & MOVE OUT REMINDER

Safety and Security is our top priority. Watch for forklifts and moving vehicles.
Do not leave valuable items unattended in your booth.

Aisle carpet removal will begin promptly at the close of the show and will take approximately an hour to complete. Please keep the aisles clear of debris to expedite this process and prevent trip hazards. Please pull those parts of your displays you can easily handle and are closest to the aisles further into your booth space to help protect them.

ALL SHIPMENTS MUST BE PICKED UP BY 3:00 PM ON SATURDAY, JANUARY 25, 2025.

If any product or booth material is left behind it must be clearly identified as garbage or to be picked up. Additional charges will apply if product is not picked up by 3:00 pm on Saturday, January 25, 2025.

Move out Schedule

Friday, January 24, 2025 from 2:30 pm to 11:00 pm
Saturday, January 25, 2025 from 9:00 am to 3:00 pm

Crate return will commence immediately after the Aisle carpet has been removed.
All crates will be returned by 7:00 pm.

DOCK ACCESS FOR MOVE OUT

Once you are fully dismantled, please report to the service desk and we will add you to the queue for dock access. Dock access is on a first come first served basis.

Shipping is not an automatic process. If you plan to use a carrier other than the show provider (GES/ConsultExpo), then **you** are responsible for making arrangements with that carrier.

In the event that your designated carrier refuses to accept shipments or fails to pick-up by the **3:00 PM on Saturday January 5, 2025**, your freight will be considered **stranded freight** and you will be subject to additional fees. No liability will be assumed by GES as a result of such re-routing. A Bill of Lading must be turned in to the GES Freight desk for **all** shipments, regardless of carrier.

Should you require assistance with your outbound shipping, please come to the service desk and GES/Consult/Expo would be happy to assist.
