

If you are witnessing a potentially dangerous situation such as:

Beginning stages of a small fire (i.e. garbage can fire)

Use a fire extinguisher (if possible) to fight the fire only if it is safe to do so, and you are trained and confident in using a fire extinguisher.

Fire or smoke

Leave the area immediately, pull manual pull station (located at all exits),
Call 911 & alert Security (**416-688-6469**) from a safe location.

Emergency procedures/evacuation plan for the Toronto Congress Centre in the event of a fire alarm condition:

- The TCC Fire Alarm system is a **single stage** pulse tone. All persons must **evacuate** the building **immediately** when the alarm is sounded.
- After hours, the evacuation will be led by TCC Security, in conjunction with contracted Security staff for the respective show.
- During office hours TCC has appointed Fire Wardens who will conduct sweeps of the respective areas and aid in the evacuation process.
- Fire drills, audibility tests and evacuation drills are conducted regularly by TCC Security.
- In the event of an emergency where 911 is called, the onsite contracted event security will notify TCC security. A security representative from TCC will wait outside for ambulance, police and fire to respond and direct them to the location of the emergency.
- A contracted on site event security representative will remain at the scene of the emergency, to ensure that order is maintained.
- TCC is located across the street from the local fire department; their response is very prompt and they are staffed by trained paramedics.

In the event of an emergency evacuation the evacuation holding area locations are as follows:

- Normal evacuation points are:
- North Building: West Parking Lot.
- South Building: The **East Parking Lot** across from (south of) the Main (I) Entrance and north of the International Plaza Hotel.

Location of the nearest hospital to Toronto Congress Centre is:
